Organized 1877

San Francisco, California

April 1980

## VOLUNTEERS WORKING

### CLUB BOATS NEED HELP

Saturday mornings at 7:30, while most of us are asleep, and Monday evenings beginning at six, a dozen-plus volunteers have been working to restore two of the Club's wooden lapstrake rowboats, so they may continue to be serviceable for rowing and piloting. Many of the Club's boats are in a borderline condition, and will need enthusiastic and continued work from the Club's members.

Our boats are used for pleasure rowing, and piloting of open water swims. They must be rowed in order to be in good condition, and they must be maintained in good condition so they can be rowed. There are too few rowers to even begin to maintain all the Club's boats; the next obvious and much larger group to share responsibility for the boats must be those swimmers who participate in open water swims. Without the boats, these swims would not be possible.

Both skilled and unskilled labor is required. Stripping, scraping, sanding, oiling, varnishing and miscellaneous schlepping can be done by anyone. But there is also a need for skilled woodworkers to get involved with the boats, who would smack their chops at the idea of learning about tangles, apple knees, pintles and gudgeons.

It is estimated that 500 to 1000 hours of volunteer labor

will be put into the hundreds of little tasks involved in restoring the Cronin and Hughes. Each boat needs to be  
-- Continued on Page 3

"The Rower" by Gordon Cook

### URGE PROTECTION OF BAY WATERS

The Peripheral Canal bill presently before the State Assembly, SB 200, directly affects the future of water quality in San Francisco Bay. The bill has been passed by the Senate.

Stopping the canal project seems unlikely, but it would be greatly to our benefit to urge the governor and our assemblymen through letters, before this comes to a vote, to

--Continued on Page 5

### NEW RULES FOR GG, ALCATRAZ SWIMMERS

The Swimming Commission announces new rules to cope with some old and new problems arising during the swim season.

Increased participation in the Golden Gate and Alcatraz swims has caused the commission to impose special requirements for these swims. In order to swim in either of these events in 1980 and the future, a swimmer must qualify as follows:

- .Must be a member at least three months prior
- .Must participate in three open water (outside of the cove) swims of the season, prior to these two events
- .Out of town members must have swum at least two Golden Gate or Alcatraz swims in the past three years
- .No one may swim both days scheduled for the Golden Gate swim.

The \$20 swim fee, for those who plan to enter any swimming events during the year, is due at the start of the swimming season. Anyone who has not paid by June 1 must pay an additional \$7.50 late fee.

No swimmer will be allowed to participate in any swim without a regulation orange cap. Caps may be purchased at the club from Joe Bruno. (Joe also sells other club apparel.)

## SWIMMERS' DINNER & OLD TIMERS' NIGHT

## DOLPHINS ENJOY NIGHTS OUT

Lasagna and cheesecake were enjoyed by 74 Dolphins and their guests who attended the Swimmers' Dinner January 19. Frank Drum presented plaques to participants in last summer's 100-Mile (and considerably less) Swim, and trophies for the Alcatraz swim. Several special awards were also given: Youngest G.G.....Suzanne Heim Oldest G.G.....Lou Gallic Polywog.....John Selmer Most Inspirational.....

.....Roger Allebone First City Employee.....

.....Mickey Lavelle Most Improved.....Ginny Lutz Jack Lalane Perpetual.....

.....Mike Garibaldi Doc Howard.....Phil Gay

The Swim Commissioners wish to thank all those who helped clean and set up the boathouse and the crew who served dinner

-- John Moyes, Jackie Goodwin, Cathy Holton, Vince Huang, Robin Phalen, Joni Beemsterboer, Ginny Lutz and George Kebbe.

Frank Mennucci helped organize the dinner and did a fine job tending bar. Dan Murphy and Hector Stephens tended the gate.

Then on February 9, the Old Timers' Night crab feed provided the 150 who attended with enough crab to satisfy the most serious crab gluttons. Jerry Kafka, Pete Sturiale and Herman Zahler prepared the feast. Frank Drum set up the boathouse; Mickey Griffin, Stan Hlynsky, Forrest Fulton and several others deserve thanks for hauling bushels of crab from the kitchen to the tables. Jim McDonagh and Willie Durkin tended bar.

## THE LOCKER ROOM.....THE LOCKER

### DOLPHIN HISTORY

Brian Gilpin is writing his Master's Thesis on the history of the Dolphin Club. Any information (old Dolphin Logs, pictures, correspondence, etc.) especially covering the early years of the club would be most valuable to him. In particular he needs to fill in missing Club Minutes from 1911 to 1946, and incomplete Cash Books from 1944 to 1967. Anyone with clues to the whereabouts of these documents or other significant information should call him at 648-6279, or leave a message at the Club.

### NEW BOATS ARRIVE

Three new Whitehall lapstrake singles built by the Dog-hole Boat Company in Gualala are now in the boathouse ready to be outfitted with seats and oarlocks. The boats are made of Port Orford Cedar on oak frames. Help will be needed to sand and finish them.

### ATTENTION: DOLPHIN WOMEN

Jeannette Klingel wants to develop a women's crew at Lake Merced. She will be a-

vailable at the Lake every week night 4:30 to 6:00. Call her if you want to learn how to row. 587-2206.

### TEAR GAS CLASS

Two Dolphins who are S.F. police officers, Mickey Griffin and Al Casciato, are conducting classes in mace-type tear gas use Wednesday nights. \$35 for 2½-hour course, tear gas cannister and 7-year permit. For more info call 861-5060.

### HAPPY 100th ANNIVERSARY

Viktor Ramell, who visited the Dolphin Club in January with his daughter Gunilla, has returned to Sweden to celebrate the 100th anniversary (February 22) of the Goteborgs Reddklubb (Goteberg rowing club), of which he is a 60-year member. He brought us greetings from his club chairman Arne Lorentzen. Bill Walden escorted Ramell sightseeing in the Bay Area, however Ramell said visiting the Dolphin Club and seeing its rough water boats was the highlight of his trip.

## PLANNING COMMITTEE APPOINTED

# WORK BEGINS NEXT DOOR

Work has begun on the new annex of the Dolphin Club, formerly the Ariel Club. Pat Kelly was appointed by the Board as caretaker of the new space. Pat and several others -- among them Pat Clancy, George DeGear, Frank Drum, Lou Marcelli, and Moon Passanisi -- have been clearing the rubble and putting things in order to work on. Their effort is greatly appreciated.

Bids have been submitted for roofing and wiring, and are being prepared for sprinklering and plumbing. Meanwhile the additional space has given volunteer work crews the room for long overdue refinishing of several Club boats.

A committee of board and non-board members -- Cindy Ehrlich, Tom Gould, Dan Murphy, Zach Stewart and Herman Zahler -- has been appointed and is

conducting meetings to set priorities for work on the newly acquired space, to consider how the space should be used, and to investigate financing the necessary repairs. Meetings of this committee will be announced on the Club bulletin board (and in the Log, when possible). All Club members are encouraged to attend to share their suggestions.

A great deal of volunteer effort on the part of Club members will be necessary in coming months to get these new rooms in shape, but the benefits of accommodations for the Dolphin Club's membership and room to expand its activities will be worth it.

Presently members without lockers are welcome to temporarily claim a locker in the annex, although there is no

sauna and no hot water. Don't become too attached -- lockers will later be reassigned.

\* \* \*

The next meeting of the annex committee will be at 6:30 p.m. Wednesday, May 21, in the Staib Room, prior to the regular board meeting.

## BOAT RESTORATION

--Continued from Page 1  
restored roughly every five years. This means that, on a rotating basis, more than two boats must be restored each year, and that would be the case after all the boats are in a reasonable condition. Many are now in bad shape.

Several members have "adopted" boats in order to maintain the continuity of the work on them, and see that they are kept in good condition. Dino Landucci cares for the Landucci, Peter Brand the Viking, Gordon Cook the Good Luck, Mickey Griffin the Wieland, Scott Stewart the Farrell, and Bill Walden the Doc Howard. Help is needed on these boats, and in addition, several boats have not yet been adopted; the Baggiani, the Foster, the three new singles, the Cronin and the Hughes.

The Farrell was partially restored last fall and will be completed in about a year. The three new arrivals need sanding, varnishing, and fitting with seats and oarlocks. Dino Landucci has done an excellent job restoring the Landucci. A large group has been at work on the Wieland, which is nearly completed. Members Peter Brand, Bob Capurro, Jim Hill, Joe Johnston, Hans Kramer, Geoff Potter, Scott Stewart and Fran Sutherland have been working on the Cronin and Hughes, under the direction of Herman Zahler. Working right alongside them have been non-members Roger and Carol Berry, Nancy Daley, Phoebe Douglas, Jim Growden, Siri Mukta Singh, Shelby Kennedy and Nancy Sullivan, whose interest is simply that they love the boats.

If helping restore and maintain the boats (or learning to row) is suddenly of interest to you, contact one of the adopters of specific boats, or Boat Captain Herman Zahler.

# ROOM..... THE LOCKER ROOM.....

## IRON MAN SCOTT

Dave Scott of the Dolphin Club took first place in the Iron Man Triathlon, renamed the Nautilus Triathlon, in Oahu January 12. Scott completed the event -- beginning with a 2.4 mile rough water swim, then a 112-mile round-Oahu bike ride, followed by a 26.2 mile Honolulu marathon -- in nine hours 24 minutes 33 seconds. He complained that the swim wasn't long enough. Joe Maher, also from the Club, achieved his goal of finishing the event.

## HOLTON TRIUMPHS

Cathy Holton took two first places in the January 18 competitions at San Francisco State, and broke the school record for the 100 yard breast stroke -- 1:15:4.

## DOC HOWARD TROPHY

Lois Howard contributed the Doc Howard Perpetual Trophy to the Club in honor of her late husband. The trophy will be inscribed each year with

the name of the first place winner in the Doc Howard Swim.

## HELP NEEDED AT REC CENTER

More Dolphins are needed to volunteer at the Recreation Center for the Handicapped, to help with the recreational swimming program. Contact Frank Drum at the Dolphin Club.

## SUMMER ISLAND

Sara Morris is looking for others to share a house on Heron Island, Maine, this summer. Rowing and swimming available. 922-8620.

## CORRECTIONS

George Tracy completed the Thanksgiving Day Cove Swim. His name was not included in the published swim results.

Once and for all, Mike Garibaldi's record times for swims last summer were:

Alcatraz Round Trip  
August 1, 1979..... 1:12:0  
Angel Island  
August 16, 1979..... 1:15:3

#### ROGER ALLEBONE

In early April Roger Allebone returned to Australia. Karen Jacobs contributes the following reminiscences:

**A**t a literary cocktail party in 1978, I found a handsome reddish-blond man leaning against the wall. He explained that he had a bad back. I suggested he take up swimming. He responded, "I love to swim, but I don't like little pools. Back home I used to swim and race in Sydney Harbor."

I replied, "Well, why don't you do open water swimming here?"

He threw up his hands to ask, "Where?" I pointed out the window.

Before long I would regularly bring him to the club as my guest. When I introduced him as a former champion swimmer, old timers would gather at the window to watch and ask, "Is he faster than Garibaldi?"

Soon he became a regular Dolphin, enjoyed swimming in the salty water and the other Dolphins. Many of us enjoyed him, and now do miss him.

## LAKE ROWING: BORN AGAIN

By Steve Wolf

**T**he Dolphin rowing program at Lake Merced is currently at its most active stage in recent years, with over 50 members participating. The Club has several new shells and oars both for training and racing, and a schedule of activities which will develop and perpetuate rowing in San Francisco.

The program is designed for both men and women. A women's crew has recently been developed at the lake which will compete in several events this year.

The lake rowers have represented the Dolphin Club in the Western sprints, the Marin rowing regatta, U.C. Berkeley's head of the estuary, Lake Meritt regatta, the club-sponsored Dolphin Sprints and several open class races such as the Richardson Bay race and Coyote Point race.

Two annual events both in

their third year have been organized by the Dolphin rowers -- an overnight row around Lake Tahoe, and the Dolphin Sprints at Lake Merced.

Recently a boat trailer has been added to the equipment at the lake, which will enable Dolphins to participate in more competitions throughout the state.

The Club has also assisted several local groups in developing rowing crews, by providing both facilities and coaching.

#### LOG DEADLINES

**D**eadlines for 1980 Dolphin Log are as follows:

<u>Issue</u>	<u>Pub-Date</u>	<u>Deadline</u>
Summer..	July 1.....	June 7
Fall....	Mid-Sept....	Aug. 25
Winter..	Mid-Nov.....	Oct. 25

#### PERIPHERAL CANAL

--Continued from Page 1  
include in SB 200 requirements which deal with water quality, including:

- .Broad protection of the Bay and its estuaries
- .Constitutionally established standards of water quality
- .A statewide water conservation plan.

Out-of-town members living in California are especially urged to write their assembly representatives since San Francisco members will concentrate on so few assembly votes. It would be diplomatic in writing to approach this from an attitude of concern for the state's water resources as a whole, not as indignant Northerners.

## NEW SEMINARS SCHEDULED

**T**he pilot seminar series on Dolphin-related subjects, which began in January, has been so successful that several new seminars are being scheduled. Remaining topics of the original program are "History and Future Governance of the Dolphin Club" May 13, and "Fishing in San Francisco Bay" June 10. Special bulletins with more details will appear on the club bulletin board a few days before the event.

The series will continue to meet the second Tuesday of each month at 8 p.m. in the Staib Room. New topics under consideration are: the Peripheral Canal; Natural History and Geology of San Francisco Bay; the Future of Aquatic Park -- GGNRA and Others' Plans; History of San Francisco Waterfront; and Longshoremen in San Francisco.

January 8 Ed Lickiss of the Oakland Strokes in the East Bay spoke on Rowing Clubs in Europe and America. Steve Haller,

a member and GGNRA employee, presented a history of Aquatic Park on February 12. The big favorite so far was the March 11 "Tides, Currents and Seiches of San Francisco Bay" presentation, when spectacular aerial slides of the Bay were shown. Captain Jack Geing of the Inland Pilots Association, Commander Geoff Potter of the Coast Guard, Doug Pirie of the Army Corps of Engineers, and Jim DeWitt of the Richmond Yacht Club, took part in the program. Brian Gilpin, member and graduate student in History at San Francisco State, and Helene Whitson, archivist at San Francisco State, discussed the "History and Historiography of the Dolphin Club" April 8.

Attendance has averaged from 20 to 30 people since the second seminar.

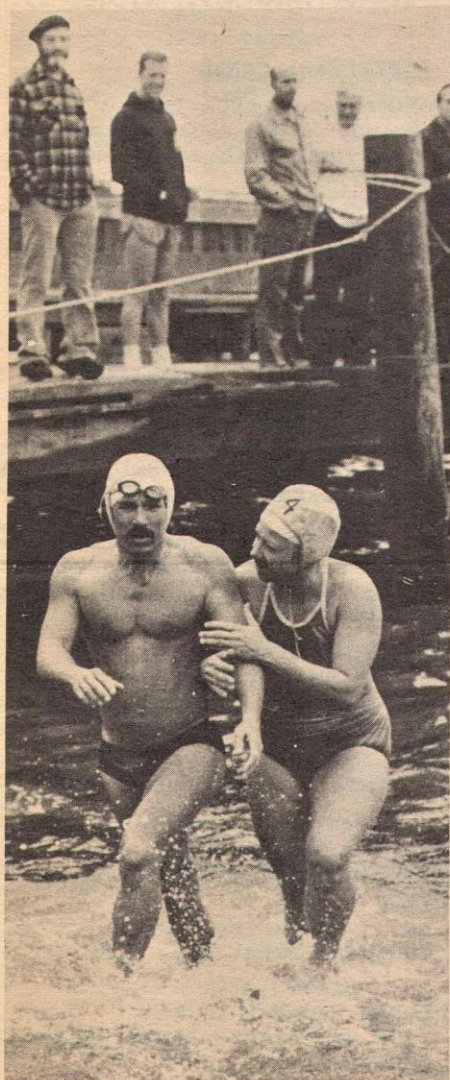

Members are encouraged to suggest topics for future discussions to Morgan Kulla, one of the series' organizers.

OFFICIAL BULLETIN OF THE DOLPHIN SWIMMING AND BOATING CLUB

Organized 1877

San Francisco, California

July 1980

## DESTINATION: DISCOVERY BAY

Bill Walden and Herman Zahler ride off into the sunrise.  
Photo courtesy of Curtis Corlew/Antioch Daily Ledger.

By Bill Walden

The world's longest rowing regatta took place over the Memorial Day weekend, May 24 to 26. The 80-mile course started at the Dolphin Club at 0600 Saturday morning. Stopovers were at Martinez, then at Bethel Island. The finish was a parade to Discovery Bay Monday morning, where Ken Hofmann, the sponsor, presided at a fabulous steak barbecue. Six boats entered and finished.

Rowing were Bill Walden, Jim Morino and Herman Zahler of the Dolphin Club, Dan O'Neill and Mel Trowbridge of the South End, Mark Hurley and

Brian Darcy of the S.F. Police Athletic Club, Lee Faraola, Dick Luxon and Harry Kelly of Santa Cruz, and Bill Booth of Sausalito.

Jackie and Xen Carver served a delicious chicken barbecue dinner and a hearty breakfast at Bethel Island. They are longtime friends of the Dolphin Club. Jack and Mickey Creech also hosted the rowers with great hospitality.

At Martinez, Phil Granados provided berthage and accommodations for the rowers. Marie and Mike served a sumptuous dinner at the Marina Grotto, with a lavish breakfast the following morning.

Everyone had a wonderful time. After some stormy weather in San Pablo Bay and rain and lightening between Carquinez and Martinez, the weather settled down to standard Delta weather the second day. Plans are to do it again next year.

## NEW SEMINARS

Eric Saul, curator of the Presidio Army Museum, will kick off the second half of this year's monthly Club seminars, speaking and showing slides on the topic of "The Army in San Francisco." The evening will cover the U.S. takeover of San Francisco in 1846, the Army and the Presidio, the Army and the 1906 earthquake and fire, Fort Mason, and much more.

The first six months closed with a discussion on "Fishing in San Francisco Bay." Speakers ranged from a biologist to Secretary of the Port Commission, and even "Wacky Jacky" Douglas herself.

Topics for the next six months will include the Peripheral Canal, a visit to the Bay Model (a huge model of S.F. Bay and its water flow), Embarcadero History. Second Tuesday of the month, 8 p.m.

## NEW RULES ON GUESTS

The Board of Governors voted to charge \$1.50 for all non-members who use Club facilities. This includes all guests and families of members. The \$1.50 fee is to be paid if a guest uses any Club facilities excluding toilets -- e.g., showers, changing rooms, sauna, athletic equipment. Babes in arms, Aunt Minnie and Uncle Ned who came three thousand miles to watch you swim, and other non-participating guests are not required to pay.

## LOG DEADLINES

Deadlines for 1980 Dolphin Log are as follow:

Issue	Pub-Date	Deadline
Fall....	Mid-Sept....	Aug. 25
Winter..	Mid-Nov.....	Oct. 25

## DOUBLES READY TO ROW

Three 18-foot double white-hall rowboats -- the Hughes, the Cronin, and the Farrell -- are now in operating condition and in need of rowing. Anyone wishing to row them should apply in writing to the Board, in care of Herman Zahler or Cindy Ehrlich.

These doubles require a three-person crew -- two to row and one to steer. However as long as one person is qualified by the Boat Captain to be responsible for the boat, two of the crew may be inexperienced.

While the three boats are operable, work on the Hughes and Farrell is not yet complete.

## REMINDER

Swimmers who intend to swim Alcatraz or Golden Gate must qualify:

- .Three out-of-Cove swims during current season prior to Alcatraz or GG
- .Three months prior membership
- .Out-of-town: Must have swum two GG or Alcatraz in last three years

## DINNER AT \$8

The Boat Captain's Ball brought out seventy members and guests for the first summer dinner party June 28. Chefs Pete Sturiale and newly slenderized Boat Captain/Host Herman Zahler served up roast beef, pasta, green salad and wine, after cocktails. Dancing followed, to the accordion music of Jackie LaRocca.

Dan Murphy, wearing a blue sweater to match his eyes, took tickets. Frank Mennucci and Rich Fossat, both sporting highstyle haircuts, tended bar. Mennucci later carved, while Joni Beemsterboer, Tom Hofmann and Cindy Ehrlich served. The already praiseworthy crew that is working to restore the Hughes and Cronin boats took time out to prepare the dining room in the afternoon.

## THE LOCKER ROOM

### WHAT DID YOU DO AFTER THAT?

Congratulations to John Selmer who picked up a First Place in the June 14 Yacht Harbor swim on his way to being married later that day.

### ARCHES DE TRIOMPHE

Chuck Stagliano ran the Paris Marathon May 18, which (he points out) was won by an Italian. The course began at the Arc de Triomphe and wound in a scenic path through the city, finishing at Place de la Concorde.

### ABALONE MEANS GOODBYE

Jennifer Linton treated all Dolphins on hand (about 30) to a dinner of 16 abalones she and her friends caught at Fort Bragg. The occasion, June 20, was her embarkation on a two-month bicycle tour of Europe.

### BREAK A LEG

Mike Cerre, who has worked as a reporter and commentator here in San Francisco, has gone to New York to cohost "PM Magazine," a primetime TV program being prepared by Metromedia, to premiere July 11 at 8 p.m.. Mike treated Dolphins to a catered party in the boathouse June 23 before he left.

### ROOM FOR ONE MORE

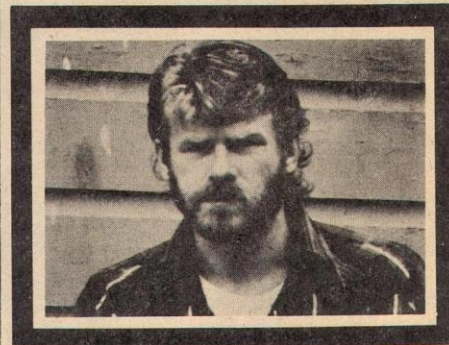

Charlie Rockwood, who comes out from Georgia each year to swim the Gate, is looking for a place he and his wife Mary could sublet for a month or so, from mid-September to mid-October. If you have or know of a place, contact Charlie at 324 Plantation Road, Jekyll Island, Ga. 31520. Telephone 912-635-2594.

### CONGRATULATIONS, TRACEE

Ray Talavera's granddaughter Tracee Talavera took first place in the Olympic gymnastic trials May 27. This makes her the top woman gymnast in the U.S.. In lieu of the Olympics, she and Jim Hartung of the men's team have appeared in competitive exhibitions in five cities. They took first

place in all five, and in overall score. She is home for a few weeks now, but will go to Washington D.C. July 25 with the Olympic team. Athletes who will not be able to participate in the Olympics will receive national recognition there on National Honors Day.

Karen Jacobs, another Dolphin, has written a book about Tracee, Story of a Young Gymnast, to be published by Bantam Books August 1. The book details one day in Tracee's training, including 46 pictures. "Tracee trains as much as Ray does," Karen says.

ROGER ALLEBONE  
1948 - 1980

Roger's friend Kathy Depaola sent the Dolphin Club the following sad message from Sidney, Australia: "Roger's struggle ended May 29th 2:30 a.m. He fought hard and died peacefully in a coma at his home while holding my hand. With fond regards, Kathy." While in the U.S., Roger worked as a permanent correspondent for a Sidney, Australia, radio station.

\* \* \*

A trust fund has been set up for Roger's daughter Zoe Allebone, age 7, whose company many Dolphins enjoyed when she visited here from Australia.

Trustees of the account are Ginny Lutz and Margot Van Riper. Checks should be made payable to Zoe Allebone. Checks can be mailed to either trustee in care of the Dolphin Club.

## MAUI FUNDRAISER

Following the Fort Point Swim August 23. All day event at the Dolphin Club. Barbequed ribs, live entertainment. Raffle kickoff: Paul Watt's clipper ship sculpture, first prize; numerous items and services as prizes -- carpentry, massage, hairstyling, etc.

## SWIM SHORTS

Safety is the first consideration on open water swims. The decision to break up the Yacht Harbor swim into groups according to speed was not dear to the swimmers, but was necessary so that enough pilots were always available to swimmers. Swims without sufficient pilots must be cancelled. It is suggested that

The Dolphin Log appears quarterly. This issue edited by Cynthia Ehrlich.

## SWIM SHORTS

(Continued from Page 3)

swimmers encourage pilots to appear for swims by plying them with brandy and helping them pull their boats out of the water. (Good brandy -- pilots like the best.) Swimmers should also consider piloting, timing, or otherwise helping out when they are not participating in a swim.

The Club's new Swim Bench -- an exercise machine that imitates the conditions of

swimming -- has been set up in the gym. See Vince Huang or Susanna Spencer-Horner to learn how to operate it.

Morgan Kulla set a new Club record for swimming from Treasure Island to the Club on July 5. Her time was one hour seven minutes eleven seconds, beating Beth Fisher's previous time. Dave Hinton piloted.

Mike Garibaldi swam from Sausalito to the Dolphin Club in one hour fifty-five

minutes Friday, June 13, beating Beth Fisher's Club record of two hours forty-four minutes. Dave Hinton piloted Garibaldi, who said conditions for the swim were ideal.

Jennifer Linton, Mike Plunkett and Karen Jacobs are some of the Dolphins who have been playing underwater hockey and recommend it to others. It is played free diving in a pool. Take your mask and fins and one dollar to Treasure Island and ask the sentry to direct you to the pool. Monday evenings, 8:00 to 10:00.

## AAU, TRANS BAY, MAUI

# SPECIAL SWIMS COMING UP

The Eighth Annual AAU Cove Swim will take place Saturday, July 19. Entry blanks are available at the Club and are due July 12. There is a \$3.50 entry fee. A barbeque lunch will be served after the swim for an additional \$3.50. Entrants paying the day of the swim will be charged \$4.50 for the swim.

## SAN LEANDRO TO OYSTER POINT

The first Trans Bay Relay swim from the San Leandro Marina to Oyster Point Marina has been approved by the South San Francisco Recreation and Park Department. The swim is set for Saturday, September 27, at 8 a.m.. Entrants must have been active in Club swimming for three months prior to this date.

The swim will be self-supporting. Each six-person team will pay a \$30 fee. Age groups are women 21 to 39, and 40 and over; men 25 to 39, and 40 and over. Further information is posted on the Clubhouse bulletin board.

## MAUI TEAM TRYOUTS

The Swim Commission announces that anyone wishing to represent the Dolphin Club in the 10-Mile Maui Channel Relay swim on Labor Day weekend must:

1. Be a member in good standing for at least three months prior to the date of the swim (August 30)
2. Compete in at least one Club swim prior to the Maui swim (1981 rules will require three swims)
3. Qualify by competing in a tryout swim of about two miles in the Cove on Friday, August 1, at 6:30 p.m. The six men and six women with the fastest times will be qualified.

For more information contact a Swim Commissioner.

In addition to a raffle, the teams will raise funds for this year's event by showing movies at the Club. Tentative dates for the movies are July 11, August 15, September 12 or 19, October 10 and November 14. Check the bulletin board for dates and titles.

San Francisco, California

September 1980

## COVE POLLUTED?

### WHAT THE SIGNS MEAN

Signs warning that the cove is polluted and should not be used are posted at Aquatic Park at the first rainfall and left for the winter's duration. The pollution is not continuous. When rain overloads the sewage system, raw sewage discharges into the Bay. Whether there is an overflow depends on the amount of rainfall in a given time, in conjunction with use of the sewage system. A heavy rainfall during a peak hour of sewage use, for example, would likely produce a discharge. Ken Sato of the S.F. Department of Health recommends not swimming for four days following rainfall, but by calling the Sewage Treatment Plant at 111 Bay -- 558-4231 -- you can find out whether sewage has actually been released. The main danger of raw sewage is infectious disease, primarily hepatitis. Old timers at the Club, though, can recall no one becoming ill in this way. Doc Howard used to recommend not swimming for a few days after the first heavy rain, since the overflow then is likely to be more potent.

The new city sewage system and treatment plant, not scheduled for completion until the late 80s, will limit such discharge to four times a year. Currently there are hundreds per year.

The most immediate threat to water quality in the Bay is the Peripheral Canal, recently approved by the state government.

## BOARD & CONSTITUTION TO BE DECIDED

### ELECTIONS IN NOVEMBER

Ballots for the election of the 1981 Board of Governors this November will also include the new Club constitution, to be voted on by the membership.

All members wishing to run for the Board must submit a petition to Dave Hinton before or during the November 19 Board meeting, and must be present at that meeting. Each petition must be signed by five members in good standing.

Anyone intending to be a candidate should also appear at 6:30 p.m. prior to the November 19 meeting to be photographed for the election issue of the Log, so voting members will know who you are.

The constitution has been discussed and refined over the past year by the Board and by special committees, and was put before a general membership meeting in September.

### DOLPHINS AT CATALINA

Bill Walden, Jerry Kafka and Herman Zahler rowed the Farrell to not-quite-victory, but certainly not defeat, in the 36-mile Catalina to Marina del Rey race September 21. Of the 18 boats entering, only the Dolphin boat and the South End boat were wooden. The Dolphins placed 17th, the South End, 11th.

## ROWERS DINNER

Saturday, October 25

NOT FOR ROWERS ONLY  
All welcome - Non-Members Too!

Cocktails  
at  
6:30

Dancing

Dinner \$9.00\*

Roast beef, pasta, salad,

## Maui Channel

by Morgan Kulla

Dolphin Club teams took a First Place in the women's division and a Third Place in the men's division in the 9th Annual Maui Channel Relay Swim Saturday, August 30, against nine other teams. And Dolphin swimmers again made a consistently excellent showing in the Waikiki Rough Water Swim September 1.

The men's team -- Rick Barthels, Bob Colyar, Mike Garibaldi, Brian Gilpin, Alex Lichtner and Paul Watts -- finished 3rd overall in 3:42:00. The women's team -- Suzanne Heim, Didi Hill, Cathy Holton, Debra Howard, Morgan Kulla and Barbara Sanders -- finished 4th overall in 4:08:00. The nine teams included a men's team from Tattersall's Club, Sydney.

In the Waikiki swim Dolphins finished as follows:

NAME	AGE/PLACE	TIME
Suzanne Heim.....	2nd..	1:02:02
Alex Lichtner.....	3rd....	58:20
Morgan Kulla.....	2nd..	1:02:04
Cathy Holton.....	3rd..	1:04:32
Mike Garibaldi.....	1st....	52:44
Paul Watts.....	3rd....	56:44
Barbara Sanders....	2nd..	1:05:00
Ray Taft.....	1st..	1:09:38
Zada Taft.....	1st..	1:33:06

Six hundred seventy swimmers completed the 2.375-mile Waikiki course, including two dogs.

The members of the two Dolphin Club teams want to salute all the Dolphin Club members who so enthusiastically and generously supported us.

## SHORE FISHING IN SAN FRANCISCO

We asked Fred Herms to contribute his wisdom on fishing in San Francisco Bay. He sent the following:

This is a brief account of angling from three of San Francisco's beaches, based on my observations over the years.

**Aquatic Park Beach:** Hours permitted for fishing may vary; consult Lifeguard.

Barred, redbill, walleye surfperch, white and rubberlip seaperch, and pileperch are frequently caught February through April. Striped bass are occasionally hooked during this period; however, the best months seem to be October through December. Star Starry flounders are sometimes abundant in February and March. Small brown rockfish (bolina) can be caught throughout the year, the first half of a flood tide occurring during early evening hours. Pacific sanddabs appear during winter when the water temperature drops to 47°F.

**Baker Beach:** Barred, redbill, calico, walleye, and silver surfperch constitute the prime attraction February through May. Stray striped bass are sometimes hooked during these months. Better catches are

made October and November. Sandsole are plentiful August and September. Occasionally a California halibut as large as 35 pounds is beached, a whole anchovy used as bait.

**Ocean Beach:** Barred, redbill, walleye, and silver surfperch are present throughout the year. Striped bass are often landed in numbers June and July, and again September and October.

**Tides:** Aquatic Park and Baker Beaches -- the first two hours of flood with a 3.5 foot difference or greater between low and high. Often the last hour of ebb preceding the same is opportune.

**Ocean Beach** -- the last hour of a strong flood, and the first two hours of ebb thereafter.

**Bait:** For surfperch -- pile worms, sand crabs, and small fillets of semifrozen mackerel.

Seaperch and pileperch -- pile worms, grass shrimp and frozen raw prawns.

Striped bass and rockfish -- pile worms, mackerel fillets and frozen anchovies.

Starry flounders, sand sole and Pacific sanddabs -- not very selective.

Mackerel and prawns may be purchased inexpensively in Chinatown.

**Lures:** Mickey Mouse and Hopkins #4H cast at Ocean Beach for bass when birds feed on anchovies closet to shore.

**Rods and Reels:** for Aquatic Park Beach -- any rod capable of casting a 2 to 4 ounce sinker, reel adapted to rod. Baker and Ocean Beaches -- a rod 11 feet or longer which can cast a sinker as heavy as 8 ounces. Although a spinning reel is recommended for a spinning rod, I prefer the conventional type such as the Penn 140 Squidder.

**Line:** 20 pound test monofilament.

**Hooks and Leaders:** The 2/0 octopus is my favorite. At times I use 3/0 or 4/0 for bass in the surf. Two hooks are attached to a 3 foot surf leader (30 pound test), one on each loop thereof.

**Sinkers:** For Aquatic Park Beach -- 2 to 4 ounce pyramid. Baker Beach -- 6 ounce pyramid. Ocean Beach -- 8 ounce pyramid.

**Sandspike:** A substantial one is a must for surf fishing.

**License (resident):** \$5.00.

In conclusion, keep your hooks sharp and good luck!

Fred Herms, Jr.

## HANS KRAMER PILOT OF THE YEAR

Congratulations to Hans Kramer, who was chosen by fellow rowers as Pilot of the Year, and awarded that honor at the Rowers Dinner October 25. Kramer rows and swims year round, but always foregoes open water swims himself to pilot other swimmers. He works hard for the Club not only as a pilot, but in general, when there is work to be done. He does so genially and cooperatively, without demanding recognition or thanks. In fact he's so modest, it's a good thing somebody remembered how deserving he is! It is characteristic that the night after the Rowers Dinner, when all the Club boats were still outside the Boathouse, Hans put them back inside. Thanks, Hans.

## FIRE DAMAGES CLUB

SUNDAY, NOVEMBER 23 - A fire was lit under the deck of the Dolphin Club annex (formerly the S.F. Rowing Club) shortly after dark Friday, November 21. The fire destroyed the annex and parts of the original Dolphin Club, including portions of the west wall, the Men's Locker Room, the roof, the Wieland shed and the decking. There were broken windows and other breakage, as well as smoke and water damage, throughout the rest of the building.

Fortunately several members were in the Club at the time and pulled the boats to safety. The Staib Room, the boat room and other rooms east of these appear salvageable. All trophies and most photographs and documents were relatively undamaged. Quick action by those present and by Fire Department forces prevented what could easily have been a total loss.

Unless there are unforeseen problems, a temporary wiring hookup will enable the Club to use the Women's Locker Room by the middle of the week, making it possible for everyone to continue athletic activities at the Club. The South End Club has offered the use of its Women's Locker Room. (The South End's Men's Locker Room is out of commission.) Men from both Clubs will use the South End Women's Locker Room; Women from both Clubs will share the Dolphin Club Women's Locker Room. Showers and lockers are also available from 9 a.m. to 6 p.m. at the GGNRA lifeguard's facilities behind the lifeguard station. Locks must be brought and removed each visit.

Many Club members arrived over the weekend to clean up and get the Club back in operation, but much more work is needed. Jack Giacomini is in charge of volunteers. A sign-up sheet is posted on the downstairs bulletin board.

The Club will be rebuilt and remodeled, accomodating those members currently without locker space, to the extent possible within the limitations of the insurance policies. The Dolphin Club and annex were both insured, but details of the lease and the insurance policies remain to be clarified after the weekend by the Club's lawyers and City officials.

At an emergency Board meeting Saturday afternoon, Frank Drum was appointed by the Board to act temporarily as the Club's representative in dealings with the City, insurance companies and contractors, subject to Board approval, until the Clubhouse is rebuilt.

Another special Board meeting is scheduled for Wednesday, November 26, at 8 p.m.

#### VENERABLE DOLPHIN SWIMMERS

These tough old men, gnarled and tight of joint,  
Skin leather-loose and seared with cancer scars,  
Have centuries among them. They anoint  
Their parchment hides with creams from tubes and jars  
And plunge with hoot-n-holler, frisky porn,  
And aches of age into the icy bay.  
They're all as one, yet each alone, and borne  
With stalwart strokes through chop and calm each day.  
Such happy men! But nights they sometimes wake  
In anguish known alone to men of years --  
Anxieties and deep despair that make  
An angst of thought and turn their hopes to fears.  
And yet such dread will often fade to dreams  
Of friends who swim through sunlight's laughing beams.

Bill Greer

## ROWERS FEED HUNGRY MOB

An intimate mood, accentuated by intimate table arrangements, prevailed at the well-attended annual Rowers Dinner October 25. Chefs Pete Sturiale, Jerry Kafka, Herman Zahler and Frank Mennucci (beef surgeon) served perfectly cooked green beans, pasta very much al dente, and beef so succulent and rare the diners acted like animals trying to get at it. They were served by several well-known suckers who deserve to remain anonymous. Kafka and Mennucci also tended bar, while Dan Murphy tended the door. After dinner Hans Kramer was honored as Pilot of the year, and Jackie La Rocca and his band provided music for dancing.

#### ASSESSMENT IMPOSED FOR 1981

## NOTICE TO MEMBERS

At the September 17 meeting the Board of Governors voted to impose an assessment of five dollars per month per member (\$50.00 if paid in January) for 1981 only. This assessment was considered necessary in order to cover the extraordinary one-time cost of \$64,000 for the fire sprinklering system required by our lease with the City. Other required wiring and roofing work in the past year depleted the Club's funds. The Board opted to try to pay for the sprinkler system with this assessment plus regular operating funds, rather than borrow the money, so the debt would be paid quickly.

Although the fire will lessen the total cost of this system, other expenses resulting from the fire will cause the assessment to remain warranted.

#### DOLPHIN LOG DEADLINES

Winter...Mid-Feb....Jan. 25  
Spring...Mid-May....Apr. 25

The Dolphin Log appears quarterly. This issue edited by Cynthia Ehrlich.

## THE LOCKER ROOM

Walt Stack, competing in his 100th marathon, ran the Golden Gate Marathon from the San Francisco Ferry Building to the Larkspur Ferry Terminal October 26. Tom Gould and Buck Swannack of the Dolphin Club also ran.

The same day, Chuck Stagliano ran the New York City Marathon.

## CLUB MEETINGS

Regular meetings of the Board of Governors are held the third Wednesday of each month, January through November. Members may attend. Our annual general meeting is held on the second Wednesday of December.

Doug Ware, who joined the Club in August, rowed for Oxford in heavy Eights, and was on their First Crew. He is now rowing every day at Lake Merced.

Mike Garibaldi set one more Club record September 17, in a 7.6 mile over-and-back swim to Angel Island. His time was 2:42:09. Dave Hinton charted the course, the Phantom Oarsperson piloted.

## CROSS-BAY SWIM ARRANGEMENTS

By Tom Hofmann, Swim Commissioner

When the Club holds a cross-bay swim, we are required to apply nearly a month in advance for a permit from the Coast Guard. Information about the swim is published in the Notice to Mariners and sent to the San Francisco Vessel Traffic Center and System.

The Notice to Mariners tells yachters, shipping lines, etc. that our swim will be taking place. The Traffic Center, manned by the Coast Guard, is equipped with radar and is in radio communication with boats. The Traffic Center controls vessel traffic in the bay, but it is not their function to direct movement, such as or-

dering large vessels to wait for swim completion. They can help by informing ships of our presence and by telling us what traffic can be expected.

Our swim pilots and support crews can monitor Traffic Center vessel communications on Channel 13 (156.65 Mhz FM). Channel 16 (156.80 Mhz FM) is for serious emergencies.

OFFICIAL BULLETIN OF THE DOLPHIN SWIMMING AND BOATING CLUB

Organized 1877

San Francisco, California

February 1981

## WHEN DUES ARE DUE, WHAT DUES ARE DUE

Many members are confused about dues and assessments this year, owing to the wording of 1981 billing statements, changes in the Constitution and the assessment imposed by the Board.

.Who is subject to the assessment?

.What does the 1981 "Dues Statement" cover?

.When must debts to the Club be paid to avoid loss of membership?

These questions are answered below.

### NOTICE TO ALL LIFE MEMBERS & OUT-OF-TOWN MEMBERS

Out-of-town members are subject to the assessment, life members are not. Originally the Board voted to assess all members, including life members, \$60.00 for 1981. This decision was reaffirmed by the Board at the January meeting, and life members were then billed for the full assessment. But subsequently the Board learned that life members had received certificates exempting them from assessments. Money paid on the assessment by life members is being returned to them. Those who have not paid should disregard the recent bill for the assessment.

The following explains the difference between "assessment" and "dues" in this year's billing.

### NO DUES INCREASE

Statements mailed for 1981 mistakenly quoted dues for 1981 as \$215.00. There has been no dues increase. Below is an explanation of what members will pay the Club in 1981:

Payment	Per Month	Per Year
Dues	\$15.00	\$180.00
Assessment (1981 only)	+ 5.00	+ 60.00
Total if paid quarterly or semi-annually	\$20.00	\$240.00

However, as always, if the dues are paid in January for the entire year, they are \$160.00. And if the assessment is paid in January for the entire year, it is \$50.00. So if the entire year is paid in January (which, of course, is no longer possible) the cost is as follows:

Dues	\$160.00
Assessment	+ 50.00
Total if paid in January	\$210.00

To further confuse matters, the figure of \$215.00 cropped up on the billing. This also was in error. The figure should have been the above \$210.00.

### LESS TIME TO PAY, BIG TROUBLE IF YOU DON'T

Finally, the new Constitution shortens the due date from three months to one month. Dues and assessments must now

be paid promptly in order to avoid being dropped from the membership. Members must now pay by the end of the month in which they are first billed. A or prior to the next Board meeting. If not, they will be dropped at that Board meeting. For example, a member billed in January would be dropped at the February 18 Board meeting for delinquency.

A dropped member will lose his or her locker and be placed at the end of the locker waiting list, even though a dropped member may be reinstated to membership at the discretion of the Board upon payment of overdue fees.

Members will continue to be billed on a quarterly basis. For example, January billing will cover January, February and March. Dues may also be paid at time of billing for six months or a year.

### OLD TIMERS' DINNER

## 'WIELAND' RETURNS TO CLUB

The Club's historic 40-foot boat, the Wieland, has returned after spending a few years at the Police Athletic Club in Hunter's Point being refurbished. Mark Hurley of the P.A.C. did much toward transporting and repairing the boat, as did Dolphins Al Casciato, Frank Drum, Mickey Griffin, Jerry Kafka, Hans Kramer and Herman Zahler, and South Ender Mel Trowbridge.

The Wieland is a rare six-oared (six rowers) barge built for the Club in Alameda in 1887. The Wieland and one other similar boat belonging to the South End Club are believed to be the only two of their kind in the Western U.S.

Much work must still be done to make the boat water tight. It is hoped that some member or members will be attracted to the Wieland and see her restoration through.

Lawton Hughes recalls that when he joined the Club in 1919, members used to take the boat out every couple of weeks, rowing to Tiburon or Sausalito and back. In the early 1950s it was raced against the South End Club's

boat, the South End, built in 1915.

"In 1953," Lawton says, "We rowed to Angel Island one day, and coming back we were swamped between Angel Island and Alcatraz. There was a five foot chop. The boat filled up with water and turned over. We were in prime view of Alcatraz but they never called for help. We were in the water forty-five minutes. A fishing boat picked us up."

## ELECTION RESULTS

Voters affirmed both issues put to members on the Dolphin Club's 1981 ballot. The question "Shall the Club finance athletic events, subject to Board approval?" passed narrowly, 160 to 157. The new Constitution received 237 votes, with 73 against it.

Lou Marcelli headed the Election Committee, as he has done for a decade. Frank Alvarez, Chris Cadelago and Doris Trimble also worked for several hours tallying ballots.

## NEW SEMINARS

We look forward to a second year of evening seminars on subjects of interest to Dolphins. The objective of this continuing series is to give Club members an opportunity to learn about and discuss a wide range of topics relevant to Dolphin Club activities. These seminars, begun in January 1980, are a new type of activity for the Club. Members are encouraged to come and enjoy them.

The seminars occur monthly on the second Tuesday of the month at 8:00 p.m. in the Staib Room.

Watch for special bulletins appearing about a week before each seminar on the Clubhouse bulletin board, giving particulars on the topic and speakers for the upcoming seminar. Suggestions and ideas for topics and speakers should be addressed to Morgan Kulla, who has worked hard arranging the seminars over the past year.

### 1980 EVENING SEMINARS

Tuesday, January 9:

"San Francisco Goes to the Fair - 1894, 1915, 1939!"

Tuesday, February 10:

"Saltwater Rowboat Construction (& Celebration!)"

Tuesday, March 10:

"History of Aquatic Park, Part II"

Tuesday, April 14:

"Marine Life In and Out of the Bay"

Tuesday, May 12:

"Lighthouses of the San Francisco Area"

Tuesday, June 9:

"San Francisco Firemen"

# 1980 - 81 SWIM RESULTS

## 1981 GOLDEN GATE/ALCATRAZ REQUIREMENTS

1. Three out-of-Cove swims during 1981 swim season (only those swims listed on official Dolphin Swim Schedule as published in the Log).
2. Three months prior membership.
3. Out-of-town members: must have successfully completed two Golden Gate or Alcatraz swims in last three years.
4. Membership in good standing, swim fees paid.

Exceptions to the above will only be approved by Tom Hofmann and Vince Huang. No exceptions are expected.

## SWIMMERS' DINNER

Saturday, March 21

Trudgen Stroke

(See Swimming News below)

## SWIMMING NEWS

SWIMMERS' DINNER

The Swimmers' Dinner is set for March 21. All members are welcome and invited to bring a guest. A sign-up sheet and further details will be on the Club bulletin board. In addition to announcing the winners of ten annual awards (perpetual trophies), there will be special awards for pilots, galley crew, timers, judges and swimmers who earned the right to wear the Dolphin emblem based upon 1980 activities. The Polar Bear awards for the 1979-1980 winter swim and the 1980-1981 winter swim, which concludes the same day, will also be presented.

### SOMETHING NEW ON ORANGE CAPS

Swimmers are required to wear orange tie caps with assigned numbers during races. But now, they are to add their names to the caps in one-inch block letters (front or both sides) as an aid to pilots and timers.

### ROLE OF PILOTS

1. Safety of swimmers -- ideally defining corridor of swim for swimmers and other boats.
2. Pilots are not responsible for determining course of swim
3. They are to keep boats away, protect swimmers
4. They have the final word on termination of a swim.
5. If they pick up a swimmer, they should report name and number of swimmer to pick-up boat (escort) if cross channel-swim or to timers/officials at the finish.

### WHAT DOES SWIM FEE BUY?

Your \$20 swim fee covers insurance per participant, per event, amounting to several dollars per swimmer annually, plus awards. The Club's general fund also pays for a portion of the coffee and rolls available after the swims, and awards for "in town" events.

### DON'T JUST SIT IT OUT

Those who do not swim in any given event are encouraged to help out by piloting (many paddleboards are available for non-rowers), timing, and otherwise participating. Contact members of the Swim Commission if you need something to do.

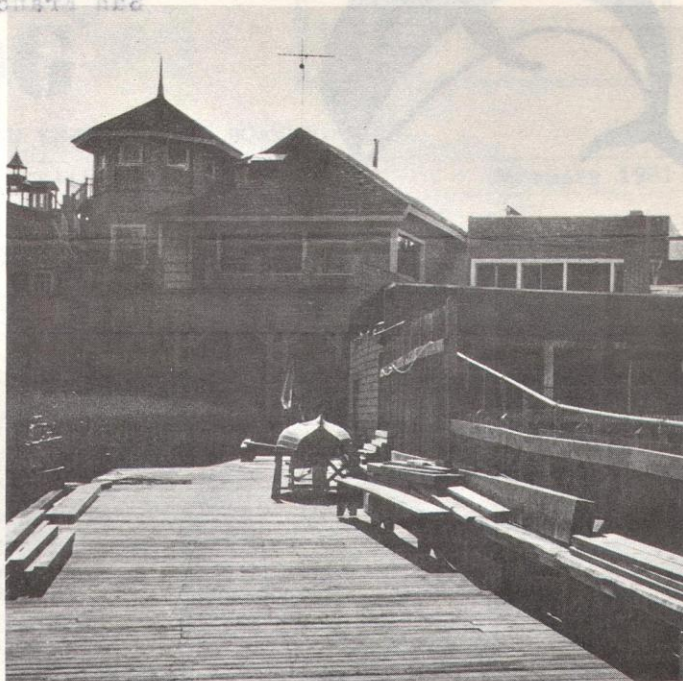

### YOUR NAME IN PRINT

Swimmers will increase the chances of their names appearing correctly in the Dolphin Log and on swim results if they put their first and last names on the swim sign-up sheets. Penmanship counts.

-- 1981 Swim Commission: Tom Hofmann, Rudy Demay, Vince Huang, Skip Ohlson

## RECOVERING FROM THE FIRE

Matters are proceeding slowly following the November 1980 fire. Nevertheless much work in the past three months has gone into assessing damages and negotiating insurance settlements, planning restoration, negotiating with the City, and making the present facilities operable.

The Board and the City approved demolition of the annex. But Universal Studios offered several thousand dollars to use the site as a location for a few days before it is torn down. Demolition is expected to begin before the end of February.

The Club will receive \$200,000 in insurance payment for the total loss of the annex. This money may only be used to demolish and reconstruct the destroyed building. The cost of damage to the Dolphin Club building is

still being determined. The Dolphin Club building was covered under a separate policy.

Frank Drum was reappointed by the 1981 Board to represent the Club in negotiations with the City regarding rebuilding. The City has approved restoration and rebuilding of the damaged buildings as one building, but details must still be worked out.

A Building Committee composed of Pete Biannucci, Jerry Kafka, Bill Walden and Herman Zahler is working with the Club's architect to design and set priorities for the rebuilding.

A Finance Committee was appointed to raise additional funds for rebuilding. Tom Silk chairs this committee: Gordon Cook, Jim Hill, Tom Macy, Joe Oakes and Dan

Osborne are also members. Subcommittees reporting to the Finance Committee include Frank Drum, Brian Gilpin and Jamie Nelson. The Finance Committee is eager for fundraising ideas and suggestions from members. Mail should be addressed to Tom Silk c/o the Dolphin Club.

Brian Gilpin, who has worked for several months on the Club's archives, is interested in any photos taken after the fire, for the archives.

Dozens of volunteers, headed by Jack Giacomini, worked for many days following the fire to clear away debris, scrub the rooms, and make the Club safe and operable before constructions begins. Their efforts are greatly appreciated. Thanks also to the South End Club for use of its facilities.

OFFICIAL BULLETIN OF THE DOLPHIN SWIMMING AND BOATING CLUB

Organized 1877

San Francisco, California

July 1981

OPEN BOARD MEETINGS, OPEN ELECTIONS

## WANT TO RUN THE CLUB?

All Dolphins are welcome and encouraged to attend meetings of the Board of Governors the third Wednesday of every month at 8:00 p.m. in the Staib Room. The meetings usually last about two hours and, depending upon the agenda, have been described as "uninhibited fun," "healthy democracy in action" and "the Wednesday Night Fights." They do accomplish their purpose -- to discuss and decide such matters as finances, events and long-term policies. If you cannot attend, minutes are posted in the glass case outside the Staib Room.

Members are especially encouraged to attend with the thought of running for the Board this year or next. Most members of the current Board will not be eligible for the positions they now hold within the next couple of years, so there must be an influx of new candidates.

The new Constitution requires that no one may hold the same office for more than two consecutive years. This went into effect in 1981, so that the entire 1981 Board may run for the positions they now occupy only one more year. After that, they must either run for a different office or not run for at least one year. Several people currently on the Board are not planning to run for the 1982 Board.

There are nine Governors at Large on the Board, plus five

Club Officers: President, Vice President, Recording Secretary, Financial Secretary, Treasurer and Boat Captain. Any member in good standing who has been in the Club for one year may run for office. Declarations of candidacy, signed by five members in good standing, must be presented by candidates in person at the November meeting. The membership votes by mail. The term of office begins with the January meeting. Descriptions of Board positions are in the

new Constitution, copies of which are available in the Staib Room or from Dave Hinton. The constitution also describes the nomination procedure.

There is an additional call for effort by new groups of people because of the strain due to the fire on the crew of people who already contribute so much time to the Club.

### SEMINARS

Aug. 11 -- Chief Architect  
for Hyde St. Breakwater  
Sept. 15 -- Tides, Currents  
& Seiches of S.F. Bay  
8 p.m. Staib Room

## THE LOCKER ROOM

### LAWSUIT SETTLED AT LAST

The case long pending against the South End and Dolphin Clubs has been resolved in our favor. The substance of the case was decided on July 11, 1980, in U.S. District Court when Judge Spencer Williams ruled in favor of our motion for summary judgment on the suit filed by Sandra Terzian-Feliz. But her motion for attorney's fees was not decided until April 29, 1981, when the motion was denied. The Clubs were represented by the legal firm of McGuinn and Moore.

### CONGRATULATIONS

Congratulations to Dolphin Veronika Mann and her husband Thompson Mann of the South End Club. Twin boys --

James Thompson and Edward Sanders -- were born to them on June 30.

Congratulations also to June Church, who gave birth to Jessica June Church-Sleater on March 25.

### WOMEN'S LOCKER ROOM

Mini Osborne has taken over the job of Women's Locker Room Captain.

In-town women members in good standing without lockers should post their names on the new waiting list in the locker room and they will be assigned lockers. Continued on page 5

### DOLPHIN LOG DEADLINES

Issue Date	Deadline
Mid-September	September 25
Mid-November	October 25

The Wieland and crew take off for Tiburon during Memorial Day weekend. The full story of the summer rowing revival was botched and will appear in the September Log.

## SWIMMING NEWS

### GET ACQUAINTED WITH TIDE TABLES

Swimmers are advised to become familiar with tide and current tables, and to consult them before open water swims so they will know what to expect. These tables are available at many shops in the vicinity of the Club, including Johnson and Joseph's.

### LAKE BERRYESSA TRIATHLON

Several Dolphins entered a grueling triathlon at Lake Berryessa May 24, which began with a 15-mile run from Angwin to the lake, followed by a one-mile swim in the lake and concluding with a 35-mile bike ride back to Angwin. Susanna Spencer-Horner, Gary Mulder, Jim Weil, Jeannette Klingel and Buck Swannack participated, although the latter two did not finish. The day was hot and many people had trouble with cramps in the water. Buck, who had trouble with his bike, finally tossed it, along with his helmet, off a bridge into the water.

### T.I. RECORD BROKEN

An 18-year record for swimming from Treasure Island to the Club, formerly held by Jim Baird, was broken by Mike Garibaldi June 24, with a time of 42 minutes 17 seconds. Dave Hinton, who piloted, estimated the distance as about three miles. A second pilot was unable to keep pace with Garibaldi as he entered the Cove and sprinted to shore.

### FIRST TIBURON SWIM

Suzanne Heim became the first person to swim from Tiburon to San Francisco (arriving at the Dolphin Club) on June 16. The distance is 4½ miles, although with currents the actual swimming distance was estimated at seven miles, which she swam in two hours 13 minutes. Vince Huang accompanied her on paddleboard and Dave Hinton in a rowboat.

### DOLPHINS TO SWIM CHANNEL

The six members of the Olympic Club's relay team set to swim the English Channel are all Dolphins. Tim Timken, Bill Van Horn, Bill Harlan, Charlie Raven, Phil Gay and Lew Cook will swim from Dover to the coast of France September 6. The six won a qualifying swim at the Club in June.

### FRANK ADAMS 1908 - 1981

Sad news from Catherine Adams that Frank died April 3 following his usual morning swim in Gresham, Oregon. He was a past president of the Dolphin Club and beloved friend of many members.

### DICK BEELER 1921 - 1981

Dick was a regular with the noon swimming group and is greatly missed at the Club. He was editor of several agricultural magazines. Our condolences to his wife Lois and daughters Kirsten and Candice.

## NEW EQUIPMENT

The Club recently bought a universal training machine for the weight room. Eight people can work out at one time on the variety of equipment it offers.

A committee of Rich Fossat, Stan Hlynsky, Vince Huang and Susanna Spencer-Horner selected the machine from the Solarius gymnasium auction. Jack Giacomini, with the combined skills of a mechanic and a brain surgeon, disassembled and reassembled the device.

Pax Beale and Elaine Pederesen donated a hot tub to the Club which can accommodate up to 15 people. The Club has accepted the gift, with many thanks, but the tank will remain stored until construction is completed.

## UNDERWATER HOCKEY

Several Dolphins have become enthusiastic underwater hockey players in the last couple of years. One of them, Karen Jacobs, reports:

On May 16 and 17 the Underwater Hockey National Championships were held at the Treasure Island pool. Seven Dolphins participated: Chief referee Bud Davis; referee Don Harris; coach of the men's team (the Treasure Island Divers) Holland Ja; captain of the women's team (the San Francisco Fintastics) Karen Jacobs; and star defensive player Jennifer Linton. Both S.F. teams won the nationals and thereby qualify to compete in the World Tournament in Australia in February 1982.

April 4 Holland and Karen played in the 1981 Pacific Coast Championships in Vancouver, British Columbia. The San Francisco men's team took second place. Karen played for the U.S. women's team and with the San Francisco men in the playoff games.

Any swimmer interested in joining our teams should come to Treasure Island Monday or Wednesday, 7:30 to 9:30 p.m.. Bring a suit and towel and, if you have them, a mask, fins and snorkel.

## RECOVERING FROM THE FIRE

The ban on visitors and guests subsequent to the fire has been revoked, and the suspension of new memberships has been revised. The Club is now open to visitors and guests, subject as usual to the \$1.50 fee (including children and other family members). New members are being accepted as long as total membership does not exceed the total membership at the time of the fire.

### INSURANCE

There were separate policies covering the original Dolphin Club building and the Annex. For the total loss of the Annex the Club received \$185,000. This represents full payment on the \$200,000 policy less the deductible and certain expenses after the fire. In addition, the Club received \$4200 from Universal Pictures for rental of the damaged building before demolition. The money is in a separate account from the Dolphin Club general funds and is being reinvested at the highest interest rate available until the Club can act on a rebuilding plan.

No insurance money has been accepted yet to cover the original Dolphin Club building and its contents. The matter is in arbitration.

### REBUILDING

Rebuilding will probably not begin until insurance matters are settled. The Annex was demolished and cleared in

April and the property it stood on has been fenced in. The west wall of the original Dolphin Club is currently being shored up.

Frank Drum continues to represent the Club in discussions with the Department of Recreation and Parks regarding rebuilding. The San Francisco Board of Supervisors passed an ordinance which allows the Club to receive tax-deductible contributions for rebuilding. The Club has already received \$1110 in donations.

### THE LOCKER ROOM

Continued from page 1

#### LOG NEEDS HELP

The Dolphin Log needs help from anyone who can contribute:

- .Writing and/or reporting and fact-gathering
- .Black and white photos
- .Paste-up.

Stories such as profiles of Dolphins, features on wildlife, Club history, etc. would also be appreciated, as well as small items about activities and achievements such as those in "The Locker Room." Contact Cindy Ehrlich.

#### TRACEE WINS AGAIN

Tracee Talavera, Ray's 14-year-old granddaughter, won the 1981 U.S. women's gymnastic championships in Allentown, Pennsylvania, March 13. Tracee is the subject of a book, Story

Meanwhile installation of the fire sprinklering system in the Dolphin and South End Clubs is nearly complete.

Various committees report on the progress of these matters at the regular Board meetings. To minimize confusion, only the Club architect is to communicate with the fire insurance lawyer and with the sprinklering company. Only Pete Biannucci is to communicate with contractors and their agents during rebuilding.

of a Young Gymnast, by Dolphin Karen Jacobs.

#### PAY TO SEE THEM SWIM

Jane Dornacker can be heard these days on radio station KFRC delivering the traffic reports. Jane's main form of transportation is a bicycle.

And Mike Garibaldi, star of late-night Macy's television ads, appeared in a play, Forty Karats, at the Alameda Theater.

#### CPR & LIFESAVING

Arrangements are being made to offer free training in CPR (Cardio-Pulmonary Resuscitation) and lifesaving techniques at the Dolphin Club. Instruction will probably be given on Saturdays. Watch for information on bulletin board.

The Dolphin Log is published quarterly. This issue edited by Cindy Ehrlich.

OFFICIAL BULLETIN OF THE DOLPHIN SWIMMING AND BOATING CLUB

Organized 1877

San Francisco, California

October 1981

# PETITIONS DUE NEXT MONTH

## RUN FOR OFFICE IN NOVEMBER

**E**lections for the 1982 Board of Governors are coming up. Candidates must be present at the November 18 Board meeting to declare candidacy and file nomination petitions, which must be signed by five members in good standing. Anyone who has been a Dolphin Club member in good standing for one year is eligible to run.

Effective 1981, no one may hold any position on the Board of Governors for more than two consecutive years (See "Errata" this issue).

### ATTENTION CANDIDATES

Photos for the 1982 Ballot will be taken in the Staib Room at 7:00 p.m. prior to the November 18 Board meeting. Any candidate who cannot be photographed at that time please make arrangements with Cindy Ehrlich.

## CPR CLASS AT CLUB OCTOBER 31

**I**nstruction in Cardio-Pulmonary resuscitation will be given at the Dolphin Club on Saturday, October 31, beginning at 9:30 a.m.

Dolphins Mike Smookler (Lake Merced boathouse) and Jennifer Linton are certified Red Cross instructors and will conduct the "Race for Life" course, which covers how to get a heart started and how to clear an obstructed airway.

The class will take three to four hours. A signup will be posted on the bulletin board and limited to 25.

In order to be certified at the end of the class, one must buy the Red Cross CPR Modular Book for \$2.25, available at the Red Cross building on Sutter Street near Gough. Mike recommends reading units 1, 2 and 5 of this book before the class, although it is not mandatory. The book will also be available at the club.

# COMMITTEE SEEKS PENNIES FROM HEAVEN

## \$250,000 GOAL TO REBUILD

**T**he club's Fundraising Committee set a goal of \$250,000 which they intend to raise this year, beginning October 1, to build additional Dolphin Club space on the land made vacant by last November's fire. With the \$185,000 received from the insurance company for the destroyed building, total building funds are expected to be \$435,000. The policy the club plans to follow is to add on to the present club without drawing on the club's general fund or assessing the membership.

A special building fund has been established with the City of San Francisco so that donations to the club will be tax deductible. The committee expects

donations to come from club members and from outside individuals and organizations. The committee includes Tom Silk, Frank Drum, Sidney Shafroth, Tom Macy, Peter Brand and Brian Gilpin. Anyone interested in helping with fundraising or making a contribution should contact a member of the committee.

### DOLPHIN LOG DEADLINES

Issue Date	Deadline
Mid-November	October 25
Mid-February	January 25

## ESCAPE FROM ALCATRAZ

The Dolphin Club is sponsoring an open triathlon, "Escape from Alcatraz," which follows the same course as the July 11 members-only triathlon: swim from Alcatraz to the club, bicycle to Mill Valley (15 miles), run the double Dipsea (14 miles -- Mill Valley to Stinson Beach and back to Mill Valley). The event will take place November 1 beginning with a 7:30 a.m. Alcatraz jump-off.

The entry fee for the event is \$100, \$25 to be refunded to the first fifty entrants. No more than 100 people may enter. Proceeds will go to the Dolphin Club building fund.

Contact Joe Oakes, Susanna Spencer-Horner or Stan Hlynsky for further information. Brochure and entry forms are available at the club.

## CLUB ON MEND

Construction began in August to repair fire damage to the club. The Solamon Construction Company has replaced the roofing and skylights, installed siding and rebuilt the Wieland shed and parts of the deck. Much work is still being done, including painting, wiring and ceiling and floor repair.

Pete Biannucci is the club's sole supervisor of and liaison with the construction company.

In addition to the fire repairs, other long-needed work is being done, including rebuilding the men's sauna and the flat deck outside the weight room, and adding ventilation and heat to the women's locker room.

The fire sprinkler system is now complete.

## Swimmers' Dinner

Saturday, November 7  
Boathouse

BBQ Chicken, Salad, Dessert  
Wine

\$8.00 8:00 p.m.

Cocktails at 6:30 p.m.

All Welcome  
Brief Awards Presentation

Servers, cleanup help needed  
See Swim Commission

## UPCOMING SEMINARS

- . San Francisco Waterfront Archeology. October 13.
- . Weather Reports and Aids to Navigation. November 10.
- . The U.S. Navy in San Francisco. December 8.

Seminars are held in the Staib Room at 8:00 p.m. the second Tuesday of each month.

A new six-month schedule will be posted early in 1982.

The Dolphin Log is published quarterly. This issue edited by Cindy Ehrlich.

## DOLPHIN TO THE RESCUE

Vince Huang received the following letter which speaks for itself:

Dear Mr. Huang:

I would like to take this opportunity to express my appreciation for your efforts in helping to rescue an elderly woman who was in distress and in danger of drowning at Aquatic Park, Golden Gate National Recreation Area, on July 22.

You will be pleased to know that the lady, Ms. Lanbrinoff, is recovering and appears to be doing well.

Again, many thanks for a job well done. Your efforts undoubtedly prevented what would have been a tragic accident.

Sincerely,  
William J. Whalen  
General Superintendent, GGNRA

## ERRATA

In the July issue of the Log, we stated that Mimi Osborne had taken over the job of Women's Locker Room Captain, and that a person who had served for two years in one office on the Board of Governors could not serve a third consecutive year in that position but could serve in another position. Below are corrections to these errors.

Marilyn Rodman continues to be the Women's Locker Room Captain.

No one may serve more than two consecutive years (beginning with 1981) in any position on the Board of Governors. For example, one who is elected as Governor at Large for two years may not run for the office of President or any other office the following year.

## SWIMMING NEWS

### NEW BAY BRIDGE RECORD

Debra Howard broke a 69-year record for swimming the Bay Bridge to San Francisco. August 14 Debra swam the span in one hour 51 minutes flat. The previous record, set in 1912 by Walter Pomeroy of the Olympic Club, was longer by 13 seconds.

Tankers and barges forced Debra to stop mid-swim, after her 6:09 a.m. start. She was accompanied by Judith Haglund, Dede Hill-Mey, Cathy Holton, Vince Huang, Ray Mey and Jamie Nelson in rowboats and on paddleboard.

### ENGLISH CHANNEL SUCCESS

The six-man team sent by the Olympic Club to swim the English Channel, who are co-incidentally all Dolphins, crossed successfully on September 6. Tim Timken was first in the water at Shakespear Beach near Dover, beginning the swim in the dark at 5:30 a.m. An hour later, as the sun came up, Bill Van Horn began the second one-hour leg. Bill Harlan, Charlie Rowan, Philip Gay and Lew Cook followed, and the order repeated. Charlie Rowan swam ashore near Calais at 3:03 p.m., nine hours 33 minutes after the start.

Big boats and ships crossed the course every ten minutes. The team was making record time until they neared the French coast, where tidal conditions kept them at a near standstill three miles from shore for two hours.

Phil Gay described the water as sapphire blue. The water temperature was 64 degrees, the air 68 degrees. Lew Cook reported that their pilot, (who had guided 180 channel swimming attempts) said the weather had never been so perfect. But tidal conditions were such that Cindy Nicholas, who has made the swim 10 times, cancelled a planned swim for the same day.

All men on the team stayed on vacation in England or the continent.

### ANOTHER MAUI TRIUMPH

For the fourth year in a row the Dolphin Club women's team took first place in the women's division of the Maui Channel Relay. Morgan Kulla, Debra Howard, Cathy Holton, Barbara Sanders, Dede Hill-Mey and Linda Braski swam the 9.6 miles in four hours 17 minutes. The team placed 12th overall of the 28 teams competing in the September 5 swim.

The men's team, with a time of four hours 40 minutes (approximately) placed 18th. Terry Codosh, Conrad Von Blankenburg, Jamie Nelson, Rick Barthels, Joe Oakes and Vince Huang called themselves the "Water Pig Auxiliary" (not to be confused with the Dolphin Club A team) because some members were on the Tahoe "Water Pigs" team.

All members of both teams stayed over for the 2.5-mile Waikiki Rough Water Swim September 7. Other Dolphins in the Waikiki swim were Bob Colyar, Mike Garibaldi, Dave Gray, Alex Lichtner, Ray Taft and Zada Taft. Over one thousand swimmers entered this year.

### AUSTRALIAN SWIMS ALCATRAZ

Jack McMahon, visiting president of the Senior Swimming Association of Sidney, Australia, swam from Alcatraz to the Dolphin Club on August 20. The "fiftyish" swimmer crossed at dawn. He was washed to Gas House Cove but made it to Aquatic Park nevertheless. He was piloted by Stan Hlynsky and Frank Drum.

## CHAOS AT CATALINA

Twenty-two boats set off from Catalina Island in the dark between 3:00 and 4:00 a.m. October 11. Darkness, eight- to ten-foot seas and winds of 25 to 30 knots forced all but five of the boats to abandon the 36-mile course to Marina Del Rey.

Ray Mey, Dede Hill-Mey, Mark Worland and Gordon Nash rowed a 41-foot quad wherry. "There were waves crashing over us," said Ray. "We actually had fish in the boat. What an ordeal." At the end of 3½ hours they accepted a tow.

Herman Zahler, Bill Walden and Tom Doherty, in a second boat, were towed to Long Beach. Herman was miffed because his roasted chicken was floating in the bottom of the boat. Dave Hinton and Catherine Fox, in the third Dolphin Club entry, quit after five hours.

Finishers were a six-man boat from the P.A.L., a kayak, two three-man boats, and the boat rowed alone by 61-year-old Phil Mitchell from Coyote Point in 12 hours 57 minutes.

## MEN'S LOCKER SIGNUP

The waiting list for men's lockers was destroyed in the fire, and there has been some confusion since. All who are still waiting for a locker assignment should put their names and the year they joined on the sign-up sheet posted on the club bulletin board.

## Golden Gate Swim

### Breakfast

Sunday, October 18  
Following the swim

rain or shine

\$2.50 Eggs, Sausage, Muffins, Coffee

# SWIM RESULTS

Forty-two Dolphin Club members participated on various teams in the July 25 Lake Tahoe Trans-Tahoe Relay Swim. Seventy-four teams entered, with the South End Rowing Club coming in first place.

About 35 members swam in the August 8 Santa Cruz Pier Swim. Mike Garibaldi finished in second place. Joe Weiss, at eighty years old, finished 206 of the 206 entrants.

Detailed information about Dolphin Club participants was not available for these swims.

More than one hundred people helped as drivers, aids, timers and in other positions to see that the July Triathlon was a success. Joe Oakes conceived the event and put it together with Susanna Spencer-Horner, Peter Butler, Walt Stack, Dave Hinton, Vince Huang and Stan Hlynsky.

## TIDES AND TIMES WAIT FOR NO SWIM

In picking the times for swims: we are following a simple formula this year. West-to-east swims (such as Fort Point to Aquatic Park) we begin the swim two hours after low tide. East-to-west events (such as Pier 39) begin two hours after high tide. Cross-channel events (such as Alcatraz) begin 20 minutes after high tide or 30 minutes after low tide, with the fastest swimmers taking a straight course and slower swimmers having to allow for an eventual current near the end of the swim (near the entrance to the cove).

You will notice we take the tide reading and ignore the current tables. The current tables were projected on the basis of a short survey made by the National Oceanographic and Aeronautical Association, and the association admits they are not accurate. The tides, on the other hand, are very accurate, being related to the phases of the moon.

On cross-channel swims the most desirable time is on a tide when the least amount of water is moving in and out of the bay. During a six-foot tide, for example, the water

level in the bay rises six feet. This would be a strong tide. At the time of the July Triathlon swim there was only a two-foot tide -- a two-foot difference in water level between high and low tide.

The Dolphin Club and South End Club alternate each year at taking first choice of a desirable tide for the Golden Gate swim date.

I am completely responsible for the times selected for swimming events. If you have any questions I'd be glad to answer them.

-- Dave Hinton

Happy  
Holidays

OFFICIAL BULLETIN OF THE DOLPHIN SWIMMING AND BOATING CLUB

Organized 1877

San Francisco, California

December 1981

## NO ELECTION THIS YEAR

Dolphins will be saved wear and tear on their pens and another trip to the mailbox this year. All candidates for the Dolphin Club offices ran unopposed. Nine candidates ran for the nine governor-at-large positions. So the ballot-by-mail (or ballot any other way) was unnecessary. Fortunately, at least one (though only one) person ran for each available office -- another triumph for the democratic system.

Pavla Podolska would have made a tenth candidate for governor-at-large but she did not appear at the November meeting, as required by the club constitution.

New officers are:  
President, Frank Drum; Vice President, Stan Hlynsky; Financial Secretary, Dan Murphy; Treasurer, Lawton Hughes; Recording Secretary, Joni Beemsterboer; Boat Captain, Hans Kramer. Governors-at-Large are Bob Colyar, Debra Howard, Vince Huang, Morgan Kulla, Ray Mey, Dan Osborne, Mike Plunkett, Walt Stack and Ray Talavera. The 1982 board takes office at the January 20 meeting. Announcement of 1982 commissioners and other appointments will appear in the February 1982 Log.

Next year the following board members will not be eligible to run for the 1983 Board because of the rule in the new constitution that no one be on the board more than two consecutive years: Stan Hlynsky, Dan Murphy, Lawton Hughes, Walt Stack, Joni Beemsterboer and Ray Talavera. Start campaigning now.

## 1982 DUES RAISED

Annual dues will be raised to \$20 per month (\$240 per year) effective in 1982. The increase was approved to make many necessary repairs and improvements to the club beyond work required by the fire. Such additional work includes rebuilding the men's sauna and enlarging the women's locker room.

Those who pay the entire year's dues in January will pay \$215. Life members with lockers will pay \$75 a year. Out-of-town members will pay \$60.

## UPCOMING PARTIES

### OLD TIMERS' NIGHT

Honor the Old Timers who built our club Saturday December 12. Crab Feed.   
~~~~~  
Cocktails at 6:30 p.m.,  
Dinner at 8:00 p.m. All members welcome -- One guest per member. \$9.00 per person.

### CHRISTMAS PARTY

Good cheer and gourmet grub as you and other Dolphins compete to bring the best in food and drink. This year the Staib Room provides a breathtaking view of the Bay unavailable at last year's feast. Sunday, December 20, beginning at 1:00 p.m.

### NEW YEAR'S EVE

An all-for-one-price evening of cocktails, dining and dancing. Watch club bulletin board for further details.

### JANUARY 16th

What the heck is there to celebrate on January 16, you ask? HECTOR STEPHENS'S EIGHTIETH BIRTHDAY! Help him celebrate. Details to appear on bulletin board. Otherwise we're sure Hector will be glad to talk to you about them.

#### DOLPHIN LOG DEADLINES

| Issue Date   | Deadline   |
|--------------|------------|
| Mid-February | January 25 |
| Mid May      | April 25   |

## DINNER GOES SWIMMINGLY

A Standing Room Only crowd enjoyed succulent barbequed chicken prepared by Chef Herman at the Swimmers' Dinner November 7. Jack Giacomini, Stan Hlynsky and Frank Menucci mixed drinks in the Dolphin Club style -- eight parts scotch to one part water -- and Dan Murphy and Hector Stephens collected money. Swim Commissioners Tom Hofmann, Vince Huang and Susanna Spencer-Horner presented 1981 awards:

Oldest Gate Swimmer - Jim Mayall  
Youngest Gate Swimmer - Suzanne Heim  
First Place, Gate - Mike Garibaldi  
Most Improved - Jamie Nelson  
Most Inspirational - Pax Beale  
First Place, Doc Howard Over 40 - Dan Osborne  
First Place Myra Heckman Cove Handicap - Nick Patera  
Special Award to Bev Ferreira, a non-member who has piloted for many years

Joe Bruno was recognized for his 47th Gate crossing. A new trophy was introduced honoring the late Dick Beeler, which will be presented to the winner of an annual swim.

The evening concluded with dancing to the Gene Gilbeaux Band.

Additional thanks to Joni Beemsterboer, Pete Sturiale, Moon Passanisi, Ray Martelli, Cindy Ehrlich, Mimi Osborne, and all who contributed to making the evening a success.

## ERRATUM

Petitions for candidacy for the Dolphin Club Board of Governors are actually due by the start of the November meeting. Since the last Log was ambiguous, petitions were accepted during the November meeting this year only.

## ROWING NEWS

### HEAD OF CHARLES

A team of Dolphin Club oarsmen from the Lake Merced boathouse competed in the Head of the Charles Rowing Regatta in Massachusetts October 18. Douglas Ware, Mitchell Seavey, Scott Schwartz and Steve Wolf, with Debbie Ervin as cox, rowed in the Men's Championship Fours division in the three-mile event on the Charles River between Boston and Cambridge.

The team placed 33 out of 40, but the competition was tough. This is the second largest international rowing event -- over 3000 competitors, 720 boats. The team's time was 18:31, the average winning time in the 18 divisions 17:33. Teams came from U.S. colleges such as Yale, Harvard and the

U.S. Naval Academy, and from England, Belgium, Canada and Japan, among many other countries.

MIT graciously loaned the Dolphin Club team its boat and blades and use of its boathouse for the event.

### HEAD OF ESTUARY

Dolphins also competed in the Head of the Estuary races in Oakland November 1, sponsored by the Lake Merritt Rowing Club.

Dede Hill-Mey was 5th in the Open Women's Single division. Ray Mey took 2nd place in the Open Doubles. In the Men's Open Fours, Douglas Ware, Mitchell Seavey, Scott Schwartz and Steve Wolf came in 10th. Brooks Crawford took 5th place in the Masters' Singles.

## THE LOCKER ROOM

### DOLPHINS UNITE

John Moyers and Jackie Goodwin were married November 21, becoming the first two Dolphins to marry each other.

### NEWBORN

Congratulations to Pepe Carranza and his wife, Reba, on the birth of their son, Turner Roach, October 18. The Carranzas are now living in Ventura, California.

### DOWN THE TUBE

If you thought you saw the burnt remains of the late great Dolphin Club Annex on the TV show Shannon November 18, you probably did. The episode included location footage at the club, for which the club received a generous contribution to its building fund last year, as reported in the Log.

### 26 MILES ACROSS THE...LAND

Tom Gould, Harry Cordellos, and Walt Stack finished the Golden Gate Marathon in October. This was Walt's 106th marathon.

### WHAT JERK?

Some jerk stole the distance rowing records from the bulletin board so those results are not available for 1981.

### DOLPHIN CLUB LIBRARY

Members wishing to share books and magazines are invited to leave them in the Staib Room for others to enjoy, and are also invited to enjoy those left by others. Anyone have a bookcase to donate for this purpose? This was suggested by Randy Pinetti.

The Dolphin Log is published quarterly. This issue edited by Cindy Ehrlich.

## SWIM RESULTS

The Swim Commissioners are the most maligned people in the world. They are known to cancel swims at the drop of a hat, fail to understand exactly to whom the qualifications for Alcatraz and Golden Gate should apply -- they probably arrange for heavy fog on the mornings of important swims and of course they tamper with all results of swims that do somehow occur.

The Commissioners -- Tom Hofmann, Susanna Spencer-Horner and Vince Huang -- must love all this abuse, however, because each month they put in hours and hours scheduling and organizing events, shopping for and designing awards, and planning occasions like the Swimmers' Dinner. Events this year have been beautifully organized, the awards unique -- well, clearly these people deserve a good tongue-lashing.

Thanks to all those who worked so hard on the Escape from Alcatraz, which should net the club around \$3000 -- especially to Joni Beemsterboer, Peter Butler, Frank Drum, Jack Giacomini, Tom Gould, Dave Hinton, Stan Hlynsky, Vince Huang, Jeannette Klingel, Jennifer Linton, Maria MacMasters, Ray Martelli, Frank Menucci, Joe Oakes, Elaine Pedersen, Susanna Spencer-Horner, Walt Stack and Ray Talavera.

Jim Thurston composes poems while he swims:

The way I like to start  
my day  
Is to dip in my cold Bay  
You bring the blood out  
to my skin  
I love to kick I love to  
swim  
You bring the air into my  
lungs  
While in my heart your  
song is sung  
You wake my body you stir  
my soul  
As my new day does unfold  
When I am finished warm  
and dry  
I bless the Earth,  
I bless the sky  
I give my thanks to you  
my Bay  
For helping me to start  
my day

## DOLPHIN PIER UNDER WATER

Did you know that the Supreme Celestial Mechanic has arranged the following schedule for extraordinary high tides of the century (what we guys around the bar describe as "proxigean tides"):

December 10, 1981  
February 17, 1984  
December 30, 1986  
October 14, 1989

And then there are the super high tides of the century (extreme proxigean tides):

December 2, 1990  
January 19, 1992  
March 8, 1993

Without the benefit of assistance from the wind, the proxigean tides should be from seven to eight feet above mean low water or, to use an understandable reference, about one foot over the deck

of the Dolphin Club Pier. The extreme proxigean tides at about eight to nine feet or, enough to thoroughly scour the floor in the Dolphin kitchen and weight room.

Why? Because on the above dates the earth, moon and sun are in syzygy and the moon is in perigee...which I will explain at a later date.

Incidental to the above... The times of the proxigean tides are favorite dates for the seismic sorcerers who predict earthquakes, on the theory that what moves the water also moves the earth.

If you intend to be around on these dates you can count on the high tides but since I'm not a sorcerer I can't promise an earthquake.

Ah, the gravity of it all.

--Herman Zahler

## NO TESTS! NO GRADES!

The Dolphin Club Seminars began in January 1980. 1982 will be our third year. Let the numbers speak: to date 23 programs; 30 guest speakers; 424 in attendance, averaging 18 per program.

We've had speakers the likes of SFFD Battalion Chief Ed Phipps, Harry Bridges himself, and even Wacky Jacky Douglas. We've seen slides of the excavation of the Niantic, of the first skywriting in the world at the Panama Pacific International Exposition in 1915, and of spectacular aerial shots of San Francisco tides in action. We've learned how to treat someone who's choking, why we dread the Peripheral Canal, and what is really in our sewers.

Closer to home, members Brian Gilpin and Steve Haller have given us presentations on our club's history in Aquatic Park. Boris Dramov, architect of the Hyde Street Pier ex-

tension and renovation of Pier 45, told us what's in the future.

But the spark of the seminars is the discussion among speakers and members. Each has something to contribute and learn. This exchange is the essence of the seminars, which all who have attended will testify to, including a handful of loyal South Enders. All of the speakers come for free -- recognition of their respect for this San Francisco institution, the Dolphin Club. And hopefully, these meetings contribute to a new spirit among club members as people with common traditions, concerns and love for our club.

This is how it looks to me, thinking back over the past two years. The seminars, which occur the second Tuesday of the month in the Staib Room at 8:00 p.m., have no tests, no homework, no grades. Why not come?

--Morgan Kulla

## NEW DECEMBER MEETING DATE

The December meeting of the Board of Governors will be on December 16, the third Wednesday of the month. In the past the December meeting was on the second Wednesday and was the annual general meeting. The annual general meeting for all members is now in September. This was another change included in the new constitution, and will be the case not only this year but in years to come.

## HEART STOPPED? CHOKING?

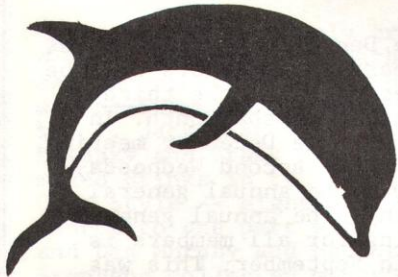

If you have either of these problems at the Dolphin Club, eight more members will be able to help you, thanks to Mike Smookler, Jennifer Linton and Don Harrison. On October 31 they conducted a class at the club in cardio-pulmonary resuscitation and clearing an obstructed windpipe. If you are ever choking, don't be subtle. Walk up to somebody and put your hands on your throat and make it look like you're choking. The CPR class will be given at the club from time to time. Bob McKenzie, Gary Mulder, Joe Oakes, Stephanie Mills, Cindy Ehrlich and the following people for whom we couldn't establish first names took the class: M. Garrett, R. Dethridge, and E. Shackelford. Sorry.

## ERRATA

On the wild and windy Catalina row: Catherine Fox and Dave Hinton started at 3:45 a.m. and rowed for eight hours 15 minutes. They finished at Redondo Beach. Herman Zahler did not count a chicken, but a box of cigars, among his losses.

OFFICIAL BULLETIN OF THE DOLPHIN SWIMMING AND BOATING CLUB

Organized 1877

San Francisco, California

March 1982

## NEW LOCKER SPACE, RESTROOMS

### BEYOND RESTORATION

Both the men's and women's locker rooms will soon be expanded, and new restrooms will be built downstairs at the Dolphin clubhouse. A second story will be built above the old B-court which has been the boat repair room on the ground level for many years.

The new locker room space will accommodate one hundred locker each for men and women, reducing the long wait for lockers among new members.

Ground level restrooms for men and women will be built in the area of the old check room east of the boat room.

This construction will coincide with the much needed repair of the roof over the B-court and relocation of the

men's sauna. Pete Biannucci will supervise the work, which will cost an estimated \$29,000.

There are additional plans to recarpet and clean up the weight room. Equipment will be reupholstered, repaired and replaced as needed. Two thousand dollars were budgeted for this project.

Finally, plans were also approved to expand and remodel the galley.

Overcrowded conditions expected to ease.

### SIX NEW BOATS SOON READY

The Board voted to purchase three new boats and is taking bids to complete three others. The Lake Merced boat-house will receive two Pocock single racing shells. There is only one single now at the lake. We will also be purchasing a motorized rubber boat for use on swims. The Club is still soliciting bids for the completion of the three wooden whitehalls now in the boat-house which need varnish, seats and other fittings.

### WELCOME!

#### NEW MEMBERS

Phillip Brackett  
Arthur Chambers  
Michael Fogarty  
Joseph Lavin  
Thomas McNicholas  
Wayne Pickrell  
Donald Ring  
Melvin David VanDusen  
Heinz Wichelhaus

#### DOLPHIN LOG DEADLINES

| Issue Date      | Deadline |
|-----------------|----------|
| Mid-May.....    | April 25 |
| Mid-August..... | July 25  |

### THE LOCKER ROOM

Related thanks to Hector Stephens for saving us the hassle of an election. Hector was a tenth candidate for the nine governors-at-large positions in November but withdrew his candidacy so that other candidates would run unopposed, saving the money and time of printing, mailing and tabulating ballots.

#### TIED IN KNOTS

Best wishes to Brian and Patty Gilpin who were married in January. Ron Nagle and Cindy Ehrlich were married on February 14, becoming the first Dolphins to marry each other. (The report of an all-Dolphin wedding last issue was wrong.) However, Tom Hofmann and Ginny

Lutz were the first Dolphins to become engaged to each other. But before they marry (in September) Dolphins Ed Urban and Diane Campbell will marry at the Club on March 27.

#### BORN TO SWIM

Congratulations to Robin Phalen on the birth of her son, Jesse Carson Phalen, on January 7, and to Judy Dittmer on the birth of her son, John Thomas Douglas Dittmer, on January 31.

We are sad to report the deaths of Bill Fister and Ed DeCocio which occurred January 20, 1982.

## WHAT MEMBERS WANT IN REDESIGNED CLUB

A design workshop open to all members was conducted at the club on November 28, 1981, by the fundraising committee, with Peter Brand in charge. Throughout the afternoon several dozen club members inspected the clubhouse and adjacent lot, making recommendations. Below are the compiled results. This does not represent a definite plan at this time. A similar workshop will take place this spring.

Thanks to the fundraising committee and to non-members R.E. Thompson, Agi Ban and Meg Holmberg whose skill in conducting such workshops contributed to the success of this event.

**Men's Locker Room:** Most say expand into B Court, including vacant space between current locker room and B Court, and also women's locker room. Virtually unanimous recommendation to move the sauna next to the shower. Consider a drying room and lounge in the expanded locker room.

**Women's Locker Room:** Relocate and enlarge into new building or possibly into B Court area. Current area too crowded and narrow and lacks ventilation.

**Staib Room:** Most want this to stay as is, though some recommended conversion for locker space. Balcony too windy and cold -- might be improved by slanted wind barriers.

**Kitchen:** Too small. Expand in place to serve Keenan Room and boathouse or perhaps place in new space if new dining area created there.

**Dining Room:** Most favored conversion of weight room back to former purpose as medium sized dining area with view. One scheme placed new dining area on north end of new building, ground floor, taking advantage of view with the addition of a bar and intended to be suitable for rental by groups. The latter scheme apparently chose to allow weightlifters to stay where they are with a stretching gymnasium separate on the second floor of new building.

**Gymnasium:** Aside from above recommendation to separate the stretching, gymnastic type exercise from the barbells, most advocated schemes that relocated the weight room to a larger space with additional room for stretching.

**Library/History Room:** New use to be placed for views on first or second floor of new building. A quiet place (no TV) with fireplace, room to display historical photographs and books on boatbuilding, San Francisco Bay natural history, etc.

**Office:** Replace at new entrance. Current office insufficient to conduct business, sign in guests, sell club paraphernalia, etc.

**Boat Storage:** Additional storage needed in main floor of new building, near water. Recommended alternatives include storage along new deck or under new main floor. Racks for bikes and surfboards. Existing boat repair and tool rooms should consolidate for best utilization of space.

# THE CLUB

PRESIDENT: Frank Drum; VICE-PRESIDENT: Stan Hlynsky; RECORDING SECRETARY: Joni Beemsterboer; FINANCIAL SECRETARY: Dan Murphy; TREASURER: Lawton Hughes; GOVERNORS AT LARGE: Bob Colyar, Debra Howard, Vince Huang, Morgan Kulla, Ray Mey, Dan Osborne, Mike Plunkett, Walt Stack, Ray Talavera; FINANCE OFFICERS: Tom Gould, Tom Hofmann; SALES: Joe Bruno

**Frank Drum**  
*President, Dolphin Club*

## Welcome New Members:

|                   |                |                |
|-------------------|----------------|----------------|
| Diana Anderson    | Basil Twist    | David Gast     |
| Alan Andreini     | Kathleen Kampe | Nancy Sullivan |
| William Crabtree  | John Conway    | David Woodside |
| Charles M. Hobson | Michael Finley |                |

Current membership: 471 men, 116 women

**Fund Raising** for the annex will start June 1. President Drum's efforts to garner \$325,000 from a City recreation fund continues with no decision yet.

**Call For Old Logs.** The editor has received the kind donation of 3 sets of old *Logs* from Frank Drum, Cindy Erlich and Brian Gilpin. They are assembled into a loose leaf binder by years. This binder becomes a sacred treasure to be passed down from editor to editor. The old issues provide priceless pictures and info that make great reading in today's *Logs* if selected carefully, and thus keep modern members in touch with those who went before and built the club.

There are BIG GAPS in the collection. Any donations of original *Logs* gratefully accepted. If you don't want to part with them now, let us Xerox them or will them to us.

**President's Message.** Greetings to the new members and hello to the older members who are now, with the advent of Spring, returning to the fold.

On Wednesday, May 12th, before the Ninth Circuit Court of Appeals, oral arguments were presented by Sandra Terzian for plaintiffs Besig, Cook and LaGardia seeking reversal of Judge Spencer-William's decision denying charges of discrimination as well as a claim for \$600,000.00, attorney fees and court costs. Paula Jesson, Deputy City Attorney, represented the City and County of San Francisco. Derek Jacobsen represented the Dolphin and South End Clubs. A decision is expected within a year or less.

The roof on the B court has now been repaired and work on the mens and womens locker room will begin any time now. Plans for the new building have been finalized and need only approval by the membership. There will be a Special Meeting for this purpose. All members will be notified as to time and place.

Since the club has not had a Handball Commissioner nor a handball tournament for well over two years, I asked the Board to consider other uses for the court, i.e. Racquet Ball. Low and behold a petition was soon circulated protesting the use of the court for anything but handball. I think this is the proper club spirit. Now if the talkers will become doers and select a Commissioner and perhaps arrange for a one or two day 31 out two loss elimination tournament, everybody will be a lot happier.

Jim Storm, Rowing Commissioner at Lake Merced, is presently making plans for a day at the Lake. Members interested in learning the art of rowing shells can call Jim at 752-1454 for further information.

Frank Drum

## Delta King Very Alive

**Floating Condos in Cove?** Board member, Mike Plunkett, attended the Citizens Advisory Board meeting recently and brings back the following depressing news:

- 14 out of 20 members are "pro"
- C&C Board of Supervisors changing to "pro"
- Park Service is "pro", the Merchants Assoc. is "pro"
- The developers have invested \$250,000 and 2½ years, stand to make a mega fortune if successful due to the tax advantages connected with being "historic"
- The developers are full time, have all sorts of hired mind benders building models to show how small the ship is, video taping our swimming routes and making other studies to have ready-made shoot-downs for any objections the clubs may make
- The developers are playing full-time, relentless handball while the opposition isn't even showing up

**Needed:** Some volunteers (attorneys or otherwise) to check out how it is possible to have a private, profit-making venture in a public park and if so help plot our opposition. Contact Mike Plunkett, 843-3065.

# THE CLUB

**Buses To The Club.** Joe Bruno and Tom Hoffmann reveal their following hard learned tricks of how to make it to the club on the bus and thus save gas and parking costs:

*Joe's Peninsula Route:* Take SamTrans 7F leaving Palo Alto every 30 min., running north to Belmont, then to 101 freeway, stopping at airport and terminating at 1st and Mission, East Bay Terminal. Then two options: 1. get off at 3rd and Mission, take #30 Muni (every 5 min.), get off at Hyde and North Point, walk 2 blocks; or 2. Take #32 Muni (every 12 min.) at 1st and Mission to Hyde and Jefferson, walk ½ block to Club.

Reverse for going home.

#30 and #32 also are waiting at SP station.

*Tom's Inner City Lunch Hour Dash.* Take #42 Muni "Downtown Loop" (every 12 min.) down Sansome, Embarcadero, North Point; get off at Hyde walk 2 blocks. Return: go to North Point and Hyde; take either #42 or #30 (every 5 min.) whichever comes first; sit on left side of bus; as bus proceeds up Columbus, look down Taylor (lines up with *Balclutha*), if #15 spotted bail out immediately and catch #15 to avoid China Town; if no #15 check for #41 "Union" at Stockton and switch if opportunity presents.

**Salute To Cindy.** Cindy Erlich has been well thanked and praised by the Board at recent meetings for producing the *Log* for the last 3½ years. It's a low fun, high hours, low reward, high hassle job. Cindy produced professional copy with even handed content that got us through some very stormy years that could have sunk this frail old club. Thank you Cindy. Now back to the amateurs.

**The Log.** The new look to the log is the result of the advice given to the new editor at the April Board meeting: "You're the editor, do it your way". This way obviously costs more than previous editions which can be defrayed by any combination of:

- Spending more
- Running "cards" (ads) from various members telling their fellow members what they do businesswise, or otherwise. See example elsewhere in *Log*.

## CLUBHOUSE

ASSISTANT BOAT CAPTAIN: Bob McKenzie (Boathouse); HOUSE COMMITTEE: Bert Arias, Susan Allen, Al Bogard, Jack Giacomini, Judith Haglund, Bob McKenzie, Mimi Osborne, Hector Stephens; LOCKER ROOM CAPTAINS: Rich Fossat, Mimi Osborne; BUILDING AND FINANCE: Tom Silk, Chairman: Peter Brand, Pete Biannucci, Will DeBrunner, Frank Drum, Tom Macy, Hector Stephens, Herman Zahler

**Annex Design.** As far as can be determined the status of this design is as follows:

- Club architect is proceeding with design based on the summary of the planning session published in the last *Log*
- Several members who were at the planning session feel that session was not conclusive and produced assorted rather interesting but different and not compatible ways to go. Example: whether to dedicate the new ground floor space to a banquet hall with corner bar and view windows suitable for renting out or to dedicate the space to boat and other sport equipment storage.
- Herm Zahler, member of both the building committee and the planning team, has some darn good ideas, tempered by what is practical economically. Herm and others feel perhaps just an any-use shell is all we can afford now—if that—and that any design in which we commit ourselves now to features we won't be able to afford for years is not good since the club's needs may change in the interval.

**Luders Lifeline.** The original rope handrail up the main stairs of the club was a masterpiece of marlin spike seamanship. Alas, it was lost in the fire. Bert Arias and Bill Walden volunteered to replace this line, the job has been well done. Future party goers thank you especially, Bill and Bert.

**Bike Rack** for the first floor has been requested by Dave Hinton. It may be built by in-house talent and will accept both 12-speed rigs like Pete Butler's and 1-speed tried-and-true jobs like Walt Stack's.

**New B-Court Locker Rooms.** Herm Zahler of the building committee reviewed the bids for the new locker rooms (no lockers) associated plumbing and electrical work and the new downstairs toilet. 2 bids at \$60,000 and one at \$50,000 were submitted. The Board accepted \$39,000+ for this work less the downstairs toilet, saying for \$10,000 members could walk upstairs.

Pete Bianucci will be the sole contact with the contractor and this will be in writing. The officers of the club have instructed the membership not to give the workmen your better ideas. Tell the building committee.

Lockers will be subsequently provided, either nearly free metal or prefab wood.

When these locker rooms are complete, some of the locker users in the row next to the shower will be relocated and a new sauna next to the shower installed. No sauna for a week or two.

Some members want a warm cooling off nook to enhance locker room socializing when its too cold or dark for the sun porch and when one is too nude for the Stair Room.

**Personal Property & Junk Throw-Out.** Boat House Chairman, Bob McKenzie, has been empowered by the club officers to throw out ALL personal belongings that have been stored and forgotten or stored and not forgotten in the B-Court area. It is in the way of the construction of the new locker rooms. This serves as the final notice and all items not gone 14 days after this newsletter is mailed will be.

# SWIMMING

SWIMMING COMMISSIONERS: Tom Hofmann, Vince Huang, Susanna Spencer-Horner

**Maui Mermaids**

L. to R.: Cathy Holton, Debra Howard, Dede Hill-Mey, Suzanne Heim, Morgan Kulla (capt.)

**Maui Channel Women.** For the fifth and final year the Dolphin Club will be well represented by some very fast female swimmers—see photo. Morgan Kulla, who has headed this team for so long, says they intend to retire after this year. If successful our team will have won this event five years in a row. As we go to press the sixth swimmer has yet to qualify.

## 1982 Swim Schedule

| DATE              | TIME                             | EVENT                                                        |
|-------------------|----------------------------------|--------------------------------------------------------------|
| June . . . . .    | 19 Saturday . . . 08:45 am . . . | Gas House Cove*                                              |
|                   | 20 Sunday . . . . 09:30 am . . . | Three Club Gas House Cove Swim                               |
|                   | 21 Monday . . . . .              | Begin 100-Mile Swim                                          |
|                   | 27 Sunday . . . . 09:00 am . . . | Pier 39*                                                     |
| July . . . . .    | 10 Saturday . . . TBA . . . . .  | Open Invitational Swim (Cove)<br>(Formerly AAU Invitational) |
|                   | 31 Saturday . . . 08:10 am . . . | Yacht Harbor*                                                |
| August . . . . .  | 14 Saturday . . . . .            | Santa Cruz Pier                                              |
|                   | 14 Saturday . . . . .            | Donner Lake                                                  |
|                   | 15 Sunday . . . . 07:50 am . . . | Fort Point*                                                  |
|                   | 29 Sunday . . . . 08:00 am . . . | Doc Howard Over 45 Gas House*                                |
| September . . .   | 3 Saturday . . . . .             | Maui Channel                                                 |
|                   | 5 Monday . . . . .               | Waikiki Rough Water                                          |
|                   | 11 Saturday . . . 08:15 am . . . | Alcatraz                                                     |
|                   | 25 Saturday . . . 08:15 am . . . | Golden Gate I                                                |
|                   | 26 Sunday . . . . 09:10 am . . . | Golden Gate II                                               |
| October . . . . . | Being rescheduled . . . . .      | Dolphin Club vs S.E.R.C. Triathlon                           |
|                   | 21 Thursday . . . . .            | End 100-Mile Swim                                            |
| November . . .    | 13 Saturday . . . TBA . . . . .  | Swimmers' Award Dinner                                       |
|                   | 25 Thursday . . . 10:00 am . . . | Thanksgiving Day Cove                                        |
| December . . .    | 21 Sunday . . . . .              | Polar Bear Swim Begins: 30 Miles                             |

### Qualifications To Swim Alcatraz and/or Golden Gate

- Must be a member in good standing with swim fees paid by June 16, 1982
- Must wear either Speedo fluorescent cap or Coast Guard orange cap
- In-town members must successfully complete two outside cove swims plus an additional swim listed on 1982 Dolphin Club Swim Schedule
- Out-of-town members (100 miles) must successfully complete two out of last three Dolphin Club scheduled Golden Gate and/or Alcatraz swims
- \* Qualifying swims for the Alcatraz and Golden Gate swims

**Warning.** Due to record snow pack in the Sierra this winter, the tide book will be somewhat inaccurate this year with stronger flood and ebb tides (more water) running longer. (Thanks Tom Hofmann.)

**Underwater Hockey.** On May 15 & 16 six Dolphins competed in the 1982 Underwater Hockey National Championship in Chicago, Illinois. Defending their 1981 national title were The Treasure Island Divers captained by Holland Ja with 9 other players including Eric Schakelford. Also Defending their 1981 national title were the San Francisco FINtastics captained by Karen Jacobs with 7 other players including Jennifer Linton, coach, Nan Maynard, and Diane Lauderdale.

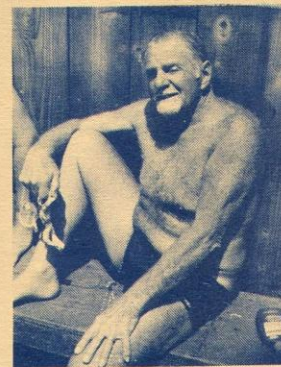

The FINtastics defeated the host team to retain their national title. The Treasure Island Divers finished second of ten teams, losing only to the host team, Brute Force and Ignorance.

Any Dolphin who wants to try hockey should come to the Treasure Is. pool any Monday or Wednesday 7:30-9:00—bring suit & towel—and, if you have them, fins, a face mask and snorkel.

**Tahoe Over 40.** Due to the "Olympic" Club granting scholarships to two teams of middle-aged needy swimmers, the great Dolphin Club, home of aged open water swimmers will not be able to field a team . . . Unless Dan Osborne can find 5 other over-40 men or women. Dan, winner of this year's Doc Howard over-45 race award, is not discouraged and says he has a lot of "maybe's". Give him a call if interested, 474-0096.

**Tom Hofmann**  
Swim Commissioner

**Joe Bruno**  
King of the Golden Gate

A couple of  
model Dolphins

# ROUGH WATER ROWING

BOAT CAPTAIN: Hans Kramer

**Competitive Roughwater Rowing.** A number of members, young and old, have expressed a nostalgia that we don't have a stronger (or any) roughwater racing program. Such racing has great social appeal—this club was built around it. But it's a chicken and egg problem. To get the people, boats are needed. To get boats people are needed.

Not to say there have not been some great individual rowing feats by Herm Zahler, Ray Mey, Bill Walden, Dave Hinton and many other. But how about a Dolphin team? Too old fashioned?

There is a program on the bay currently run by Gordon Nash of Sausalito. The editor asked him about the often-heard argument that there are too many different kinds of boats to make good classes for racing. He says that in the last race boats were divided into groups of 6-8 boats and that boats within each group finished within 1½ minutes of each other. Gordon goes on to say everyone involved enters these "races" for fun, exercise and to meet and socialize with other people with similar interests. He says the modern bay rowing program is just 6 years old and growing fast. He is selling 10-12 Alden singles per year and a class could evolve around this design or a few other popular designs.

A Dolphin active in bay rowing, Steve Wolf, thinks we should get a few Viking doubles which are such beautiful rowing craft they would attract rowers to in-house races from which we build to inter clubs, Bay races, etc.

Anyone interested in bay racing is encouraged to enter one or more of the upcoming events:

|           |                        |
|-----------|------------------------|
| June 26   | Lake Tahoe             |
| July 4    | Sausalito 2 miles      |
|           | Richmond               |
| August    | Monterey to Santa Cruz |
| September | Clearlake              |
|           | Catalina               |

**Catalina Race** This year's race is coming up Sept 21. Our Ray Mey will be rowing with Gordon Nash of Sausalito. Ray and Gordon previously set a record of 6½ hours for this potentially very rough open ocean row.

## Boat Renovation

### Boats:

Charles Farrell  
Lawton Hughes  
James Cronin

### Work Done

2 new tillers complete  
New bow and stern painters  
3 new knee braces  
Farrell tingle  
New foot leathers  
3 new seats and seat guides  
Repair 12 oars  
And much more

### Volunteers

Carol Berry  
Roger Berry  
Jim Growden  
Nancy Sullivan  
Frances Sutherland  
Jeff Redlitz  
Siri Olexo  
Zack Stewart

### Time

1000 man hours  
during March and April

**A Good Boatman** is John Conrad who brings one piece of sandpaper with him each time he comes to the club. After he uses a boat he sands until that piece of paper is consumed. He figures if this practice caught on some of our varnished wooden fleet could at least be saved and perhaps even up graded.

**Blue Ribbon Committee** to inventory all rough water rowing boats was appointed by the board. Ray Mey, Dan Osborne and Tom Hofmann accepted the responsibility and we look forward to their report. This was occasioned in part by the fact that when Ray Mey came down to get a boat to enter a bay race there was not one boat ready for racing and he had to go to the South End and borrow.

## Quadrathon

May 31, 1982

| Bike                    | Row                      | Run                        | Swim                     |
|-------------------------|--------------------------|----------------------------|--------------------------|
| Jim Cotton ..... 30:42  | Wayne Riddle ..... 19:13 | George Wertin ..... 36:56  | Bill Powning ..... 28:17 |

|                         | John Conway ..... 21:48  | Mondini ..... 24:05        | Geo Kebbe ..... 22:42    |

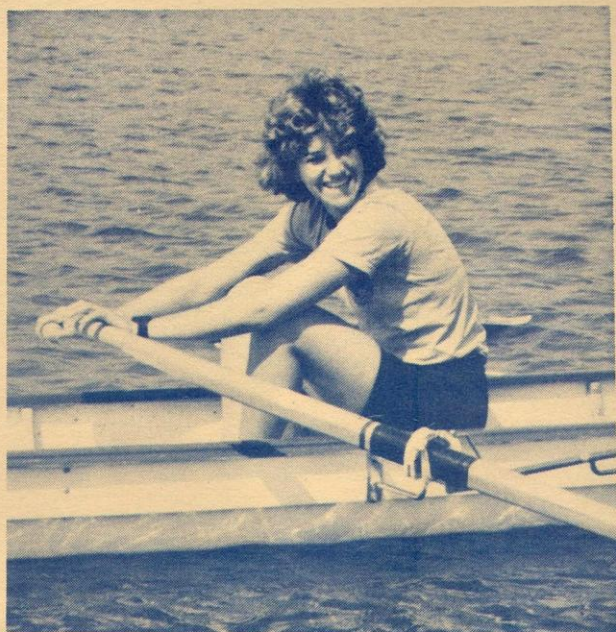

## Spectacular Performances

Running: Rich Murray ran thru boathouse wall to save time—very fast looking.  
Swimming and handicapping: Vince Huang (disqualified for using rubber tummy flattener)  
Biking: Dan Osborne keeping up with Eduardo and Susanna on a balloon tire rig.  
Rowing: Frank Drum in a canoe and Bill Walden in an auxiliary row boat.  
Galley: Pete Sturiale, Herm Zahler, Robin Phalen  
Timing: Mimi Osborne  
Ribs: The Beas

# SMOOTH WATER ROWING

ROWING COMMISSIONER, LAKE: *Jim Storm*; Assistant: *Tom O'Connell*

**Dede Hill-Mey**  
*Champion*

**Bravo Dede.** Dede Hill-Mey who won the Women's Bay Area Rowing Festival recently on Lake Merritt is just back from Long Beach where she represented the club and nabbed a silver in the Southwest regionals (being nosed out by 0.2 sec.) and a gold at the Spring regatta. She is currently training for the nationals which will be in Connecticut the 17th of June.

**The Lakers.** Things are looking up at the lake. New smooth water oarsmen are joining and the fleet is expanding with modern high speed, low maintenance shells. We were wandering around the boathouse one sunny Saturday morning and met some of the crew. Dr. Jim Storm has taken time from his very busy medical practice to handle some of the lake administration, not much fun compared to rowing. One of his fellow rowers informed us that Jim is probably the fastest man in S.F., having won a silver medal in the Tokyo Olympics. Since we have reported elsewhere that Tony Stagliano is the fastest Dolphin, we're wondering if we could resolve this by having a first ever anywhere race between a shell and a marathoner. How about at the Lake Regatta this fall?

**Old Boats.** Jim Storm, Lake Rowing Commissioner, made an excellent sounding suggestion: retire the old, no longer used wooden boats to be hung over bars. This would be green pastures for the old heros. In fact if we could cull out the retirement-worthy rough water wooden boats, this would release space, energy, and money for seaworthy, low maintenance ships of the line

**New names for singles.** Names for the three new singles are needed.

The following good suggestions have been made:  
*Jim Small*—quote from *Dolphin Log* of Nov., 1963.

"On Sunday, October 20, 1963, a tragedy occurred on San Francisco Bay which shocked not only the Bay Area, but California and the whole nation.

One of San Francisco's most outstanding young men, participating in a swimming event was maimed by the propeller of a fishing boat and although tenaciously fighting for his life some sixty nine hours, died as he lived—courageously.

James C. Small was a fine example of young manhood. Of sterling character, possessing a brilliant mind, a wonderful physique, coupled with a most charming personality, a young man destined for a most promising future. Having served his country in the Marine Corps and graduating from the University of California with honors, he was engaged in financial work where he was achieving marked success. All lost to the country in that tragic Sunday morning accident."

*Stu Evans*—the first man to swim to the mainland from the Farallons (Aug 28, 1964).

He also swam the following: Catalina Channel, Salton Sea, Golden Gate Bridge to SF Airport.

*Steve Cuthbert.* A lifeguard, swimmer, criminology graduate of UC Berkeley and a great swimmer and a great man. He was a pilot shot down over North Vietnam the last day of the war. He made it to the ground but then disappeared into the jungle never to be seen again, leaving a wife and 2 children.

**Row For Fun Day** is being planned for September or October to acquaint the Cove members with the Lake members. Also there will be an open house. Doug Ware is heading this up and calling it a "regatta".

**Tom Troneum**  
*Past president and coach*

**Tom Troneum.** We ran into Tom Troneum recently out at the lake volunteering to lifeguard over the young people at the piers area to help reduce accidents. Tom is a past Dolphin president and triple Pacific coast rowing champion (all three weight divisions). Tom has had an interesting life including early rowing on Puget Sound, training in the steel industry in the East and rowing for Marquette and finally making a big contribution to rowing and steelmaking here in the Bay Area. At 84 he is a testimonial for rowing.

# RUNNING

RUNNING COMMISSIONERS: George Galarza, Joe Oakes, Susanna Spencer-Horner

**Escape From Alcatraz.** This year the Escape From Alcatraz Triathlon will take place on a favorable tide on Saturday, August 28, 1982. The time will be "early AM" and will depend on what the water tells us the day before.

Entries and inquiries are coming in from all quarters. We have heard from Canada, Mexico, Belgium, and several eastern states. As usual, we can expect most of the entries to be from the Bay Area, but southern California is catching on. I've been told that Kim Bushong is very interested. Kim led the entire bicycle portion of the Hawaii Ironman Triathlon in January, and is an L.A. lifeguard.

We are limiting the field to 100. At \$100.00 entry fee, we expect it to fill up before August 1. That will put \$10,000 into the club building fund. The club has budgeted \$2000 for the event so it will be a very profitable venture.

For those of you who are not familiar with the event, it goes like this: We take the Triathletes out to near Alcatraz, have them swim to the Rock, and at a signal go like the dickens headed for the club. The swim, about 1 1/4 miles, goes through rough water, treacherous currents, and temperatures low enough to put two lumps in your throat.

Dried off, they mount bicycles and head across the GG Bridge for Mill Valley (about 1 hour ride) where they dump the machines, climb up and over the flanks of Mt. Tam, down into Muir Woods, up again and over to Stinson Beach. At the beach they turn around and head back to Mill Valley.

All contestants will receive a trophy, a belt buckle and a tee shirt at an awards dinner at the club. Pasta for all entrants and their guests (for an additional five dollars apiece).

We will need your help to make it go well. We will need every available boat in the water, that's our number one priority. We will also need aid stations, timers, recorders, and maybe pacers for those who do not know the course. It will take a lot of us to do the job well. Please be receptive to the chairpersons of the various parts of the event when they ask for your time on Aug. 28. There is a tee shirt in your future for helping.

**Walt Stack**, just back from the Paris marathon, was recently presented in Florida with what he calls an "Oscar" (Scott Hamilton Award) for being the outstanding running club president in the nation. His club, the SFDSE Runners is one of the two largest clubs in the country with 1200 members (down from 3000 due to a lot of copy cat clubs springing up). Those in attendance agreed Walt deserved an oak leaf cluster for also being one of the best of after dinner speakers. For the fans of Walt in the Club here's how his career box score currently Stacks up:

- 108 Marathons
- 11 50 milers
- 3 100 milers
- 2 Johnny Carson shows

**Boston Marathon.** Dolphins running in and finishing this classic were:

- Harry Cordellas
- Tony Stagliano (reputed to be the fastest living Dolphin)
- Rich Murray (2:54)

**Hawaiian Ironman Triathlon.** Received a nice letter from our Running Commissioner, Joe Oates, reporting on this years Ironman. This is such an incredible, and Dolphin-like event and because Joe's first hand account is so good lets hear it:

Three members of the Dolphin Club competed in and completed the recent Ironman Triathlon in Hawaii. This event consists of a 2.4-mile roughwater swim followed by a 112-mile bicycle ride, capped off with a 26.2-mile marathon run. Peter Matty's time was a shade under 15 hours, Joe Oakes was some 20 minutes behind that, and Pete Butler was a wee bit behind Joe. The average age of these three guys is 50+, with Joe being the kid at 47.

This year the race was held on the Kona side of the Island. The water was a little bit rough, but not really bad. The swim was held in a semi-protected bay, and the currents are not really strong. The only difficulty we might have had was towards the very end. Water temperatures, of course, were unbelievably pleasant.

The bicycle ride in this race is probably the most difficult of the three events. It's 112 miles of road, bucking heavy, heavy headwinds on the north end of the Island. Top that off with the fact that we are cycling in the sun all day long (approximately seven hours on that infernal machine), and that the temperature's well over 100° in some areas. One of the things about the race is the beautiful attitude of the Hawaiian people. They had an aid station for us every five miles, with smiling faces handing out fresh water or ERG. There were 584 contestants, and there must have been over 1,000 people working at the aid stations which were located every five miles during the bike race, and every mile during the foot race.

There's good news and bad news about the foot race. The bad news is that nobody really feels like running a marathon after having exercised for some eight or nine hours prior to it. The good thing is that by that time the sun is starting to set and you don't have the direct heat of the sun to work you over. It's a little bit easier to run in the cool, cool, cool of the evening. That may be one of the reasons why about 90 percent of the starters were able to finally finish, some of them the next day.

For the third year in a row, ABC Wide World of Sports made a big deal of this event. There were some good shots of Dave Horning from the South End Club while he was in second place during the bicycle portion of the event. Unfortunately, Dave's body signs started to deteriorate and he had to withdraw from the race. You will recall that Dave was the winner of last year's Escape from Alcatraz Triathlon. Joe Oakes also was on TV, but his shots were a little bit different. The ABC helicopter hovered over the mens' changing area just long enough to get a good shot of some of the whitest parts of Joe's body.

The event will be run again in October. Up until now it was contested in January, but some of the people from back East have difficulties training for the event during the winter-time. Very encouraging is the fact that there are a lot of good, strong women competitors. They are getting more numerous and better every year. Also encouraging is the fact that athletes from several nations showed up. We had people from England, Australia, Hong Kong, Japan (lots of Japanese), Bermuda, Canada, Mexico, etc. It all made for a very fine, fun event.

Joe Oakes

**Over 500 Miles.** As of press time the following stalwarts had knocked off 500 or more miles

- |             |               |                        |
|-------------|---------------|------------------------|
| Joe Oates   | Stan Hylinski | Susanna Spencer-Horner |
| Walt Stack  | Don Reid      | Brock Settlemier       |
| Pete Butler | Pete Bianucci | Hugo Buchholz          |
| Tom Gould   | G. Galarza    | Buck Swannuck          |

# RUNNING

## Coming Events

1. A *Swim-Run Biathlon* (½ mile and 3 miles) in Aquatic Cove on July 4 at 9 AM.
2. A *Bike-Run Century Biathlon* (73.8 miles ride, 26.2 miles run) on August 16. Santa Cruz to Half Moon Bay round trip: 100 miles

For more info on both, call Vicki at 941-6287

## Bay To Breakers this year had Dolphins

Buck Swannack

Susan Allen

Susanna Spencer-Horner

helping with the running of and then running in the race. With a field of 55,000 there must have been some other Dolphins buried in there somewhere.

**Tom Gould**, our immediate past president and good man with the gavel just ran, appropriately, the Avenue of the Giants marathon. Good going Tom.

**SFDSE Runners.** The following schedule was furnished by Walt Stack. The runs look fun, friendly and for a new twist: scenic.

|        |         |            |         |                                                                                        |
|--------|---------|------------|---------|----------------------------------------------------------------------------------------|
| Sunday | July 4  | 10:00 a.m. | 9.2 mi. | Double Lake Merced run—meet Sunset Blvd. North Parking Lot, San Francisco              |
| Sunday | July 18 | 10:00 a.m. | 3.5 mi. | Mt. Davidson run—meet Riordon Hi School 175 Phelan Ave (near City College of S.F.)     |
| Sunday | July 25 | 10:00 a.m. | 4.5 mi. | 'Womens Festival Run' at Legion of Honor Museum, park cars 34th Ave./Clement, S.F.     |
| Sunday | Aug. 1  | 10:00 a.m. | 6.2 mi. | Daly City Scenic run—meet Colma School east of Mission & Market, Daly City             |

# HISTORY AND LORE

SEMINARS: *Morgan Kulla*; ARCHIVISTS AND HISTORIANS: *Brian Gilpin, David Hull, Walter Schnebelli*

**Dolphin Lectures: Bay Ferries.** May 11th's talk and movie by Dr. Snead, a 3rd generation San Franciscan and a life long (74 years) ferry boat enthusiast was a night well spent. A great deal of history and anecdote was recounted; the following tidbits stuck with our reporter:

- The earliest regular route was to Sacramento starting in 1849 and taking about 5 days.
- First double ender in 1860—the *Alameda*
- No two ferries were alike (just looked it). Each new design made changes to previous versions.
- 250 feet and 3000 passengers was the maximum size due to hull strength
- Ports of call: Tiburon, Sausalito, Oakland, Napa
- The walking beam engine was the most durable engine (110 yrs) and could be readily recommissioned. The *Eureka* in front of the club has one.
- A run from S.F. to Tiburon was made by the *Tamalpais* in 17½ minutes.

**The Cover** shows turn of the century Dolphins

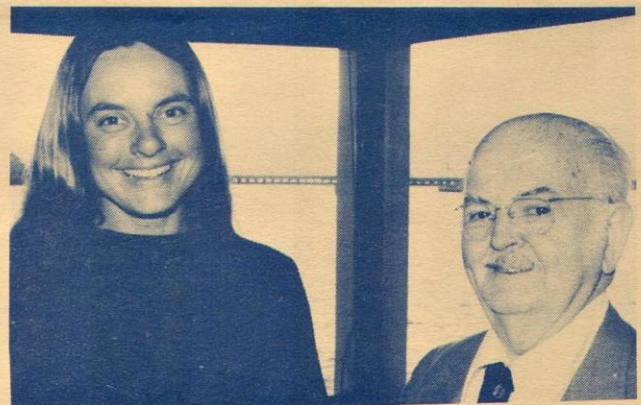

Al Pape

Bill Smart

Bill Schwarting

Jerry Keniff

Bill Walden found this photo in the roll top desk of a man whose father had been a partner with Tom Crowley, Sr. of S.F. Bay tug boat fame. To Bill's knowledge this photo was not in the club before the fire.

Morgan Kulla & Dr. Snead

**Historic Photos.** Morgan Kulla advises our old photos are still with the restorer, that he has a hard job, that he does good work and that it may be months or years until we see them again.

**Sacramento Fare.** Bill Walden reports that during the goldrush one of the regular ways to Sacramento was by rowboat. The fare was an ounce of gold plus helping with the rowing.

# WEIGHT ROOM

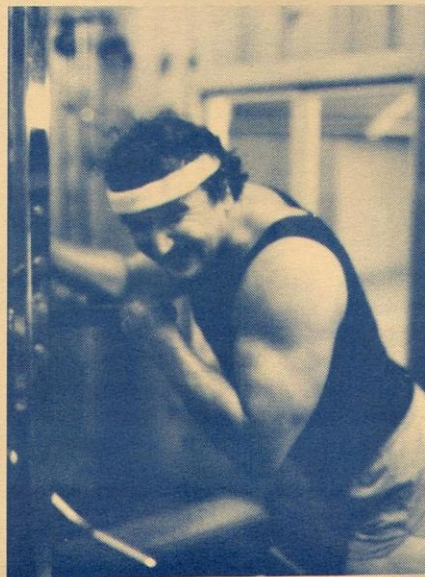

WEIGHT ROOM COMMISSIONERS: Rich Fossat, George Calarza, Vince Huang, Rico Passanisi, Susanna Spencer-Horner

**Low Back Pain Anyone?** Wandered into the weight room the other night and ran into Pax Beale, ex-boxer and hospital owner going at it with great fervor. Found out he had two programs that might be of interest to other members:

- *Stopping Low Back Pain Forever.* Very Simple:
  1. Go to St. Mary's Medical Center and attend Spine School
  2. Learn the right pelvic tilt
  3. Build the abdominals in order to hold the tilt
  4. Do spine decompression exercises (such as the upside down boots we have)
  5. Adopt philosophy back is a permanent potential problem and swear off bad back habits forever (like AA)

This has worked for Pax, his back is best it has been in 15 years.

- *Fast But Good Workouts:* Use Mentger Method
  1. 2 cycles for each muscle group
  2. Each cycle consists of 2 sets
  3. Each set 6-10 reps
  4. 1st set is isolation (pre-exhausts)
  5. 2nd set follows 1st by 3-5 sec and squeezes a little more torture into the muscle of interest
  6. Do #1-5 above every other day
  7. Once a week add negatives

**Stan Hlynsky**  
Vice President

**M&M's.** Seen giving the Pumping Iron Palace a better look: Maria MacMasters and Maureen McGee. Keeping an eye on things were Mike Horst, Scott Schwartz and Randy Pinetti. The room looks well cared for; even the swimming machine works. Will someone tell the Log who gets the credit?

# CYCLING

**Weekend Bike Rides.** Cycling is another sport coming alive at the Club with a little help from Dave Hinton. All Dolphins with bikes are encouraged to come. Speed is not required since the group usually breaks up into three packs:

- Front End Pumpers often led by mai tai powered Randy Pinetti, head down and going for broke
- Moderate Middlers with the likes of Katherine Fox who likes to move but not so fast as to interfere with conversation or the view and
- Rear Guard usually kept laughing by Era Osibe, who are having a lot of fun and who will meet you at the end.

The bikers meet most weekends weather permitting on the day there is no swim. Check the bulletin board.

**Ready to Roll**

L. to R. Pete Butler, Jenifer Linton, Eric Shackelford, Era Osibe, Randy Pinetti, Kathy Fox, Dave Hinton

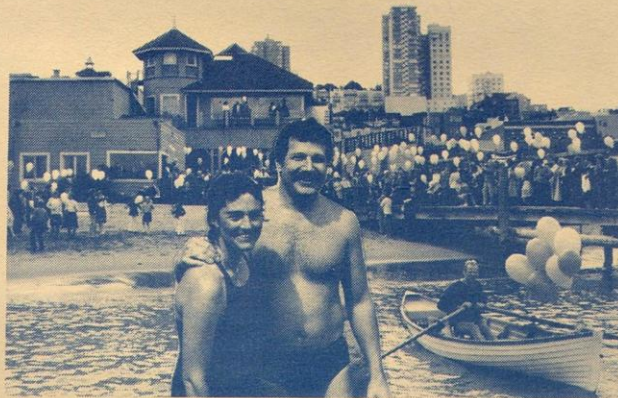

## SOCIAL

### Campbell-Urban

**Beach Wedding.** Diane Campbell and Ed Urban, both Dolphins, were married on our beach, March 24th.

The location of the ceremony was classic but when the vows were completed and the bride and groom started to disrobe, some of the less intelligent of us thought, yes this really was going to be an exceptional wedding. Surprise, Speedos, and off they swim—disappearing, not into the sunset, but behind the Appleton Hall escorted in the grand style by a balloon-dressed floatilla of Dave Hinton, Joni Beemsterboer, Susan Allen, Ginny Lutz, Susana Spencer-Horner and other hearty well-wishers.

Diane and Ed

**King Of The Bay** Mike Garibaldi is alive and well in Hollywood and his address is 1800 Colby #201 Los Angeles, Calif. 90025. Would-be feminine pen pals are advised of rumor that Mike may be getting married in Sept., so use air mail.

**Congratulations** to Tracee Talavera, 1982 US Gymnastics Federation National All Around Champion.

## HANDBALL

HANDBALL COMMISSIONER: *Ralph Zappala*

**Ralph Zappala**  
Handball Commissioner

**Meet Ralph Zappala.** Our new volunteer Handball Commissioner is a Dolphin out of the classic mold. His idea of a workout at the club is a few games of handball, hit the weight room and pump a bit of iron, zip out to the gate and back for a bit of lung work, swim round the Cove to cool off and drop by the Staib Room for a beverage.

**Handball Shall Rise Again.** Handball was down but not out. Recent threat of conversion of our court to racquetball brought out a storm of protest and 57 signatures from handball players coming out of the woodwork from all around. The thinking of many of the handballers is that handball is nearly as much a part of the Dolphin tradition as swimming and rowing. Handball was well established when Frank Staib made his address to the club at the 50 year mark in 1927. The other side of the argument is that racquetball, like hot tubs, is popular . . . will of the majority etc.

So the only way we can maintain handball is to participate a bit in some of the activities that the new volunteer Handball Commissioner, Ralph Zappala, is going to organize.

**Handballers Sign-up** on bulletin board so that Ralph can find out who out there supports a revitalized program.

**Coming Handball Events.** It just so happens that Commissioner Ralph's cousin is a handball heavy, one George Zafferano who wrote a book on handball, *Handball Basics*. Mr. Zafferano will give a handball clinic if we can drum up enough interest. Ralph also has ideas on some simple matches and eventually tournaments.

# THE CLUB

PRESIDENT: Frank Drum; VICE-PRESIDENT: Stan Hlynski; RECORDING SECRETARY: Joni Beemsterboer; FINANCIAL SECRETARY: Dan Murphy; ACTING TREASURER: Al Bogart; GOVERNORS AT LARGE: Bob Colyar, Debra Howard, Vince Huang, Ray Mey, Dan Osborne, Mike Plunkett, Walt Stack, Ray Talavera; FINANCE OFFICERS: Tom Gould, Tom Hofmann; SALES: Joe Bruno; LOG EDITOR: Jim Cotton

**President's Message.** It appears the response to the coming handball tournament is good, with some dormant players getting back into shape. We wish you the best of luck and many more tournaments in the future.

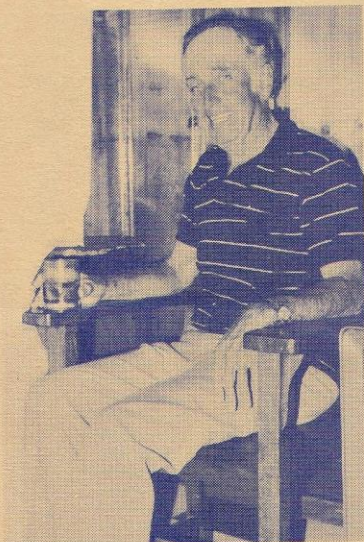

In swimming the moment of truth is approaching, i.e. the Big Ones: Alcatraz and Golden Gate. Already some out-of-town members are flying in for the event, such as the Rockwoods from North Carolina.

Interest in both Bay and Lake rowing is increasing. We have a Rowing Commissioner now in Dave Hinton and a regatta planned for the Lake.

The name of the game is "participation". You get out of the Club what you put in.

## Frank Drum

President, Dolphin Club

## Dan Murphy

Financial Secretary.

**Message From The Financial Secretary:** "Keep those cards and letters coming."

**Annex Ballot.** As the result of a decision by the Board at the July 21 meeting a committee (Beale, Dahlberg, Gould, Howard, Maloney, Schatz with Drum ex-officio member) was appointed to write a ballot to be brought back to the board and, if approved, sent out to the general membership. Up to press time there have been two long meetings of this committee trying to devise a ballot that, when mailed out, will produce a prudent decision on this important issue. It is not an easy task because there are some "what if" considerations such as leases, insurance money and various attorneys' opinions.

## New Members, Welcome Aboard.

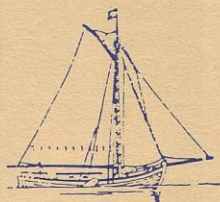

|                     |                 |              |

**Receiving Log?** Any member not receiving his Log in the mail give your name and address to Dan Murphy.

Next issue will be much smaller—Editor.

# CLUBHOUSE

ASSISTANT BOAT CAPTAIN: Bob McKenzie (Boathouse); HOUSE COMMITTEE: Bert Arias, Susan Allen, Al Bogard, Jack Giacomini, Judith Haglund, Bob McKenzie, Mimi Osborne, Hector Stephens; LOCKER ROOM CAPTAINS: Rich Fossat, Mimi Osborne; BUILDING AND FINANCE: Tom Silk, Chairman: Peter Brand, Pete Biannucci, Will DeBrunner, Frank Drum, Tom Macy, Hector Stephens, Herman Zahler

**Sauna II.** Let's hear it for Bob McKenzie who worked 17 hours straight (!) to get the snifty new cedar sauna ready for the men by the Yacht Harbor Swim. Veep Stan Hlynski also put in some long hours. Both men laid down their tools late at night and then swam early the next morning.

Bob McKenzie  
Boat House Captain  
demonstrating how to get carpenters thumb.

# THE FLAG POLE

**The Flagpole.** If you have ideas or opinions you want to expose to the general membership for reaction (if any) run them up the flagpole! We reserve the right to edit for brevity and wholesomeness.

**Bert Arias**  
*Keeper of the Flag.*

**The Annex Issue.** As a first and starter item for The Flagpole I offer a "solution" to the annex/referendum brouhaha. First drop any idea of debt financing as politically unviable. Either build a \$200,000, 4000 square foot no frills, future-expandable shelter inside a big fence with lots of deck or give back the money and land.

This way the decision is not financial and not long-reaching and need not go to referendum.

A 4000 square foot new structure is not going to add much to the maintenance bill of a 15,000 square foot old club. Also there is no correlation between structure size and membership size; this is not a dance hall.

*Jim Cotton*

## SOCIAL

**A Golden Gate Diamond Jubilee.** Jim Mayall will celebrate his 75th life anniversary Sept. 25, 1982 surrounded by his fellow Dolphins in the middle of the Golden Gate and back at the Clubhouse. He was born Wed., Sept. 25, 1907! See you there, Jim.

**Frank Mennucci—49er.** Easy-going good-natured Frank recently celebrated his 49th wedding anniversary at a party thrown by his son. Now we know Frank's secret.

**Hector Stephen** says the Dolphin Club gave him 15 extra years of life! Hector says he had high-stress jobs all of his life, drank like a regular "rounder" and smoked two packs of cigarettes a day until he was 72. BUT he swam regularly in the Bay, which no one could deny exorcizes the circulation, and that, Hector, who is now in his 80's, believes is the key.

# SWIMMING

SWIMMING COMMISSIONERS: Tom Hofmann, Vince Huang, Susanna Spencer-Horner

**Trans Tahoe 82.** Three Dolphin teams made the trek to the Sierras this year to enjoy fresh pine air and freshwater swimming. The Dolphin men had a tough time beating the Dolphin women by 30 seconds after 16 miles of swimming. The third dolphin team, the illustrious Water Pigs, might well have won the race (it is theorized) but for their boat's fizzling out 10 minutes into the race. The decision was to let the team's lead swimmer Debra Howard carry on while the other five pigs went off to Tahoe City for breakfast and boat repair. Somehow the team reunited in mid lake a few hours later and finished in style.

Vince Huang

**John Dahlberg**, who piloted during the July 31 yacht harbor swim, reports that the piloting was excellent for that swim—that is the swimmers were well protected and monitored. He suggests that the swimmers themselves should look up more frequently to get guidance from the boatmen.

**Long Distance Nationals.** Conrad Von Blankenberg swam in this 3 mile event held recently down south in Seal Beach. He won a 5th in the 40-45 yr. age group, swimming with his daughter Tamra, who brought home a 3rd for herself. Also seen at Seal Beach picking up a gold was our own great soon to be ex-bachelor Mike Garibaldi.

**Trivia Question.** Who was the first known prisoner of Alcatraz to swim to the mainland from the Rock? (Hint: He happens to be a Dolphin)

Ans.: Walter Stack

## 1982 Swim Schedule

|           |                   |          |                                    |
|-----------|-------------------|----------|------------------------------------|
| August    | 29 Sunday         | 08:00 am | Doc Howard Over 45 Gas House*      |
| September | 3 Saturday        |          | Maui Channel                       |
|           | 5 Monday          |          | Waikiki Rough Water                |
|           | 11 Saturday       | 08:15 am | Alcatraz                           |
|           | 25 Saturday       | 08:15 am | Golden Gate I                      |
|           | 26 Sunday         | 09:10 am | Golden Gate II                     |
| October   | Being rescheduled |          | Dolphin Club vs S.E.R.C. Triathlon |
|           | 21 Thursday       |          | End 100-Mile Swim                  |
| November  | 13 Saturday       | TBA      | Swimmers' Award Dinner             |
|           | 25 Thursday       | 10:00 am | Thanksgiving Day Cove              |
| December  | 21 Sunday         |          | Polar Bear Swim Begins: 30 Miles   |

Sean Kelley, Buck Swannuck, Hugo Buchholtz

*The Sage has spoken.*

# SWIMMING

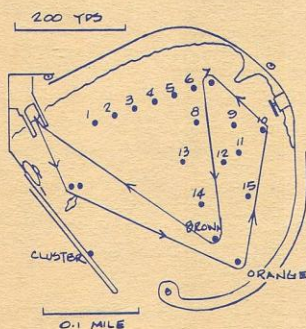

**Ray To The Rescue** During the cove swim July 10th Ray Martelli saved a lady suffering from severe hypothermia. Although the water was not cold by cove standards (60°F) the swimmer's light weight (95 lbs) and lack of cap contributed significantly, Ray thinks. It took several hours to bring her back with coffee, hot showers, blankets, etc.

By the way, has anyone ever paid attention to how well prepared Ray is for his piloting-rescue volunteer mission (see photo)? Note length of board, tow line, horn, whistle and smile.

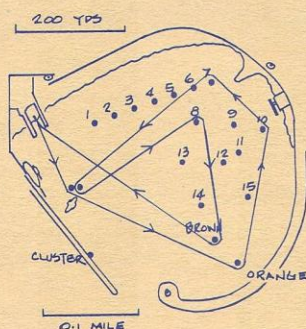

Swim Bus

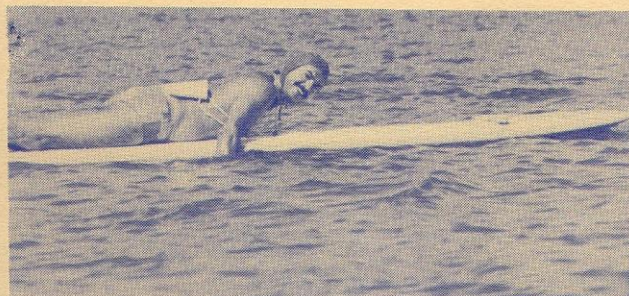

**Surveyed Swims.** Anyone interested in good conversation should join the Nooners for a Cove swim. 12:00 to 12:15 is spent sunning while waiting for a quorum to develop. 12:15 to 12:30 is spent deciding what course to swim. 12:30 to 12:45 is spent getting the confusion out of the directions. "You mean the Dolphin fishing boat or the Dolphin sailboat or the pile Dolphin or that Dolphin buoy?" Then in the showers its "you went around the wrong side of the white boat, etc." Since this is half the fun we wouldn't want to change it, but for anyone interested in swimming a known distance the "Hofmann" and "Kebbe" may be useful. The distances were arrived at by triple triangulation and plotting on a 1"=100' chart, so should be accurate.

"Hofmann" 0.7 MI

"Kebbe" 1.1 MI

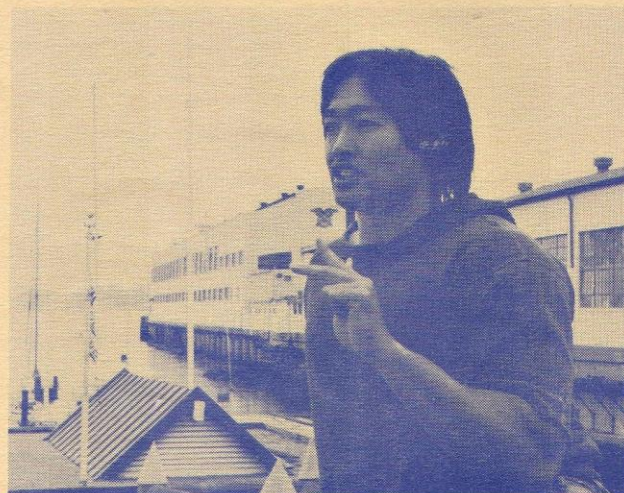

Ray Martelli  
Swimmer's friend.

Suzanne Heim  
Long distance swimmer.

**First Prison-to-Prison Swim.** Suzanne Heim became the first person to swim the 8 miles from Alcatraz to San Quentin. Herman Zahler plotted the course and was the pilot. Stan Hlynski ran the lookout motorboat and Capt. Roy Savingano ran the pilot rowboat. Jack Betten-court and Randy Pinetti accompanied Suzanne on paddleboards. Water temperature was 54°F.

Vince Huang  
Swim Commissioner  
"Okay, listen up."

# ROUGH WATER ROWING

ROWING COMMISSIONER: Dave Hinton; BOAT CAPTAIN: Hans Kramer

**Dave Hinton**  
*Rowing Commissioner.*

**Flash.** The club has just purchased a fast version of the Wally Smith just in time for use in the up-coming Alcatraz races. This boat is fiberglass and will not require much future maintenance. The price was lower than it would have cost to repair the Viking, which some experienced boat builders say is not worth repairing and should be hoisted to a final resting place of honor above the bar.

**Launching Apron.** Top of the stairs one can find an unsigned note or two. Some are interesting reading but unprintable. The *Log* mailbox received this one, which may have some merit. Welcome our mystery guest and sign in please:

**Can You Enter A Note In The Log To The Effect:**

How about reconstructing the apron mechanism so it will lower down to low, low tides?

It's really ludicrous, but fitting that it is as inappropriate as it is.

It occasionally breaks if lowered so as to reach low tide and/cr is stressed and is unsafe.

*Thank you.*

**A Stake Race** between the best double from the South End and from the Dolphin Club has been agreed to in principle. The South End has a crack pair and boat (Flack/Elsworth/Valhalla), so this too will be serious business. Stake races were commonplace on the Bay 100 years ago.

**Blue Ribbon Committee,** composed of Dan Osborne, Tom Hofmann and Ray Mey, is still working on their boat inventory. The most difficult part of this task is that it carries with it the responsibility to recommend disposal of those boats that are no longer assets in any way to the club but continue to absorb boathouse space and energy. Bound to be controversial, hence the need of blue ribbon types. The new Rowing Commissioner is also looking forward to this report so that he can formulate his program.

## **Dave Hinton—New Rowing Commissioner.**

The roughwater rowing program now has hope with the appointment by President Drum of veteran oarsman and club leader, Dave Hinton. It's a job no one was eager to volunteer for, yet in a sense it is the most important job in the Club. Bay rowing is pivotal to the past, present, and future of the Dolphin Club. Without boats there can be no serious swimming program, and with no swimming and boating there's no need to be located at Aquatic Cove. Running, weight lifting and handball can be done out at Daly City, it might be argued.

We are advised that the ordering of sport popularity in the Club goes about like this:

### **Dolphin Sport Ranking By Popularity**

1. Gossiping/Arguing/Criticizing and Politicing
2. Swimming
3. All the others
4. Underwater hockey
5. Competitive roughwater rowing

Dave (and a few other Friends of Bay Rowing) are going to try to turn this around and will need all the help and forbearance he can muster.

Dave and the Friends have the following worthy ambitions:

1. Create a Rowing Commission with certain powers and on-going responsibility for the program and fleet.
2. Devise a system to protect the fleet, many of which are priceless and fragile antique craft.
3. Start to develop a rowing team open to anyone who will fully participate in racing and maintaining the team boats.
4. Have a few basics clinics on boat launching, etc.

**Herman Zahler and Bill Walden**

# ROUGH WATER ROWING

**Alcatraz Races Coming Up.** The new rowing commissioner already has plans for a serious non-funky race around Alcatraz.

Three of our fastest doubles will be used: the Cronin the Farrell and the Smith. Teams will draw for boats. Event open to all, but rowers must be qualified. Already lined up for the race are the following pairs:

1. Morino and Mondini
2. Steve and Randy Pinetti
3. Ray Mey and Gordon Nash (newly joined)

**The Big One: Catalina 82.** The Dolphins will be well represented this year. Already planning to row are: Bill Walden and Walt Haake  
Judith Haglund and Kathy Fox  
Ray Mey and Gordon Nash

**Judith Haglund, Serious Rower.** We ran into Judith at the Sausalito Funky Boat Race after seeing her paddling around Aquatic Cove at the 4th of July Biathlon (organized and run by Joe Oakes.) Turns out Judith has rowed all over the place including a 30-mile Delta row and the Monterey-Santa Cruz race and has plans/dreams for bigger adventure yet (trans-oceanic row anyone?)

**Judith Haglund**  
*Movin' along.*

## The Roughwater Fleet\*

| Class         | Boat      | Description           | Uses in 81-82 | Condition        | Comments              |

\*Thanks to Zack Stewart, Bill Walden, Mimi Osborne

**Swimmers Turn To.** In a good example of recognition of the importance of the boats to the swimming program, a number of swimmers (and rowers) can be seen in the photo sanding the unnamed boats and making them ready to join the fleet. Tom Hofmann gets the credit for organizing this with help from Dan Osborne and Bob McKenzie.

**Who's Rowing?** Thanks to the Boathouse Graybeard we have extracted from the boat logbook the Club's 10 most active rowers:

|     | Name       | Uses Last Year |
|-----|------------|----------------|
| 1.  | Haglund    | 86             |
| 2.  | Hinton     | 51             |
| 3.  | Fox        | 42             |
| 4.  | Olexo      | 33             |
| 5.  | Walden     | 31             |
| 6.  | Berrys     | 29             |
| 7.  | Sutherland | 20             |
| 8.  | Zahler     | 19             |

| 10. | Thorne     | 17             |

# RUNNING

RUNNING COMMISSIONERS: George Galarza, Joe Oakes, Susanna Spencer-Horner

**Escape From Alacatzr**—Sat. Aug 28, Bodies Needed. This event has rapidly grown in fame to the point where we can now charge \$100 for the privilege of participating, as well as having Miller Brewing Co. sponsoring. Now the challenge is to run a blue chip triathlon and leave a good impression with all of our one-day guests from all over. This event will either benefit or hurt the entire Club, depending on how well we run it. So please answer the following call from Running Commissioner, Joe Oakes:

## Bodies Needed

### To:

Vince Huang  
Jennifer Linton &  
Don Harrison  
Walt Stack  
Herman Zahler &  
Frank Mennucci  
Tom Gould &  
Tom McNicholas  
Hector Stephen  
Terry Chodosh  
Peter Butler &  
Joe Oakes

### For:

Piloting  
Bike course  
  
Run course  
Awards dinner  
  
Timing/results  
  
Bicycle security  
Awards assistance  
Other?

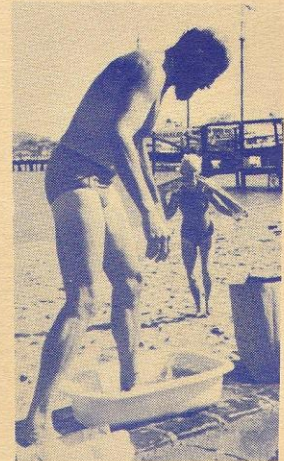

We have Tee Shirts for the good folks who help us.  
(We expect the event to clear close to \$10,000 in profits this year.)

**Joe Oakes** has been elected to the Board of Directors of the USTA (United States Triathlon Association), the recently formed governing body for the sport of Triathlon. "The growth of Triathlon in the US is unbelievable", says Joe. "Two years ago you would have had a hard time finding triathlons in which to compete. Now there are literally hundreds of them springing up around the country. Hawaii is numero uno in terms of endurance and reputation because of TV coverage. The Escape from Alcatraz is much shorter but much more intense, much more rugged and probably more difficult in a different way."

Also elected directors of USTF were Northern Californians Dave Horning (South End), winner of Alcatraz and several other triathlons; and Sally Edwards (Sacramento) President of the Fleet Feet running store chain.

**Pavla Podolska** received a nice write-up in the Swiss Banking Corp. newsletter with a pretty picture: blond hair, SBC T-shirt, all lookin' good.

**Joe Oakes and Zada Taft**  
*Halfway thru July 4th biathlon.*

## U.S. Triathlon Series—Long Beach, July 10, 1982

Peter Butler and Joe Oakes had a duel in Long Beach. This Triathlon gathered over 900 competitors, some Ironmen and some relays. The course consisted of a two kilometer loop swim in the Long Beach Marina, a 35 kilometer bicycle race, largely in the San Gabriel sewage ditch, and a 15 kilometer (9.3 miles) run through the streets of Long Beach.

The day started hot at 7 a.m. The swim start was all fingernails and fists, with several battered people getting pulled from the water. The temperature of the water was close to 70°F and the course was flat and fast. Joe exited the water in 38 minutes, followed by Peter less than a minute back.

The bicycle course was hairy with narrow pathways, a lot of broken glass, several slippery underpasses, and four very sharp and dangerous U-turns. With that many bicycles, it was a dangerous situation. At about the twenty km mark, Peter went whizzing past Joe and stayed there to the end of the bike course, ending with about a 30-second lead.

A fast change to running gear, a pit stop, and it was off to the foot races. The sun got higher and it got hotter. The good people of Long Beach showed up in force to give us water, hose us down, and encourage us to "go for it." At the finish line, Joe managed a slight edge over Peter, and both finished strong and commendably well in about three and one-quarter hours.

After a couple of beers for breakfast, (compliments of Bud), they spent the next half hour recruiting triathletes for the "Escape from Alcatraz." Not surprisingly, our event is well-known in the L.A. area. Its reputation as a really intense, rugged triathlon is appreciated by our neighbors to the south, and we will have a number of them here at the Escape.

Dave Horning of the South End Club did very well with a fourth place under very difficult circumstances.

The following day Peter, not content with his triathlon effort on Saturday, ran the grueling 26.2-mile San Francisco Marathon. Nice going!

*Joe Oakes*

# RUNNING

**SFDSE Runners.** The following schedule was furnished by Walt Stack. The runs look fun, friendly and for a new twist: scenic.

|                |            |         |                                                                                                                     |
|----------------|------------|---------|---------------------------------------------------------------------------------------------------------------------|
| Sunday Aug. 15 | 10:00 a.m. | 2.5 mi. | Double Muni Pier run—start/finish Dolphin Club, 502 Jefferson, San Francisco                                        |
| Sunday Aug. 22 | 10:00 a.m. | 3 mi.   | G.G. Bridge run—start/finish Toll Gate Plaza Parking Lot, San Francisco                                             |
| Sunday Aug. 29 | 10:00 a.m. | 4.6 mi. | Lake Merced run—start/finish North Parking Lot-end of Sunset Blvd., San Francisco                                   |
| Sunday Sep. 12 | 8:00 a.m.  | 7.6 mi. | Bay to Breakers Revisited—Start Howard and Spear, SF & Finish Great Hiway, Ocean Beach                              |
| Sunday Sep. 12 | 10:00 a.m. | 5.0 mi. | G.G. Bridge Vista run—start/finish Legion of Honor across from Museum, S.F.                                         |
| Sunday Sep. 19 | 10:00 a.m. | 6.5 mi. | Low-tide ocean beach run—start/finish on the beach at Balboa & Great Hiway, S.F.                                    |
| Sunday Sep. 26 | 10:00 a.m. | 4.5 mi. | Legion of Honor run—meet at museum, park cars at 34th Ave., & Clement St., S.F.                                     |
| Sunday Oct. 3  | 10:00 a.m. | 3.0 mi. | Coit Tower run—start/finish Dolphin Club                                                                            |
| Sunday Oct. 10 | 10:00 a.m. | 6.5 mi. | National Jogging Day Run—South Embarcadero Run, start/finish Dolphin Club, 502 Jefferson Street, foot of Hyde, S.F. |
| Sunday Oct. 17 | 10:00 a.m. | 3.0 mi. | Baker Beach 'B.Y.O.' Picnic/Run—start/finish Baker Beach Parking Lot, Presidio                                      |
| Sunday Oct. 31 | 10:00 a.m. | 7.5 mi. | Golden Gate Promenade run—start/finish Dolphin Club, 502 Jefferson St., S.F.                                        |
| Sunday Nov. 7  | 10:00 a.m. | 3.0 mi. | Roller Coaster Run—start/finish Mountain Spring Lake Playground, 12 Ave/Lake, S.F.                                  |
| Sunday Nov. 14 | 10:00 a.m. | 4.0 mi. | Ft. Point Run, meet at little Marina Green, Marina Blvd., San Francisco                                             |

**Walt Stack Birthday Run And Party.** There will be a 10k run on Walt's birthday Oct. 2 starting at Fort Mason, 9:00 AM, followed by a party aboard the National Liberty Ship, SS Jeremiah O'Brien. Walt spent a good hunk of his life as a merchant seaman sailing the world over from Shanghai to Stockholm and most places in between. There is an entry form circulating, a collector's item really, with a big picture of Walt looking like a cross between Spencer Tracy and Ernest Hemingway!

**Double Dipsea.** Buck and Peppermint Swannuck, Harry Cordellas, Joe Maher (20th) and Dave Horning (SE) all did well in the June 19, 13th running of one of the world's roughest 14 mile foot races.

**DSE Runners.** Some kind person dropped a "DSE News" in the Log box. This club is going strong under its president, Walter Stack, with 266 doing the Double Dipsea June 19. Nice article by Dolphin Harry Cordellas, "Running in the Shadow", telling of his six SF marathons.

# SMOOTH WATER ROWING

ROWING COMMISSIONER, LAKE: *Jim Storm*; Assistant: *Tom O'Connell*

**Stack Challenges Storm:** First Running/Rowing Duel, Dolphin Regatta, Sept. 19, Lake Merced.

Jim Storm, Olympic silver medalist, retired from racing after his victory in Tokyo and vowed never to participate again in the hard, flat-out high-speed racing of world-class rowing. Not, at least, until Walt Stack rubbed him the wrong way recently. Stack was heard to remark that even he, a runner a bit past his prime, could easily beat one of those "rowing contraptions." Jim's reply was "you're on, loud mouth, see you at the Lake, Sept. 19."

**Jim Storm**  
*Lake Rowing Commissioner.*

**Lake Items.** Doug Ware is off to the Canadian Henley races being held at Lake St. Catherine, Ontario, the first week of August. Stan Proesner and Annelle Durham have individually been active on the lake of recent. Also Kathy Fox has been learning some of the finer points of the shell game from some of the old hands.

Page 10

**Walt Stack and Jim Storm**  
*Challenge being accepted.*

**Lake Regatta, Sunday, Sept. 19.** Doug Ware, one of the leading club smoothwater oarsmen, will take time out from his busy training and working schedule to hold a modest regatta at the Lake. Perhaps "open house with a bit of fun and games" would be a better description. There will be in-club races of singles, doubles and perhaps even the legendary fours. There may be opportunity for novices to try their hand at rowing some of the less fragile shells.

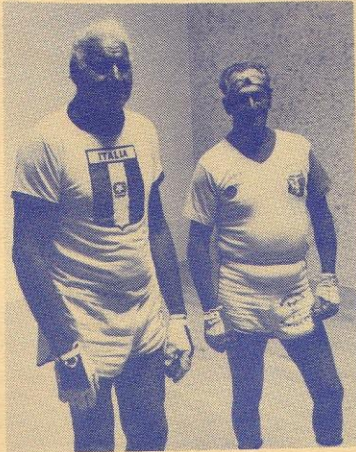

There will be refreshments and a chance for the main club to experience first-hand the Lake operation for the mutual benefit of all concerned.

**Dede Does It Again** at Lake Waramaug, Conn., where in June she took a 4th in the women's light weight singles *National Championships*.

# HANDBALL

HANDBALL COMMISSIONER: *Ralph Zappala*

**Dino Landucci and George Dillon**  
*100 years of handball.*

**"Every Shot A Kill"** is the on-the-court philosophy of Bill Arietta, ex-Marine and stalwart handballer. This can't be completely accurate because Bill's arch rival George Brennan scores a lot of points off Bill. These two fine Dolphins have agreed to help Ralph put a little life back into Dolphin handball.

**Dino Landucci**  
*Corner kill.*

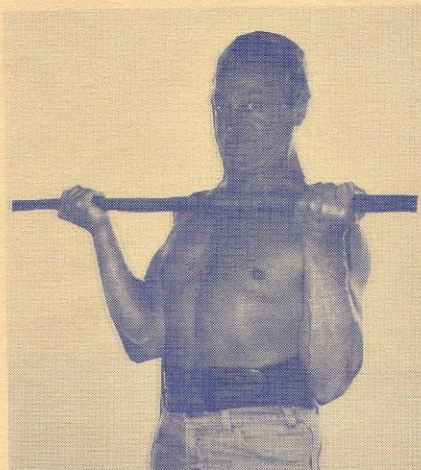

**Dino Landucci**, 75, and his younger friend from South End, **George Dillon**, 72, still play good handball twice a week. Dino, in addition to numerous achievements in rowing, etc., won several handball championships over the years from the mid 30's on. He and his son twice rehabilitated and painted the "A" Court.

**Club Handball Tournament.** Ralph Zapalla has announced the first handball tournament of the new era. It will be a 16 starter, any class, 8, 4, 2 and winner brackets. It will start in early Sept., so watch the bulletin board. A bottle of champagne has been donated for the winner, and the whole handball program will be the main winner if there's solid participation.

# WEIGHT ROOM

WEIGHT ROOM COMMISSIONERS: *Rich Fossat, George Calarza, Vince Huang, Rico Passanisi, Susanna Spencer-Horner*

**Pumping Iron.** We saw Moon Passanisi and Phil Torre in the Keenan Room pumping sweat and muscle the other day. Their parting words were "rack your weights after use."

**Moon Passanisi**  
*Weight Room Commissioner.*

**Joanne Klingel**

# HISTORY AND LORE

ARCHIVISTS AND HISTORIANS: Brian Gilpin, David Hull, Walter Schnebelli

## Lawton C. Hughes 1900-1982

### Coach Lawton Hughes, Dolphin Legend

At 6:30 PM Saturday, August 7, 1982, Lawton Hughes with Tom Troneum, fellow Dolphin and oarsman for 60 years, at his side, died.

Well, Coach, you won this race hands down. You got across the finish line without ever giving us an interview. You always told us, "Ah, what's to tell."

But sorry, Coach, we looked in the old *Logs* from the 30's on, and it looks like there's an awful lot to tell:

And furthermore Frank Staib, whom you appointed Eternal Timer in 1938, called down to say he wants you to be Eternal Coach with him. We hope you accept because the Club has never had a better Dolphin. You did more than most anyone to make the Club of those years a warm community of kindred spirits.

And what's that you say coach?

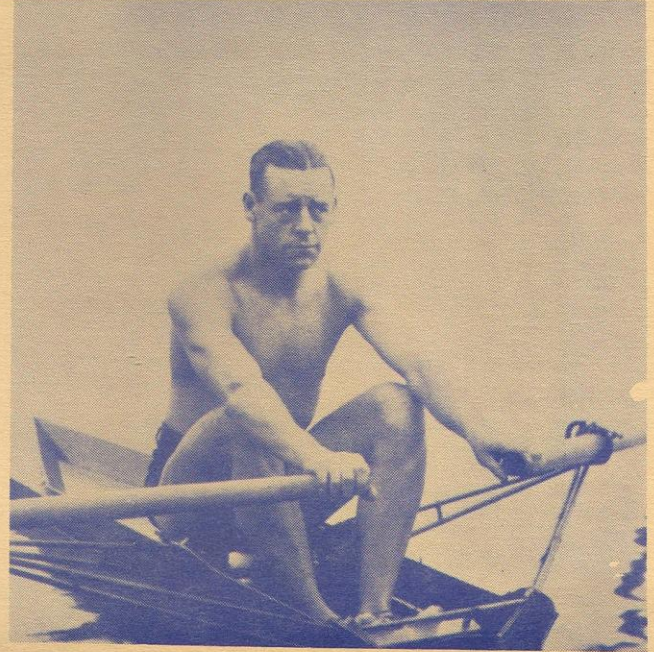

"Ready now, pull together."

Pacific Coast single sculling champion, unbeaten in class in roughwater rowing in the 20's and 30's, handball champion, 14 times Golden Gate swimmer, Dolphin bowling team champion.

President, 1938, 1966;  
Treasurer for over 2 decades; Vice President; Financial Secretary; Recording Secretary; Captain; Lt. Captain & Chairman House Committee; Rowing Coach; Rowing Commissioner; Handball Commissioner; Swimming Commissioner; 1st Basketball Commissioner; 1st Water Polo Commissioner; Director; Board Member; Life Member Booster since 1919.

Definitive Marshall of the Course for Golden Gate swims; Chairman of Entertainment Committee; Delegate, Aquatic Park Project X; Construction Engineer of Sauna; Originator of Hanna Boy's Day, Raccoon Strait Swim, Russian River Weekend Regatta, Wieland Row to Candlestick Park, Tom and Jerry party; Host of Old Timers' Dinner.

Rowing instructor; tide expert; chief pilot; trophy donor; Lake Merced sprints finish line judge; Dolphin poet laureate.

### Read This At Your Own Risk!!!!

When the Sun Roof is cold and gloomy,  
Just step into our Club's front roomy\*,  
There you'll find something new we bought,  
That every member young and old has sought,  
A little game to pass the time,  
Or a better friendship to bind,  
The game we mean is Ping Pong,  
And take my word it's a Ding Dong.

or

If this does not appeal to your tastes,  
To the small handball Court make haste,  
Badminton there you'll find,  
And I know that you won't mind,  
If a tournament is held with the rackets,  
And you find yourself in the wrong bracket,  
So try a game of batting these little balls,  
And you'll agree it's lots of fun for all.  
Oh, to put an end to this verse,  
Because in all my life I never read worse.

*Lawton (Longfellow) Hughes.*  
*Dolphin Log, 1938*

## In Memorium to Frank C. Staib

### Our Eternal Timer

Hi! Frank! Climb aboard! This is the Officials' Boat. Here sir, down by me. I see you didn't forget your overcoat this time. Well, we're shoving off on time. We should be at Fort Point in about 20 minutes. Sure you oiled up your Stop Watch? Look over there Frank, one of the pilot boats broke loose from the tow launch. Yep! Never seen it to fail. Gee! there's a big crowd on the spectators' boat. Lets take a look at your program, Frank. Thanks. Well Jimmie's starting the races again today. Wouldn't it be a surprise if his gun works this time? Well, here we are at Fort Point. Better get your watch

ready Frank. The boys are about ready to jump. Makes one shiver just to look at them. It won't be long now, the pilots have started yelling for their swimmers. BANG! There's the gun! They're off! Frank! Did you snap your watch? Hi! Frank!—Frank, where are you? Where did you go? Why I must be dreaming. You are no longer here with us, Frank, but you are watching us today from UP THERE in the Great Beyond. Just watching? That does not seem right. Does it Frank? We must find a job for you to keep you happy. Where you are now Frank, there is no need for your Stop Watch as Time is Eternal. That's it Frank, we appoint you "OUR ETERNAL TIMER" forever.

FEBRUARY, 1966

## Lawton And The Lounge Chairs

*Written by David Hull, Oct. 1980*

This morning I ate my lunch in the spacious, airy lounge of the Dolphin Club, as I often do. And at one of the card tables by the window sat Lawton Hughes, as he often does.

Lawton was a fine, strapping athlete in his youth, a rowing champion. There are several pictures of him among the rows and rows of photos that line the knotty pine walls of this room. One of the singles in the boathouse below—a lapstrake double built in 1938—is named after him.

He sits pecking at a portable typewriter, the perpetual cigarette smoke curling from an ashtray on the window ledge. He is faithfully performing his Dolphin Club duty as treasurer, as he had done since way before my time. He doesn't greet people as they come into the room, but from time to time he does glance sharply around the room and out the window.

I have always wondered about the gigantic chairs in this lounge. They are of heavy construction, wooden, and the seat is perhaps three feet deep. They require the sitter to lie back, or be a giant. I find them comfortable. There are a full dozen of them here, each exactly alike, and arranged in two rows of five each, facing the windows and the bay. Two others are along a side wall, which is where I generally sit to eat. If anyone would know about these chairs, Lawton would.

"Lawton, how long have these chairs been here.?"

"I bought them in '38 from a dealer out about Valencia and 14th. Cost \$15 apiece."

"Did he make them up for you?"

"No, he had the full dozen of them there, I think. They were tapestry, too."

Now they are vinyl covered, and some are in need of repair.

"Some of the fellows suggested Chippendales, but I knew . . ."

"They get rough use, wouldn't have lasted ten minutes," I said.

"That was the year we moved the clubhouse over here from Polk Street, and fixed up this room. It was like a morgue in here, dark wood and small windows. But I knew we'd be spending more time inside over here because of the wind. We were more protected over at Polk Street."

## WINTER STORMS BATTER CLUB BEACH FRONT

Winter has not been kind to The Dolphin Club. On January 29, wind-driven high tides severely damaged the pier and totally obliterated the suntan area known as The Pit.

The excessively high tide was caused by three factors: (1) The full Moon was in perigee. This means it was the closest distance to the Earth in its 28-day cycle. At this point, the Moon exerts an enormous influence on the tides. (2) The Sun was in perihelion. This means the Sun was as close to the Earth as it gets in its annual journey. To have this occur during perigee is very rare. (3) There was extremely low atmospheric pressure. Low atmosphere makes for very unstable

weather conditions, i.e., rain and wind.

Combined with these three elements was a Bay swollen with runoff. The Sun, the Moon, the storm all conspired to give us the highest tide since the state started recording in 1925: 8 feet over mean at the Golden Gate. Tides further up the Bay were even greater, with 10 feet in the Delta.

The heavy surf damaged the already rotting crossmembers of the pier as well as some pilings. The winch was also placed out of commission, and decking torn out.

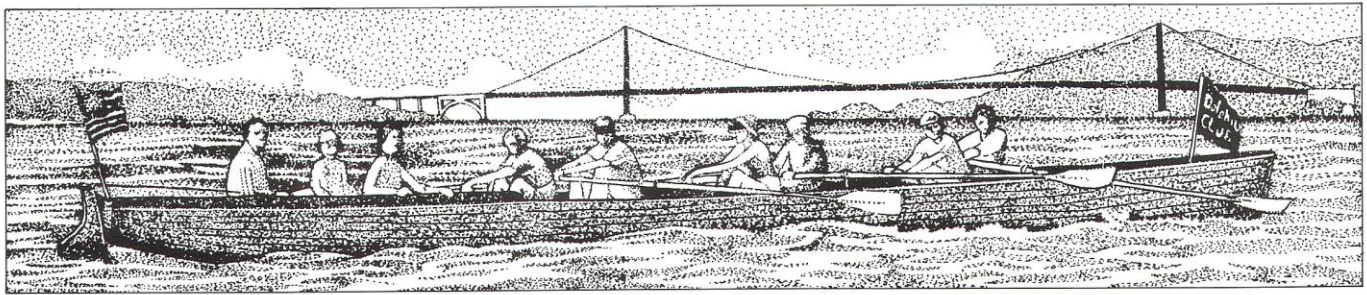

The crossmembers are currently being replaced, and the

winch is being repaired. The decking that was torn up has been replaced by a temporary steel plate. It is hoped that boats will be able to be launched again by middle or late March. Decking is scheduled for replacement some time in mid-April.

The Pit is another story. "It was unbelievable," reported Randy Pinetti, who witnessed its destruction. "One huge wave just came up the beach and shook its walls. The next wave came in, ripped it apart, and washed it all out. Just like that."

There are no current plans to replace The Pit.

## ROWING

There is a resurgence of interest in the Dolphin Club's rowing program now under the able hands of Rowing Commissioner Randy Pinetti. In an effort to prevent damage and misunderstanding about the use of these fine old wooden and fiberglass boats some guidelines need to be understood by all members.

The following boats are restricted to use by qualified Club members only:

|           |                   |
|-----------|-------------------|
| Cronin    | Double Whitehall  |
| Farrell   | Double Whitehall  |
| Templeton | Double Fiberglass |
|           | Viking            |
| Foster    | Single Whitehall  |

Qualified members can take a guest out in any other boats in the boathouse.

Every Saturday morning from 9 am to 11 am one or more of the Rowing Committee will be on hand to check out those who wish to qualify to use the boats.

Please report any damage or wear & tear on checking in after your row.

When you check out a boat:

A. Check oars (buttons and sleeves) before taking boat to the ramp. (Do not take extra oars, either.)

B. One lifejacket for each person in the boat (USCG regs.)

C. Lubricate oar lock pins.

D. Check tide on blackboard. Best to go out against the tide for an easy return.

E. Log boat out listing all in the boat (including guests).

F. If your boat is too heavy and you're tired, ask for help. Most of the damage to boats is done by sloppy handling on the dock.

G. Do not wash wood boats with fresh water -- just sponge dry.

H. Do wash fiberglass boats down with fresh water hose.

I. Log boat in upon return.

J. Come back and do it all over again -- rowing is a complete exercise.

## THE WIELAND RACE

On November 19, 1982, a bit of Dolphin history was made. The Wieland and a hearty crew beat the South End's boat, South End, in a match race around Alcatraz. This is the first win for The Wieland in 20 years.

The victorious crew consisted of Jim Marino, Peter Brand, Scott Schwartz, Randy Pinetti, Ray Mey, Neal Snyderman, and cox, Bill Walden.

The course was around the west end of the island, to Blossom Rock, then to The Club, for a total of three miles. Time was 32 minutes, with The Wieland winning by a full five lengths. Congratulations!

## LAKE ROWING

Lake Merced Rowing Commissioner Jim Storm reports re-

pairs to the dock are under way. Anybody interested in further information about rowing there can contact Jim at 752-1454.

## RUNNING

Dolphin/South End runners 1983 schedule is posted on the bulletin board. Any other questions may be directed to Walt Stack, 741 Kansas Street, San Francisco 94107.

## HANDBALL

Handball Commissioner Ralph Zappala reports the courts are in good order, the roof doesn't leak, and the heaters work. He encourages anyone interested to give handball a try. "The courts are the best in the City," he says. And if you want to give it a go, there is a players list on the bulletin board. Ralph can be reached at home at 465-7007, or at work at 444-6800.

The next Dolphin Log will be published June, 1983. The deadline for anything you may want published is May.19.

The Dolphin Log is edited by Jamie Nelson, with art direction by Randy Bradner and Debra Howard. Special thanks to J.C. Nelson, Jr.

# ANNUAL SWIMMERS AWARDS DINNER

The annual awards banquet November 13, 1982 was a huge success. Herman Zahler, Pete Sturiale worked their hearts out all day in the kitchen preparing a scrumptious dinner enjoyed by 133 members and guests.

Special recognition was given to those pilots, timers, and judges who supported more than half of the scheduled Club's swims. These key people were awarded royal blue jackets with "Dolphin Club Pilot 1982" on the breast pocket. They were Ray

Martelli, Bill Walden, Herman Zahler, Dan Osborne, Hans Kramer, Zach Stewart, Fran Sutherland, Michael Olexo, Beth Fisher, Bev Ferreira, Ray Taft, Dan Murphy, Mimi Osborne, Pete Sturiale, Bert Arias, Susanna Spencer-Horner, Vince Huang, and Rich Frenzel and LeRoy Lawson from the South End Rowing Club.

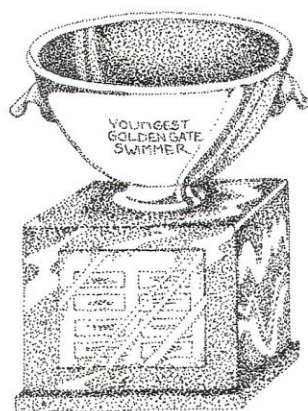

The Modesto Lanzone Pilot of the Year Award was presented to Ray Martelli.

Special recognition was given to the women Maui Channel swimmers; Debra Howard for her swims, Oakland-San Francisco (1:39), SF-Angel Island (1:25); Suzanne Heim for her swims, Alcatraz-San Quentin (2:53), Bay Bridge-Breakers (2:05).

The perpetual trophies were awarded as follows: Most Inspirational Swimmer, Dan Murphy; Most Improved Swimmer, Ray Mondini.

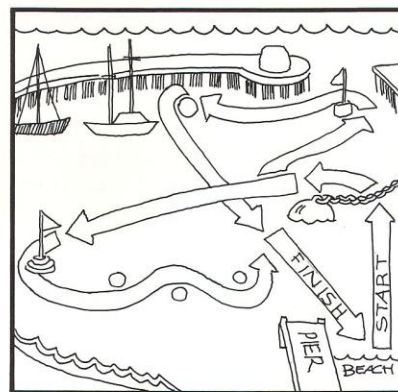

The Golden Gate Swim Perpetual Trophies were also awarded: Jack LaLanne Trophy (fastest): Mike Garibaldi. Hector Stevens All-American (oldest member): Jim Mayall.

Precision Auto (youngest): Colleen Madden. Precision Auto (first female): Suzanne

Heim. First City Employee: Skip Ohlson. Pollywog (fastest first time): Jim Griffith.

Recognition was also given to winners of various annual swims. Myra Heckman Cove Handicap: Bob McKenzie.

Dick Beeler Crazy Cove Swim: Ed Urban. Doc Howard Gas House Cove Swim: Lew Cook.

Special awards were presented to those hearty souls who completed last winter's

frigid 30-mile Polar Bear Swim. Pins were also given to those who completed the 100-Mile Summer Swim. Also special recognition was given to those pilots and timers who supported at least three swim events during the season.

-- Tom Hofmann

\*Qualifying swims for Alcatraz and/or Golden Gate

### Qualifications to swim Alcatraz and/or Golden Gate

Must be a member in good standing with swim fees and Club dues paid by Wednesday, June 15, 1983.

Must wear either Speedo fluorescent cap or Coast Guard orange cap.

In-town members must successfully complete two swims marked with asterisks, plus one additional swim listed on the 1983 Swim Schedule.

Out-of-town members (100 miles) must successfully complete two out of the last three scheduled Golden Gate and/or Alcatraz Swims.

No guests on out-of-Cove swims.

## CALENDAR

March 7: Escape from Alcatraz Triathlon, meeting of Planning Committee. All are invited by the Swim Commissioners. Check bulletin board for time.

March 16: Wednesday, Board Meeting. 8:00 pm.

April 9: Saturday, Vince Huang's bachelor champagne biathlon. Help keep a nervous groom busy. Run Muni Pier, Half-Cove swim, 9:30 am.

April 20: Wednesday, Board Meeting. 8:00 pm.

April 22: Friday, baby shower for Susanna Spencer-Horner. 7-10 pm, in the Boathouse.

May 19: Thursday, Dolphin Log copy deadline. Put announcements in mailbox by bulletin board.

May 29: Sunday, Underwater Hockey banquet. Check bulletin board for time.

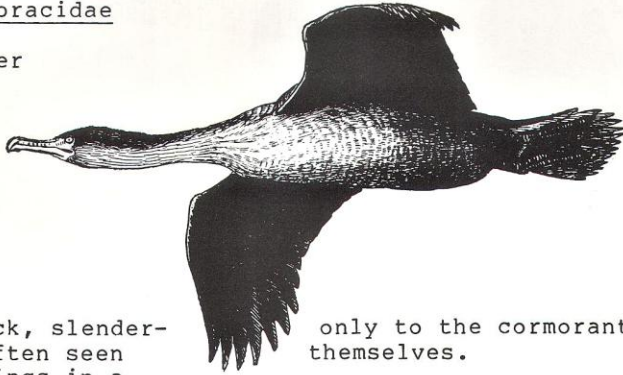

## CORMORANTS

Ecce phalacrocoracidae

By Herman Zahler

The large, black, slender-billed birds often seen perched on pilings in a spread-eagle stance or standing erect with their necks in an "S" curve are the cormorants. They can often be seen silently flying in wedges or in long lines.

The cormorant families worldwide amount to some 40 species, but on the Bay we have but three or maybe, four.

Identification of the three species common to the Bay is primarily achieved by noting difference in color of face and throat. A caution on species identification is that the distinguishing characteristics are not present in the juveniles. The smaller pale-breasted, somewhat brown, cormorants are the juveniles, not the females! Among cormorants both male and female have identical appearance with perhaps some subtle differences apparent

only to the cormorants themselves.

The cormorant with the yellow throat patch is called the Double Crested cormorant although the crest is seldom evident. This cormorant also has the Latin name: Phalacrocorax auritus. The Double Crested cormorant is considered to be silent except one bird watchers guide advises: "Voice: silent, except for low grunts in the nesting colony." (Really!)

The cormorant with the blue throat pouch during its breeding season is Brandt's cormorant or Phalacrocorax penicillatus. At other times the throat pouch is dark with a brown band across the throat below the patch. And since we mentioned voices: "Voice: occasional low grunts (however, not evidently confined to a specific area, Brandt's bird may grunt in full flight.)"

## SCUTTLEBUTT

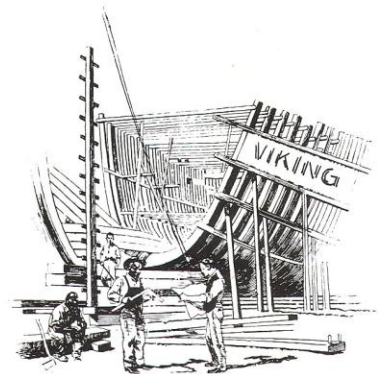

Doris Trimble is now permanently settled at:

11 Sweda Court  
Chesham Street  
Brighton, Sussex, England.

She is eager for a pound of Hills Brothers or Folgers Coffee, if anyone is going to England.

1950's music: Jan Warmerdam writes The Log, "I'd like to get together with some fellow Dolphin musicians and see if we can do some 1950-type music together." Jan's phone is (415) 664-3407.

Dolphins in Denver: Gary Mulder writes The Log to invite any skiing Dolphins needing a place to stay in the Denver area to his new home: 15168 East Louisiana Drive, D-203, Aurora, Colorado 80012.

Boatwright Jeremy Smith of Santa Cruz is about to begin repair work on the celebrated wooden rowboat, Viking. Upon its return, the Viking will be used exclusively for Bay racing. Jeremy expects to finish by midsummer.

Rowers are encouraged to sign up on the bulletin board for the 1983 100-Mile, 200-Mile, and 300-Mile Rowing Competition.

## KULLA & LAWSON

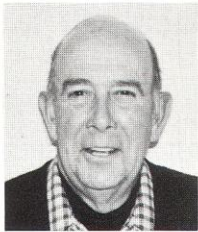

A belated congratulations to Leroy Lawson of The South End Club and Morgan Kulla of The Dolphin Club. The happy

couple were married in the Dolphin Club boathouse on December 30th, surrounded by their SE and DC friends.

Morgan and Leroy have returned to Arlington, Virginia, where Morgan is training for work abroad in the State Department and Leroy continues his painting. They plan to leave for Abijan, Ivory Coast, the end of April.

Two of Jefferson Street's favorite folks, they are both greatly missed. We all wish them great happiness and hope they return to swim in Bay waters soon.

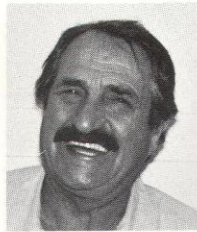

# PRESIDENT'S MESSAGE

There are two pressing issues that face The Club at this time. The first is that we are about to begin construction of The Dolphin Annex on the lot next door. The second is the damage done to The Club by winter storms.

There will be one more meeting of Club members for input on The Annex in March. The present plans will give us more locker space, an archive room, and a caretaker office, among other benefits. However, this will necessitate some fund-raising from Club members and the public. Your help in this will be greatly appreciated.

Work is being done on the storm damage as weather and volunteers will permit. The dock will be out of commission for some time. Meanwhile, The South End Club has been kind enough to make their boathouse available to a couple of Dolphin rowboats. The Board and I hope to see the repairs done as soon as possible.

# DOLPHIN LOG

OFFICIAL BULLETIN OF THE DOLPHIN SWIMMING AND BOATING CLUB SINCE 1948

Organized 1877

San Francisco, California

## NEW LOCKERS COMPLETED

There is good news in the locker room.

The lockers have been completed. Those long suffering locker-less members have been assigned their new residences. No longer are they wandering pariahs, consigned to walk the corridors searching for a place to hide their valuables and moldering swim suits. Now they have beautiful wooden homes.

The work was spearheaded by Club Vice-President Herman Zahler and completed by member Van Voorhees. The new lockers are certainly worth the wait. It was at Herman's insistence and volunteering that the decision was made to make the new lockers wood instead of the prefab steel.

A small celebration was held at the completion of the women's lockers where members thanked Herman for his efforts and did their best to christen his handiwork.

The assignment of the women's lockers was done by locker captain Mimi Osborne; the men's by locker captain Rich Fossat. Unfortunately for the men because of the influx of new members not everybody is accommodated with new lockers (or old ones, for that matter). At least we have most members with a place to hang their shorts. Good news indeed.

## PIER BACK IN SHAPE

The Dolphin dock has been repaired. The launching apron was recently fixed by a work crew of volunteers making it possible to get Dolphin

rowboats back in the Bay.

The Log salutes those hearty souls that came to the rescue of the Club's Bay rowing program. Without their help both the piloting of swims and recreational rowing would have been near impossible.

More work will be required to complete the repairs to the damage done in last winter's storms. At some point new pilings may have to be driven. Plans are also being made to protect the dock from the coming winter's storms. A sea fence has been proposed and is currently being discussed by the Board of Governors and the Building Committee.

Members are encouraged to look at the blueprints of the sea fence on the bulletin board. Time's awasting as another winter draws near.

## A BIT OF CLUB HISTORY

In the interest of new members to the Dolphin Club we are reprinting the following address by Frank C. Staib, Financial Secretary, on the occasion of the 50th anniversary of the Club in 1927.

"The Dolphin Club owes its existence to the enthusiasm of four young men of aquatic inclinations. It was in August 1877 that these young men, inspired by a fondness for the water, organized the Dolphin Swimming and Boating Club.

"The aims and objects of the Club were to improve its members in the arts of swimming and boating, and to cultivate social intercourse among them.

"The popularity of the sports fostered by the Club brought within its fold John Wieland, Herman W. Wieland, Adolph G. Wielaand, Edward C. Kalben, Fred M. Deucher, Emil Kehrlein, Val Kehrlein, Joe Kehrlein, P. Kehrlein, Edward Bornemann, J. Higgins, G. Baratz, Thomas T. Fraser, Ernest F. Lutgens, Adolph Prinz, and Albert C. Rothkopf.

"These gentlemen were among its charter members and membership

was limited to twenty-five. A house of small dimensions and devoid of architectural beauty, situated on a sand hill, was the humble home of its pioneer members.

"In the year 1880 the growing membership of the Club and the progressive spirit of those at its head, caused the purchase of a four-oared barge and the construction of a new boat house at the water's edge on Montgomery Avenue and Beach Street.

"The racing career of the Dolphins began auspiciously: They having won their maiden race, the honors of which were augmented by the winning of a handsome silver cup — the gift of Robert Tobin.

"In 1881, the Club enlarged the sphere of its aims and objects by giving an excursion, which was attended with such social success as to warrant repetition each year.

"From 1880 to 1886 the Club increased its membership until it was found necessary, owing to its limited accommodations, to limit the membership to fifty.

"In 1887, the Club added to its fleet of boats the largest and handsomest pleasure barge on the Pacific Coast, which was named "John Wieland" in honor of a friend and charter member of the Club. This barge is still in commission and in good order after forty years use.

"In 1888, the Club incorporated under the laws of the State of California.

"In 1890, the increased inactivity of the older members due to twelve years of devotion to the king of sports, suggested the infusion of new life into the Club.

"With the introduction of new members came renewed activity as a result of which what promised to be the finest boat house on the Coast, when completed, was erected in the winter of 1895, at the foot of Van Ness Avenue, at a cost of \$1800. This is the present house now moved in August 1927 to the foot of Polk Street and situated temporarily in the proposed site of The Aquatic Park.

"Today, besides swimming and boating as originally planned, the Club now has a Solarium on the roof for sun bathers, hot and cold showers, exercising machines, etc. And in the annex, two handball courts with spectators gallery, said to be the best on the Coast; and a fleet of more four-oared barges and shells, single skiffs, canoes and pleasure boats than all other clubs on the Bay combined.

"The Annual Run and Dip in the Ocean Beach on New Year's and the Annual Swim across the Golden Gate were first staged by this club.

"Membership is now 260. Life members (25 years or over), 12.

"The finances were never better than they are today, and everything under its roof is owned and paid for."

## RAY & ZADA TAFT

With all the interest the Club now has in swimming, perhaps it would be appropriate to give a bit of recognition to two soft-spoken Dolphins in our midst who have given more to vigorous lifetime swimming than most any other couples in the history of the world! Purple prose but true. There is no space for biographies so the following brief outlines will have to suffice.

### RAY

1932 -- Swims for Aptos Jr. High. Sets City record (12.1 for 25 yd. free).  
1935 -- Swims for Jewish Community Center and letters at Balboa H.S. (later BHS Hall of Fame).  
1936 -- Swims for Crystal Plunge with Charley Sava and later Ann Curtis, et al.  
1939 -- Swims for Olympic Club.  
1939 -- Swims briefly for Billy Rose in Worlds Fair at Treasure Island with Johnny Weismuller and Esther Williams, but quits to be eligible for '40 Olympics.  
1939-41 -- Swims all the big national regional meets, top 2-3 in the nation (backstroke). Unfortunately in the next lane was the legendary Adolph Kiefer. Still Ray broke Kiefer's 50 yd. national record once, while setting numerous regional records.  
1946-50 -- Olympic Club water polo players. Aquatic director, water shows, swim lessons.  
1948-60 -- Active in Dolphin Club, doing all Bay swims, etc.

1955 -- Builds "Ray Taft Swim School" in San Mateo.  
1955-80 -- Starts and runs San Mateo Marlins Age Group Swim Team; produces Olympic swimmers (Stickles).  
1970-80 -- Starts and runs Marlin Masters, adult swim team.  
1972 -- Puts on the first Masters National AAU sanctioned swim championships.  
1980 -- Shaves down and wins nationals.  
1932-83 -- Regular swim workouts.  
1970-83 -- Numerous gold medals, records, etc., in Masters swimming.

### ZADA

1932-34 -- Swims for Western Womens Club (now Marine's Memorial) and Bunny Furgis Ross.  
1934-40 -- Swims for Crystal Plunge.  
1937 -- First sees a young man so beautiful he "glowed". (All shoulders, no hips.)  
1939-40 -- Sneaks in Dolphin Gate Swim. Swims by jumping off escort boat. (One of the first women to swim the Gate.)  
1941 -- Is refused permission to board Gate Swim escort boat.  
1940+ -- Has three babies.  
1953 -- Swims San Francisco to Treasure Island.  
1975 -- First and only human being to ever swim 2000 meters butterfly in the Waikiki Swim Club. 1 km.-long lagoon (or anywhere else? Non-stop!)  
1976-82 -- Unbeaten in her age group in Waikiki Rough Water Swim.  
1955-83 -- Handles mountains of paperwork (4 hrs./day) for 2 major swim teams. Runs and attends endless swim meets.  
1976 -- Among the first group of women to join Dolphin Club.  
1983 -- Going strong.

We find the Tale of Taft inspiring. Not because of accomplishments but because of the courage to do what one enjoys no matter what the tangible reward; and to give to swimmers, especially those anxious souls in need of encouragement, without limit.  
 -- J. Cotton

## DOLPHINS ON MAUI

A small band of members carried the Dolphin Club flag to Maui this September for the annual Maui Channel Swim Race. Racing in the mixed team division they placed second with a time of 3 hours 21 minutes.

The team was made up of Conrad Von Blankenburg, Paul Watts, Terri Anderson, Linda Braski, Colleen Madden, and Jamie Nelson.

The women's division was won by a team from Maui. This is the first year in six that the Dolphin Club women's team did not compete. They hold the record and have won it for five consecutive years.

The men's division was won by a team of three Olympic Club members who did not qualify for the Olympic "A" team and three Walnut Creek swimmers (including South End speeder, Randy Williams). A photo finish, the Olympic Club "A" team was touched out by two seconds. Not bad for a 9-mile swim.

## SCUTTLEBUTT

Congratulations to Susanna Spencer-Horner and her husband Richard Horner at the birth of their daughter, Virginia Elizabeth. The Dolphin Log hopes to see Ginny at next year's Spring Cove.

Renato Piombi, Club member and owner of Baguala Sailing Yacht Charters offers other Club members discounted rates for chartering in St. Maarten, Netherlands, Antilles. Anyone interested can contact him at (415) 592-1818.

## A DOLPHIN LEGEND

Few people in the Dolphin Club have ever earned the accolade "legendary" for their athletic exploits in the manner that Suzanne Heim has. The Club has had the famous Captain Evans who swam from the Farallons after being trained by the famous Jack LaLanne. Mike Garibaldi held most every Club record at one time or another and attempted swims never before made by Dolphins such as the round trip to Angel Island.

But when you look at the record of this 25-year-old special education teacher from San Rafael you can see how it really does stand apart.

In the last year Suzanne has done the following:

She is the first person to swim the "Prison to Prison" swim from San Quentin to Alcatraz (8 miles, 2 hours 53 minutes);

She is the first person to swim the "Bay to Breakers" from the Bay Bridge to Ocean Beach (10 miles, 2 hours 10 minutes);

She swam the San Mateo Bridge from Hayward to Foster City (9 miles, 3 hours 21 minutes) in 5-foot swells, rain, hail, and lightning. (She then ran four miles in 32 minutes to complete the Charge of the Lite Brigade 13-mile run ahead of the last 4 runners doing the same route on foot);

Suzanne completed her most spectacular feat when she swam from Crockett at the Carquinez Straits bridge, under the Richmond-San Rafael Bridge, and finished at the Golden Gate Bridge. She covered a distance

of 27 miles in 5 1/2 hours. This is approximately the same distance as the Farallons to the City, albeit under more favorable seas. A marathon effort that is nothing short of astounding;

Finally, as if to cap off her summer with a final salute to the traditional Dolphin Club record board, she took on the mighty Golden Gate channel. On August 31, in 59 degree water, Suzanne broke one Club record and set one of her own. Suzanne became the first person to swim the Gate four times (two round trips) ever. As if this was not enough, her first round trip broke Dave Kenyon's record of 50 minutes by completing it in only 47. Her time for the quadruple crossing was 1 hour and 55 minutes.

Suzanne attributes much of her successes to the many Dolphins that assist her in her record swims.

The Dolphin Log salutes Suzanne Heim, a worthy Dolphin "legend".

## ROWING

Congratulations to a handful of Dolphins who participated in the North Lake Tahoe Rowing and Paddling Club Derby. The event was held on June 25 with approximately 50 entrants.

The race is open to all kinds of boats and consists of a triangle from Tahoe City to Sunnyside to Dollar Point and back to Tahoe City. Total distance is 10.1 nautical miles.

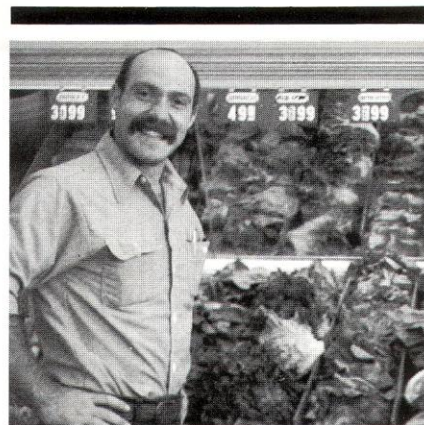

Coming in first overall was the husband and wife team of Dolphins Ray and Dede Mey. This is the fourth year Ray and Dede have won the Derby's perpetual trophy shattering their old record in the time of 73 minutes.

Coming in just 5 1/2 minutes behind and in second place was Dolphin Steve Wolf and crew.

Third place was also captured by Dolphins Ron Titus and Jimmy Marino.

Neil Snyderman was the first single to finish.

Congratulations to these fine athletes.

## VEGGIE KEBBE

Vegetable and fruit lovers, unite! San Francisco's newest and best place for fresh fruits and vegetables is Union Street Produce at the corner of Mason and Union Streets.

The proprietors are none other than the Dolphin Club's own "Gentleman George" Kebbe and partner Tom Kontrafouris.

The Dolphin Log wishes George and Tom much success in their endeavors.

## PAX'S PECKS

Pax Beale works out hard for a man his age and on August 14 it paid off. Pax entered the only Over 50 body building contest in the US and finished third.

The first place winner has been pumping iron for 36 years. The number two finisher, Jimmy Payne, was Mr. America 1952.

Pax, on the other hand, has been lifting for less than 2 years.

The event was sponsored by Love's Gym and held in San Jose.

Pax would like to thank his Dolphin partners who helped him prepare, notably, Mark Steinborne, Scott Schwartz, Jim Lund, and Sophie Taggart.

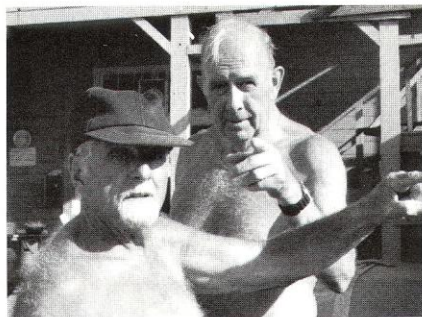

A remarkable and glowing victory; congratulations for an outstanding effort.

The Dolphin Log is edited by Jamie Nelson, with art direction by Randy Bradner and Debra Howard. Special thanks to J.C. Nelson, Jr.

Bill Walden's new line of rowing ware: Oar Lock Chic.

Frank Drum and Joe Bruno always find something they can agree upon.

## CALENDAR

September 25, Sunday, 8 a.m., Alcatraz swim.

October 9, Sunday, 7 a.m., the Escape from Alcatraz Triathlon.

October 15, Saturday, 9:15 a.m., Golden Gate swim I.

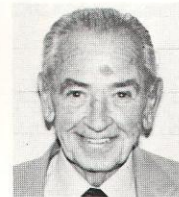

October 16, Sunday, 9:50 a.m., Golden Gate swim II.

November 5, Saturday, Swimmers Awards and Pilot Appreciation Dinner.

November 24, Thursday, 10:00 a.m., Thanksgiving Day Cove swim.

December 21, Wednesday, Polar Bear Swim begins.

## IN MEMORIAM

Hector Stephens, member of the Board of Governors and past president of the Club, passed away on March 21 at the age of 81. A member for over 40 years, Hector was an inspiration and good friend to all who knew him. His wit and charm is missed and the Dolphin Club mourns the loss of one of their best.

## BOAT COUTURE

Want to really impress them when you run your next marathon? Want them to bow and scrape at your next visit the New York Athletic Club? Want to just stay warm the next time you take the canoe out to pilot a Gate swim?

Fashion has always been the watchword with the Dolphin Club. Now is your chance to own these terrific threads. Sweatshirts are \$14.50, T-shirts are \$5.50, Men's swim suits are \$7.75, orange safety caps a very reasonable \$3.75. (All prices subject to change without notice.) See Joe Bruno at the Club or call him at 341-7500.

## PRESIDENT'S MESSAGE

With the completion of the repairs of the apron and the new wooden lockers the Club is starting the Fall in good working order.

But there is much still to be done. In the coming months you will be hearing more about the completion of the Dolphin Annex next door as the Building Committee and the Board of Governors finalize the plans with the Park and Rec Department.

I would also like to draw your attention to the regulations concerning guests and visitors. These rules are posted at the box by the front door and also in this issue of The Log. Please take the time to read them. I hope you will co-operate with these regulations and will encourage others to observe them as well.

-- Frank Drum

## DELINQUENT DUES

This message is for the members who are sometimes a bit tardy in paying their dues. At the request of many members I have re-established the practice of posting a delinquent list.

For your information, Article II, Section 11 (a) of the Dolphin Club By-Laws, dealing with Termination of Membership, states "Any member whose indebtedness to this Club, incurred for dues, fines, assessments or other reasons, exceeds the sum of one month's dues shall be considered delinquent."

I don't intend to terminate the membership of members who are delinquent by \$20. I went through the trauma of terminating 150 delinquent members in 1971, with the help of the then-Locker Captain Pete Bianucci and his wire cutters. I do not wish to repeat that experience.

On February 1, 1983, 36% or 216 Dolphin members owed at least \$20 in dues. If the By-Laws were strictly enforced, the Locker Captains would have had to work day and night cleaning out the lockers of delinquent members. The new members on the locker lists and the members who have

persistently requested that I terminate delinquent members would have been happy. However, some of you 216 delinquent members might have been annoyed.

I want to thank all members who pay their dues promptly, and all members who pay a little less promptly. Hopefully, the latter category will dwindle as time goes by.

--Tom Gould, Financial Secretary

## NOTICE

Members are reminded that there are no guest privileges. Friends and relatives (children over 12) are required to pay the \$5 usage fee per agreement with the San Francisco Recreation and Parks Department.

No exceptions.

The Dolphin Club is open to the public on Wednesdays and Fridays.

Children are not allowed in the weight room or the boat house.

Parent or guardians shall be liable for any damages and shall maintain reasonable supervision.

## Club Gets Back In Shape

### BUILDING COMMITTEE REPORT

Fall and Winter storms have ripped across the cove over the past few years, leaving the Club and surrounding beachfront frail and disfigured. Through the determined efforts of the Building Committee, repair and restoration have progressed at an impressive rate. Numerous DOLPHIN members deserve recognition for their efforts - many volunteering several weekends to the task.

**Brock Settlemeier** led a group of volunteers in repairing and rerigging the launching apron of the dock. It is now in working order.

**Conrad Von Blankenberg's** highly respected construction company was contracted to rebuild the seawall and the connection between the deck and the dock. The new seawall should prevent further damage that has occurred almost annually to the shoreside facilities from high tide and

winter storm surge. **Conrad** and his new crew have done a superb job. The Club owes thanks to engineer **Bob Von Blaricon** of the Presidio Yacht Club who volunteered his efforts as an exchange courtesy. His engineering of the wall cleared the way through the maze of reviews and permits required by the SF Park and Rec., the BCDC, the Army Corp of Engineers, the Port Commission, the Park Service, etc. and enabled **Dan Osborne** to get the job approved by those agencies and underway.

**Herman Zahler's** personal efforts to build and extend a new sundeck next to the weight room has already seen good use during a couple of rare, sunny winter weekends.

After a difficult search to find a contractor willing and able to do the multi-faceted task of repairing our aging and complex roof and walls, Building Committee member **Bill Arietta** found Oceanside Sheet Metal to undertake the job. In addition to the conventional roofing, plumbing, and carpentry repairs, they have corrected many leaks by installing new flashing done in stainless sheet steel in order to prevent

the corrosion which is a problem here because of the damp, salt laden air.

On the horizon, **Dan Osborne** has listed several projects coming up in addition to the task of ongoing maintenance of Club facilities. New flooring in the men's locker room and a new exterior paint job are top priority items. Also, continuation of the job started by **Dino Landucci** and **Hugo Buchholz** on the weight room. Earlier this year the old paint was stripped off to make a clean surface for painting.

Volunteers should see a member of the Building Committee. There is always something to do!

### FROM THE BOAT CAPTAIN

Boat Captain **Ned Hoffman** reports that the DOLPHIN CLUB Boat has gone from, "adequate to substantially improved over the past 13 months".

The **DON BAGGIANI** was returned to the fleet in March of '83 after extensive rework by **Judith Haglund**. In May, the new Whitehall singles, **JIM SMALL** and **STU EVANS** were rigged and finished

continued on page two

continued from page one

after two years in an unfinished state. The GOOD LUCK was also scraped and refinished. Rebuilt stretchers, refinished oars and other repairs were fashioned for the TEMPLETON. Much needed minor repairs continue to be made on the historic WEILAND. The WALLY SMITH now displays new fiberglass rowlocks, a bailer, new floatation, and a new light blue hull.

Many members may be wondering about the plans for the LANDUCCI and the VIKING. The LANDUCCI is currently in the Boat Repair room undergoing a major overhaul by a well known local boat builder, **John Bielinski**. The VIKING, flagship of the fleet, is currently in the process of being rebuilt by **Jeremy Fisher Smith** at the Aeolus Boatworks in Davenport. After a long wait both of these boats should be back by early Spring.

Many members deserve appreciation for their contribution of time, skill and effort in bringing the fleet back in good working condition. **Zack Stewart** and **Mike Olexo** (VIKING), **Dave Hinton**, (TEMPLETON), **Bill Walden** and **Diane Swanson** (SMITH, LANDUCCI) **Andy Camous**, **Tom and Ginny Hofmann**, **Louise Bea**, **John Dahlberg**, **Stan Hlynsky**, **Herman Zahler** (GOOD LUCK), **Marty Reutinger** (WEILAND), and **Bob Hoff** (Gold Lettering).

Upcoming plans from the Boat House? "We want to go from substantially improved to first rate. Preliminary plans call for an audit of the fleet this summer with possible purchase of new boats, and further repair of others. Rowers and other club members are encouraged to share their ideas and suggestion with the Commissioners and Board members," stated **Hoffman**. And volunteer help is always welcome.

## THE STAIR ROOM

The Stair Room has recently been spruced up with historic photos mounted on the walls and much needed repair to the chairs. Thanks are in order to **Suzanne Heim** for reupholstery and **Brian Gilbert** for the tremendous carpentry job he did on the chairs.

Members are reminded not to enter the Stair Room while wet or damp and not to place athletic gear or other damaging equipment on the newly refinished chairs.

Contributing reporters, **DAN OSBORNE** and **NED HOFFMAN**

## SWIMMING IN THE BAY

Swimming can be a very relaxing form of exercise as well as a very vigorous aerobic workout. The medium we swim in is very familiar to all of us, as we drink it, bathe in it, ski over it, and our bodies are made up of 65% water.

Open water swimming is a little trickier than pool swimming. In a pool, water conditions are predictable -- temperature and water movements are controlled. In open water, temperature and surface conditions can change instantaneously due to weather, tides and currents. Salt water as compared to fresh water has especially nice qualities: The swimmer floats easily and the salt content of the water helps the water hold a warmer temperature.

For hearty souls, swimming in the Bay is a great challenge. The following guidelines will make for a more enjoyable swim:

- Wear a comfortable lightweight swimsuit that does not impede your movement (not too snug, not too loose, etc.);
- Wear at least one latex/rubber swim cap for warmth. Most body heat is lost through the head;
- Use goggles if the water irritates your eyes;
- To keep cold water out of your ears, use earplugs or lambswool;
- Use lubricant such as Vaseline in areas of your body that may chafe (underarms, neck, legs);
- Stretching exercises before and after swimming help muscles stay loose;
- Be sure to warm up your body before entering the water (suggestions: calisthenics, running and using the sauna);
- On entering the water, stay in shallow water until the shock of the cold water has diminished and normal breathing has been restored;
- Your first experience in the water should not be for longer than 10 minutes;
- Try to swim at least 3-4 times per week;
- Increase your time in the water no more than 25% per week.
- If you get cold at any time, swim toward the beach and get out.

Look over the course you are going to take before getting into the water. Check the tide book for predicting water movement. Observe how clean or debris-congested the water is that day. Look at a wind indicator, such as a flag, to determine how much the surface of the water is moving. What have the

weather conditions been lately? If there have been storms expect swells and possibly wave action on the shore.

Some Bay swims are done in less than optimum conditions. If there are waves, dive straight into them, under the curl. Turn your side to the waves at the shore. If caught in a wave, roll with it until you feel the turbulence subside. Waves come in sets, progressing in size. If a current and/or tide is too strong for you to make headway, do not fight it, even if you have to swim into shore and walk to your destination.

Cold water, no matter what temperature, should be given even greater consideration because of hypothermia (lowering of the body core temperature). Following are the stages of hypothermia: chills, numbness in any body part, muscle tightness, disorientation, false feeling of well-being, sleepiness, rigidity, unconsciousness. If not warmed at this point death may be imminent.

Here are the ways to care for a victim of hypothermia: Get the person out of the water. Wrap them in a wool blanket (or any dry clothing to keep the body temperature from dropping) or put them in a warm shower (hot water is too much of a shock). After the person is warmed, warm fluids (NOT alcohol) may be given to the victim. If the swimmer is unconscious or not responding to noise or light stimulus, call for help (dial 911).

You can help yourself by being smart and becoming informed. Learn to read warning signs in your own body and get out of the water before you are cold. If you have questions, seek out experienced bay swimmers and rowers. Swim with someone, not by yourself.

To participate in Dolphin Club scheduled swim:

- Purchase an orange fluorescent cap from Joe Bruno;
- Obtain swimmer number from swim commissioners before the day of event;
- Sign name on event sign-up sheet before the day of event;
- Attend pre-swim meeting on the morning of the swim;
- Follow rules stated at the bottom of the Dolphin Club swim schedule and read swim notices on the Bulletin Board.

## CLUBHOUSE TALK

Suzanne Heim started the year off by becoming the first woman to win overall in the Alcatraz Swim- 28.02 ... then in February, Suzanne swam from Sausalito to the club 5.5 miles in 2:08.12 piloted by Stan Hlynsky, Tim and Theo Callahan and Eduardo Barranca ... S.F. FINtasties, the national champions of women's underwater hockey will represent the U.S.A. at the World Tournament in Chicago May 1-4. Three of the starting six are DOLPHINS- Nanette Maynard, Jennifer Linton, and Karen Jacobs ... The FINtasties again invite all DOLPHINS to their annual fundraising dinner, watch the bulletin board for details ... Sunday, May 27th is the date of this years All Women's Triathlon sponsored by the Bay Area Triathlon Club at Redwood Shores. Last year the DOLPHIN CLUB was fully represented by both participants and

volunteers. Sign-ups will be posted for volunteers soon or see Tim Callahan for more details ... members are reminded to check the bulletin board regularly for upcoming events. Board and committee meetings are also listed on the calendar on the bulletin board ... Add this to your swim schedule: The 1984 S.F. Fair and Expo at Fort Mason (June 14-17) will stage a special event co-sponsored by the DOLPHIN CLUB and the SERC. A swim from Gas House Cove is scheduled for June 16 (members only)- jump off time is 11-12. Swim Commissioner Vince Huang hopes too see all our boats out for the festive occasion including the Weiland. Details will be posted ... Belated congratulations are due to Jackie and John Moyes whose son Andrew was born Oct. 15, the day of the Golden Gate Swim (watch for a similar occurrence this year from Cathy and Vince Huang) ... Also creating new Dolphins were Pepe and Rebecca Carranza. Their son Durican was born in September ... Rusty

Hale and Sharon Hodges who met at the GG Swim 82 married February 23 in Santa Barbara ... even more belated congratulations to the DOLPHINS that finished the Hawaii Ironman Triathlon, Rick Murray 13 hrs 26 min, Jack Bettancourt 14 hrs 58 min, Jimmy Burke 15 hrs 26 min, a great achievement, especially Jack Bettancourt who suffered several flat tires on National Television ... and a tip of the old bathing cap to Jim Mayall, aka, the Colonel for being the oldest man ever to swim both Alcatraz and the Golden Gate. Not only that, but he did the Alcatraz swim on his 76th birthday ... And Zada Taft, 64, was the oldest woman to swim the Golden Gate ... at about the same time, DOLPHIN Jay Cassell was off climbing Mount Everest. Jay was one of 6 in a 13 member team to reach the summit from the rarely attempted Tibetan side ... Tentative date for the Escape From Alcatraz Triathlon is August 4 ... and the 2nd Annual Champagne Biathlon will be in April...

## THE SWIM AWARDS DINNER

Those of you who were unable to make the Swimmer's Awards and Pilot Appreciation Dinner really missed a good party. The event was catered by expert chef (among other things) Herman Zahler and Pete Sturiale with able assistance from Robin Phalen, Lou Marcelli, Hendrika Warmerdam, Mimi Osborne, Jack Giacommini, and Frank Menucci.

After the crowd had piled their plates for the last time, they turned their attention to Swim Commissioners Vince Huang and Tom Hofmann for presentation awards.

### SWIM AWARDS

- Myra Heckman Cove Handicap-  
HERB MADDEN
- Cove Over 60 Swim-  
RAY TAFT
- Dick Beeler Crazy Cove-  
MIKE GARIBALDI
- Doc Howard Gas House Cove-  
KENT PRICE
- Golden Gate Swim:
- Fastest-  
MIKE GARIBALDI
- 1st City Employee-  
JERRY CULLEN
- Oldest Member-  
JIM MAYALL
- Youngest Member-  
COLLEEN MADDEN
- Fastest First Time-  
JOHN OSTERLOH

Most Inspirational Swimmer-  
TOM HOFMANN

Special Recognition-  
JOE BRUNO for his many Golden Gate crossings

Special Recognition-  
VINCE HUANG for his work as Commissioner this year

### PILOT AWARDS

- Pilot of the Year-  
BILL WALDEN
- 300 Miles-  
BILL WALDEN
- 200 miles-  
NEIL SNYDERMAN

## NEW AND NOTEWORTHY FROM LAKE MERCED BOATHOUSE

Rowing commissioner Jim Storm reports that things have been going great at the Lake. A survey party of our club members staked out a rectangular rowing course with parallel start and finish lines.

"This means we can start holding regattas," said Storm. Prior to surveying rowers were left to their own devices when trying to race.

In other news, the dock has been resurfaced. The old 40-foot dock had been in bad repair but the recent work has brought the facility up to snuff. Cost for the repairs was split three ways between the Dolphin Club, South End Club, and a group of high school student rowers.

Use of the boats is increasing. Storm reports as many as 40 members are using the equipment on a regular basis. For those members interested in learning to row shells on Lake Merced should show up at the boat house below the concession stand on Saturday or Sunday mornings and ask for help. Any member in good standing is welcome.

DOLPHINS Douglas Ware and David Gleeson rowing a pair, hope to represent the Club at Regional and National Championships in addition to the U.S. National Team pair trials in Princeton N.J. on June 29. Their regular training includes weight work, running and water work at the Lake, "at least 6 days a week..." reports Gleeson. These are just two of the many DOLPHINS successfully competing for the Club. In addition we have results from the Vallejo-Napa River Regatta on September 18. Rowing bow on the quad was Ron Tittus, #2 was Jim Morino. #3 was Steve Wolf, as stroke was Neil Snyderman, with Lyrinda Snyderman at cox on a tricky 8.6 mile course. Their time was an impressive 71 minutes. This same team less cox and minus two oarlocks, also won the SERC's Labor Day Regatta in the quad wherry, the Lawton Hughes.

—JIM MORINO, DAVID GLEESON

## PRESIDENT'S MESSAGE

Fellow Members:-

To be brief-- it is my hope that 1984 will be a year of new construction, reconstruction and extensive maintenance of the Clubhouse and all of its contained equipment. Through the foresight of past members we have been blessed with an incomparable site and an exceptionally functional structure. I solicit the help of everyone to assist in achieving the goal of making the Club worthy of its site both in function and in esthetic value.

-HERMAN ZAHLER

## SAUNA RULES

Recently the men's sauna has been in a state of disrepair due to damage of the electrical unit by water and oils.

Both the men's and women's sauna are operated by an exposed electrical unit. They are not the type of sauna that you can pour water on to create steam.

To replace the unit can take several weeks (the part comes from out-of-town). Please follow the rules posted at the door of the sauna. Do not pour water, oil or other liquid on the sauna, leave the setting between 7 and 8 and turn the sauna off if you think you will be the last one using it in the evening.

## Dolphin Club 1984 Swim Season Schedule

| Date      |    | Time                | Event                                    |

NOTE: Times and Dates subject to change.

### Rules

1. Absolutely no guests are allowed in Club scheduled swims.
2. Swimmers must wear fluorescent orange-colored cap in all out-of-cove swims.
3. Out-of-cove swims will be limited to pilot/swimmer ratio of 1.4 to a maximum of 60 swimmers.
4. Sign-up sheets will be posted 2 weeks prior to each scheduled swim. If you do not frequent the Club on a regular basis, it is your responsibility to get your name on the sign up list.
5. Time limits will be set for each swim.
6. Swimmers must be members in good standing; swim fees (\$20) and Club dues must be paid prior to participation.
7. New members are not eligible to participate in any scheduled swims for 60 days from date of membership acceptance (board meeting).

### Qualifications to swim Alcatraz and/or Golden Gate

In addition to rules 1 thru 7:

**In-town** members must successfully complete two swims marked with an asterisk (\*) plus one additional swim listed in 1984 swim schedule.

**Out-of-town** members (100 miles) must successfully complete 2 out of the last 3 Dolphin Club scheduled Golden Gate and/or Alcatraz swims.

Once a member has qualified to swim DC Alcatraz and/or Golden Gate swims (successful completion of 3 qualifying swims), non-qualified members who have not done their 3 qualifying swims get priority.

No guests or riders in pilot boats.

\*\*Alcatraz swim limited to 75 swimmers picked through lottery.

Summer 1984

Randy Bradner and Robert Steele in the Templeton

The "Dino Landucci"

## ROWING RESULTS

Just back from the U.S. Olympic Trials in New Jersey, Doug Ware and Dave Gleeson are gearing up for the next event, the USRA Nationals at Lexington Reservoir in Los Gatos where they should meet some of the same competition. Ware and Gleeson, racing in the Men's Elite Coxless Pair division, took a tough draw in the 1st round of the Olympic Trials, rowing against the eventual 1st and 2nd teams of the event. For their second row, they had a much better race, coming in a length out of second. There were 26 teams entered, predominately from the East Coast.

Earlier this year, Ware and Gleeson took 3rd in two races, the Southwest Regionals, May 28 in Sacramento and the Long Beach Small Boats Regatta on June 9. They used a borrowed boat from University of CA, Berkeley, which they had spent little time training in.

Ware and Gleeson who have been rowing together for two years train

on Lake Merced and in the weight room at the Club, combining technical practice with strength training. Because coaching and racing experience are hard to come by in the Bay Area, Ware and Gleeson are at a disadvantage among other teams.

Bill Fink will also be rowing in Los Gatos under the Stanford team in a Cox 4. Fink recently returned from Rome where he competed on a veteran's team from Oxford University. Leading until the last two strokes, Oxford placed second after an all-star crew from Rome. The teams alternate sites each year, with the host country putting up the others and loaning them the equipment to row.

Breaking their old record, Dee Hill-Mey and Ray Mey won the North Lake Tahoe Rowing Regatta, June 23 for the fifth straight year. Rowing the FRANK DRUM, a double, they had a time of 1 hour, 11 minutes over the 11 mile course. There were 39 entries in all classes, kayaks, dorries, doubles, singles and triples.

In a 4 1/2 mile course, Randy Bradner and Robert Steele placed 7th out of 22 in the Sausalito Rowing Regatta on April 15. They were rowing the TEMPLETON.

## BOATHOUSE UPDATE

The Boat House is in excellent shape with 6 single whitehalls and 2 double whitehalls ready for use. The 3rd double, the CRONIN is in for some minor repair and is due back shortly.

The VIKING, a wooden double, has been out for two years, which accounts for the lack of DOLPHIN CLUB entries into regattas around the bay. There are about eight races on the bay each year. When the VIKING returns, it will be completely rigged for racing and should be very competitive with other whitehall boats in the area.

The LANDUCCI, a wooden single, has been under the care and atten-

continued on page two

tion of local boat builder John Bielinski. There are very few boat builders around and the renewed interest in wooden boats has made their services hard to come by. The DOLPHIN CLUB is fortunate to have John Bielinski in our shop, he is a well thought of and talented boat builder.

Bielinski has completed the major structural work on the LANDUCCI including replacing the keel and 6 strakes. Dino Landucci himself will be doing the finishing work on the interior and exterior surfaces. Bielinski will then reinstall new frames, stringers, stretchers and thwarts.

The DOLPHIN CLUB boats are valued anywhere from \$6000 to \$40,000 each, if it is possible to place a dollar amount on such historic boats. It will be well worth the wait for the return of these boats to insure quality work on the restoration of these valuable boats.

## ROWING ON THE BAY

### GENERAL ROWING PROGRAM

The Dolphin Club offers **qualified members** a safe and sensible program for the recreational use of club boats. The objective is 1) to offer a pleasant rowing experience, 2) to encourage proper boat handling and 3) to assure careful use and maintenance of club boats.

Rowing in San Francisco Bay is a long standing time honored tradition deeply rooted in Bay Area history. The rowing of the Dolphin Club whitehall and other small craft, for over 100 years, is a significant part of that tradition. By careful observation of club rowing regulations, you can enjoy being a part of that tradition and assure its continuity.

It is critical for new members, as well as old, to learn about the boats in the Club and how to use them. Rowing in the Bay can be enjoyable, but it also can be hazardous, particularly due to the tides and currents in the Bay. Rowers and swimmer should have a copy of the tide tables. The following are the boat regulations that are posted in the Boat House, above the boat log-out book.

### GENERAL BOAT REGULATIONS

The following boats are available for use by **qualified club members** only - no guests:

Hughes - double whitehall  
Farrell - double whitehall  
Cronin - double whitehall  
Smith - double fiberglass whitehall  
Foster - single whitehall  
Templeton - double fiberglass whitehall

Qualified members may take a guest in other single rowing boats in the boathouse. Guests are required to pay the guest fee.

Each Saturday morning at 9:00 a.m., a member of the rowing committee will be on hand to instruct and qualify rowers.

Please report to the boat captain damage or wear to the boats at check in. Make a notation in the log. Pilots are granted priority in the use of boats during swimming events and regattas.

### BOAT CHECK-OUT

- 1) Log boat out by making an entry in the log book. Note names of guests, if any.
- 2) Assure boat is equipped with one lifejacket per person (USCG regulations), bailing bucket, sponge and related equipment. You may wish to bring along hand tools to make minor boat adjustments.
- 3) Make a preliminary safety check of the boat including hulls, oars, oarlocks, sliding seats, painter and other gears.
- 4) Apply lubricant to oarlock pins and to oar button and leather (sleeve) surfaces that interface with oarlock. Clean and dry sliding seat tracks. Do not oil or grease seat tracks or rollers.
- 5) Insert cork into bail hole, starboard aft on most wooden hulls.
- 6) Check tide in the tide and current tables or on the blackboard. Observe general weather, wind, water surfaces and general boating conditions. Tides in the bay are extremely hazardous to small boats. For safety, each rower must learn to read and understand tide and current tables including high tide and time, low tide and time, tide ranges, currents, slack water, maximum current, velocities, flood direction, ebb direction and eddies in and around cove, wharfs, spits, and islands. If

you have not learned basic seamanship and are unable to interpret tide information, you are not qualified to log out a boat.

7) Roll out boat to the edge of the fixed portion of the pier. Use the blue wooden block to block the wheels from the rear. Operate the winch to lower the apron to a position slightly above the water line. With painter in hand, lift and push the boat of the dolly on to the apron and into the water. Keep boat upright and slide on the keel.

Launch boat slowly and carefully, do not drop boat. Careful launch and pullout of the boat at the dock is absolutely necessary for rower safety and to eliminate damage to these historic and valuable boats.

8) Board (and disembark) boat from the port or starboard side, not over the bow or transom.

9) Upon returning from rowing, carefully maneuver the boat to the edge of the apron. Ask assistance of other members if you require help to pull out the boat.

10) Hose down with fresh water the outside of wooden boats and their oars. DO NOT hose down the interior of wooden boats with fresh water. Sponge down the interior of wooden boats as well as oars.

11) Hose down with fresh water the outside of the fiberglass boats and the oars. You may use fresh water to clean the inside of fiberglass boats.

Sponge down the interior of the fiberglass boats as well as the oars.

12) Roll boat back into boathouse taking care not to scrape or touch boats or objects in the boathouse.

13) Assure that the boat is left in a neat and orderly manner resting in the boat skeg. Store gear in assigned space. Hang out wet lifejackets, caution vests, flags, and other gear to dry.

14) Log boat in by completing entry in log book. Report any damage to the boat captain. Make notation in the log book on damage, repairs, adjustments made, or unusual boat or rowing conditions.

15) Finally, come back and do it all over again. Rowing the Dolphin Club boats is a valuable experience and good exercise. Members are urged to read and learn about boats so that you will enjoy them more and share your knowledge and skills in their upkeep. Remember, rowing is a San Francisco tradition.

-Boat Captain

## PILOT POINTERS

The success of the Dolphin Club swim program is due largely to the efforts of the individuals who volunteer to pilot. In fact, without pilots, there would be no swim program. The U.S. Coast Guard recommends a pilot/swimmer ratio of 1 to 3. Many of our club swims come close to 1 to 2, which is an excellent ratio and indicates the dedication of our pilots to the swim program. Swim Commissioner Vince Huang would still like to see more Dolphins become involved in piloting for swims, as well as swimmers helping pilots pull their boats in and out. It's a good experience and continues to strengthen the swim program.

The following guidelines, suggested by the Swim Commission, should be reviewed by both potential pilots AND swimmers.

### BEFORE LEAVING DOCK

- 1) All boats and small crafts are reserved for the piloting of swims on the swim dates, as determined by the Swim Commission. No boats may be taken out for recreational use.
- 2) Anyone taking out a boat should be checked out by the Boat Captain. Boats must be logged out and all check-out rules observed.
- 3) Pilots should attend the pre-race instruction meeting given by the Swim Commissioners so that the course and conditions are known and understood.
- 4) The boat should be equipped with lifejackets. Blankets on board are highly desirable, especially for longer swims. A man overboard flag must be posted. This is an instantly recognizable sign that indicates there is a swimmer in the water. It is also advisable for pilots to wear orange for visibility purposes.
- 5) No passengers may be taken out in a boat during a swim. The space must be available in the event a swimmer must be pulled.

### PILOTING THE SWIM

- 6) Pilots are responsible for the safety of the swimmers, by monitoring the course for boat traffic and monitoring the condition of individual swimmers. Pilots are also

responsible for keeping the swimmers on the correct course.

7) Pilots should not stay with just one swimmer or follow behind the swimmers. To effectively monitor the course, pilots must move between many swimmers. This is important to the confidence of the swimmer as well as their safety.

8) Larger crafts should generally row on the periphery of the course. In cross-channel swims, there should be pilots on both sides of the course.

9) When a swimmer is off-course it is the pilot's responsibility to guide the swimmer back. Communicating with a swimmer must be done on their breathing side. Even close up, a swimmer may not be able to hear the instructions. The following common sense hand signals are suggested to maneuver a swimmer back on course: a) bring your hands to your chest to bring a swimmer closer to you; b) make a slicing movement with your forearm in the direction a swimmer should go; c) hand signal the o.k. sign when a swimmer has adjusted their course or just to let a swimmer know they are on course and doing fine; d) as a last resort, where a swimmer may be in jeopardy and you cannot get their attention, CAREFULLY use an oar lightly extended to the swimmer's shoulder.

### WHEN TO PULL A SWIMMER

10) Sometimes it is necessary to pull a swimmer from the race. The swimmer should be brought up on the stern of the boat. If it is not done properly, the boat can tip. You may want to signal a paddler for additional help (a whistle on hand is very useful).

11) A swimmer may call for assistance, recognizing they have a problem, such as a cramp or are too cold to continue.

12) In other cases, you as the pilot must determine whether or not to pull a swimmer. Be able to recognize cues such as glassy eyed stare, facial changes or changes in stroke (slowing down or a sudden change in style). Approach the swimmer and ask if they are okay. If there is no response or the swimmer is incoherent, they should be pulled. If on a paddleboard, it is helpful to extend a lifejacket to the swimmer, in a boat, extend an oar.

Often the swimmer will automatically grab hold when they need the assistance.

13) You may also have to pull a swimmer due to time limit or when a current is too strong for the swimmer to make the course.

### A FINAL NOTE FOR SWIMMERS

Swimmers should at all times follow the direction of the pilots. Pilots are in a better position to monitor the course and to note unexpected changes in conditions. Safety is the first consideration in the continuing success of the Dolphin Swim program.

## DISTANCES IN THE BAY

| From the Dolphin Club To: | Miles |
|---------------------------|-------|
| Angel Island              | 3.32  |
| Circle Angel Island       | 4.5   |
| Bay Bridge                | 2.9   |
| Golden Gate               | 3.22  |
| Fort Pt. to Lime Pt.      | 1.0   |
| Yacht Harbor              | 1.69  |
| Gas House Cove            | .96   |
| Alcatraz                  | 1.25  |
| Around Alcatraz and Back  | 3.27  |
| Sausalito                 | 4.89  |
| Treasure Island           | 3.03  |
| Hunters Pt.               | 7.5   |
| Pier 39                   | 1.25  |

Measures made by Phil Hunter, 6/27/80. A map is located downstairs next to the boat log-out book.

Be sure to record your mileage! The swim chart is on the upstairs bulletin board. The rowing chart is downstairs near the Boat Repair room.

Always a winner- Dan Murphy

The DOLPHIN LOG is published quarterly. Submission deadline for the Fall '84 issue is September 2. EDITOR, LAYOUT Linda S. Braski PHOTOGRAPHY Deborah Howard

| 45. | Rudy DeMay            | 50:57  | 8:30     | 42:27    |
| 46. | Frank Drum            | 52:15  | 1:00     | 51:15    |
| 47. | Bill Callahan         | 55:18  | 8:00     | 47:18    |
| 48. | Bill Powning          | 57:00  | 3:00     | 54:00    |

\*After the results were in it was determined that the winner missed one mark, the double ender (at Sea Scout) boat. However, after further discussion with finisher #2 and Swim Commissioners, it was agreed that even if 1 minute 45 seconds were added for deviation Phil Rollins still would have won. Thanks to Phil, for his honesty. Thank you for your participation.

Water Temp 56° +.

Strong incoming tide which lengthened time to complete swim. There were 9 different ties involving 25 different swimmers.

### DID NOT FINISH

Harry Cordellos/Mike Restani  
Bill O'Brien  
Ellen Blakely

### TIMERS, JUDGES, SUPPORT

Mimi Osborne  
Cathy Huang  
Hendrika Warmerdam  
Dan Murphy  
Jim Mayall

Conditions - strong flood (winning time 17 seconds off Mike G.'s 10 year old record), choppy water, temperature 56°. First three men and women finishers received ribbons from FAIR as well as admission tickets. All participants received participant ribbons.

Special thanks to Tom Callinan for letting us use his Boston Whaler to police the swim course.

Paul Silvestri and the great catch from Our Dock

# SWIM RESULTS 1984

| 45. Rudy DeMay           | 50:57  | 8:30     | 42:27    |
| 46. Frank Drum           | 52:15  | 1:00     | 51:15    |
| 47. Bill Callahan        | 55:18  | 8:00     | 47:18    |
| 48. Bill Powning         | 57:00  | 3:00     | 54:00    |

\*After the results were in it was determined that the winner missed one mark, the double ender (at Sea Scout) boat. However, after further discussion with finisher #2 and Swim Commissioners, it was agreed that even if 1 minute 45 seconds were added for deviation Phil Rollins still would have won. Thanks to Phil, for his honesty. Thank you for your participation.

Water Temp 56° +.

Strong incoming tide which lengthened time to complete swim.

There were 9 different ties involving 25 different swimmers.

## TIMERS, JUDGES, SUPPORT

Mimi Osborne  
Cathy Huang  
Hendrika Warmerdam  
Dan Murphy  
Jim Mayall

Conditions - strong flood (winning time 17 seconds off Mike G.'s 10 year old record), choppy water, temperature 56°. First three men and women finishers received ribbons from FAIR as well as admission tickets. All participants received participant ribbons.

Special thanks to Tom Callinan for letting us use his Boston Whaler to police the swim course.

Paul Silvestri and the great catch from Our Dock

TWILIGHT SWIM COURSE

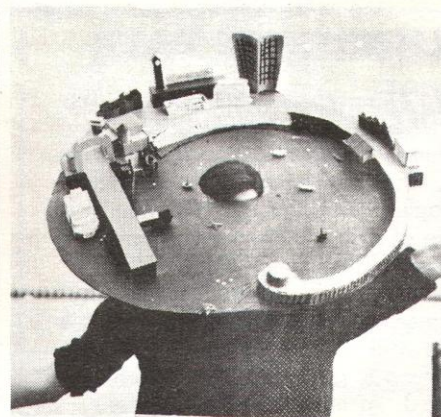

## OH THAT HAT PARTY

Karen Heisler, with her scale model replica of the cove, won the Great Dolphin Club Hat Contest at the Potluck Bar-B-Que a few weekends ago. By donating her winning hat to the club, she helped raise \$185.00 for the Boat Maintenance Fund. The hat is now on display in the Staib Room.

Organizers Herman Zahler, Bill Powning and Louise Bea were thrilled with the success of the evening.

Louise noted that the success was in part due to the kindness of Ned Hoffman, the Boat Captain, who graciously allowed the use of the Boat House for dancing as prescribed by the Dolphin Club by-laws. The next pot-luck bar-b-que is scheduled for Saturday, August 18. Members are invited to bring their own meat (or soy substitute) for bar-b-queing and one dish to share. As the theme is Multi-Cultural, members are asked to dust off their favorite family recipe and head for the kitchen. See you there!

Karen Heisler and the winning hat

## DOLPHIN CLUB 1984 SWIM SEASON SCHEDULE

| Date      |    | Time                | Event                                    |

|           | 22 | Thursday 10:00 a.m. | Thanksgiving Day                         |
|           |    |                     | Cove                                     |
| December  | 21 | Friday              | Start Polar Bear Swim<br>(30 miles)      |

NOTE: Times and Dates subject to change. The **YACHT HARBOR SWIM** date has been changed

### Rules

1. Absolutely no guests are allowed in Club scheduled swims.
2. Swimmers must wear fluorescent orange-colored cap in all out-of-cove swims.
3. Out-of-cove swims will be limited to pilot/swimmer ratio of 1.4 to a maximum of 60 swimmers.
4. Sign up sheets will be posted 2 weeks prior to each scheduled swim. If you do not frequent the Club on a regular basis, it is your responsibility to get your name on the sign up list.
5. Time limits will be set for each swim.
6. Swimmers must be members in good standing; swim fees (\$20) and Club dues must be paid prior to participation.
7. New members are not eligible to participate in any scheduled swims for 60 days from date of membership acceptance (board meeting).

### Qualifications to swim Alcatraz and/or Golden Gate

In addition to rules 1 thru 7:

**In-town** members must successfully complete two swims marked with an asterisk (\*) plus one additional swim listed in 1984 swim schedule.

**Out-of-town** members (100 miles) must successfully complete 2 out of the last 3 Dolphin Club scheduled Golden Gate and/or Alcatraz swims.

Once a member has qualified to swim DC Alcatraz and/or Golden Gate swims (successful completion of 3 qualifying swims), non-qualified members who have not done their 3 qualifying swims get priority.

No guests or riders in pilot boats.

\*\*Alcatraz swim limited to 75 swimmers picked through lottery.

## CLUBHOUSE TALK

Note a necessary change to the '84 Swim Schedule- the Yacht Harbor Swim is changed from July 7 to July 28, when tide conditions are better. Jump off is 9:00 a.m.... Also make a note of July 14, the date of the 12th Annual Invitational Rough Water Cove Swim. This one mile swim is sponsored by the Dolphin Club this year and volunteers are needed. A sign-up is posted on the bulletin board. At least 40 volunteers are needed. Starting time is 10:30. The race is open to the public for an entry fee of \$4.00. Help make this a successful event...The Swim Commission announces that three new rescue boards have arrived and already have been out on the water. The new boards seem much better than the old...Joining the Swim Commission is Jan Warmerdam as announced by club president, Herman Zahler... For those interested in the annual Tahoe Relay Swim, the date is July 21. Many Dolphin teams have entered, including the infamous Water Pigs. Cost is \$60 per team, call the Olympic Club for details (775-4400)... In a choppy 56°, Dave Kenyon swam from Aquatic Park to Angel Island, around the island and back to the

club, on Saturday, June 23 in 4 hours, 23 minutes and 8 seconds. But, that's not all, Dave started the race but had to swim back to the beach because of boat motor trouble. He then started a second time (one hour late on tides) and met 5-6 ft swells and conditions so rough around the island, that the paddler couldn't stay in. A tremendous effort... Women's Underwater Hockey update- 3rd place in the World Championships, May 1-4, behind Australia and New Zealand. Congratulations to team members from the Dolphin Club- Karen Jacobs (captain), Jennifer Linton and Nanette Maynard... Congratulations also to the Dolphin triathletes that tamed the "Brute Force Course" of the USTS Triathlon in Livermore on June 10- Peter Brand, Peter Crosby, Skip Ohlsen, Phil Rollins, Tom Schmidt and Paula Speidel... and to the over thirty Dolphins that ran the Bay to Breakers. In front of the pack was Herman Zahler and Stan Hlynsky- in the lead camera truck... In other spectacular feats, Dolphin member Phil Collins and his wife Paula welcomed a new son, Clifford on April 3rd... and Carol Knight and Dennis Watson, who met at last year's Alcatraz swim, married May 25... Cove photos are still available.

The beautiful photo is 16x24 in full color. Interested persons please call Clare Luce (928-7675)... The Escape From Alcatraz is set for August 4 this year. Applications will be available soon and should be returned to Pete Bianucci or John Calhoun, the deadline is July 25. Volunteers are needed! There will be a t-shirt and dinner for participants and volunteers, with a small fee for guests. A swim qualifier will be held July 28 for those not qualified by the Race Commission. The next meeting is June 6 at 6 pm in the Staib Room... Watch for details to come on the Second Annual Potluck Triathlon and a new event, the Pre-Dawn Swim... Club members are also reminded to watch for sign-ups for boat maintenance days, posted regularly by the Boat Captain. There's always work to be done... Speaking of work, thanks to Herman for fixing the Womens Sauna Room bench, which collapsed after a recent swim... Last minute news- Vince Huang swam Bridge to Bridge early Saturday morning, June 30, in 1 hr, 23 min and 7 seconds...3 new pylon bouys have just arrived at the club and will make their debut at the next swim...

# DOLPHIN LOG

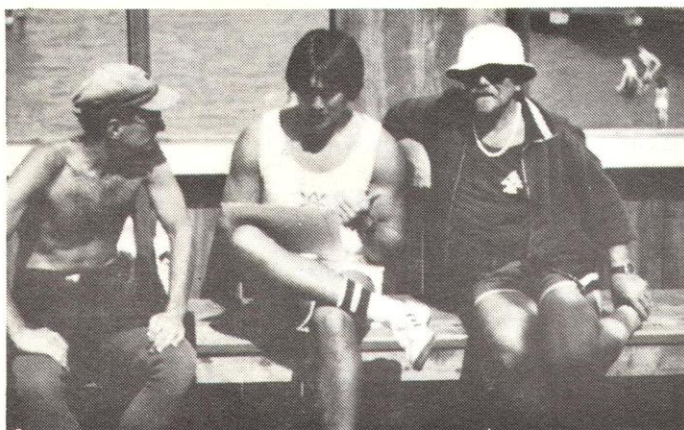

OFFICIAL BULLETIN OF THE DOLPHIN SWIMMING AND BOATING CLUB SINCE 1948

Organized 1877

San Francisco, California

Winter 1985

Swim Commissioners Tom Hofmann, Vince Huang and Jan Warmerdam. Carlos and Louise Bea and Jan Warmerdam.

## NEW IN '85

### The 300 Mile Swim

The 300 mile swim, underway since November 4, 1985, is a challenging addition to the booming Dolphin Club Swim Program.

The 300 mile swim is a year-long accumulation of your swim mileage that will include the 100 mile swim and the Polar Bear swim.

"It's an added incentive for those who finish the 100 mile and Polar Bear swims with weeks or months left before the cut-off date," reports Swim Commissioner Vince Huang.

Feverish competitors include Vince, Elmer Tosta, Bill Horgos, Pete Neubauer, Pavla Podolska and George Kebbe, but as the temperature dips (47° at this writing) so does the pace. Keep track of your mileage and the leaders on the charts posted on the bulletin board outside the Staib room. *Note:* Spring and Summer swimmers, the average mileage per month is 25 to reach 300 by the end

of the year. Don't wait too long to get back in the water!

### Rule Changes

There have been a few new rules added to the Swim Program by the Commissioners. Beginning this month, new members will not be eligible to participate in any scheduled swim for 6 months from the date of membership acceptance (Board meeting). However, new members are encouraged to participate by helping out as a timer, recorder, judge or pilot (see Ned Hoffman for pilot requirements).

Because the dues for members who pay per month are \$20.00, the Swim Commission increased swim fees by one dollar to end the confusion over which check belongs in which account. The \$21.00 swim fee must be paid prior to participation in any Club swims.

Also, be reminded that there are established time limits for each swim for **YOUR** safety. The Swim Commission reserves the right to call the

time limit at their discretion. Tide changes, boat traffic and exceptionally cold conditions are all factors that the Commission considers. Please don't argue with the pilots who are out there to protect you. If a swim is called, cooperate. As Tom Hoffman points out, there is no credit given to swimmers who do not complete the swims in a reasonable time frame.

### From The Financial Secretary

A few reminders from the new financial secretary, Dave Hinton:

- 1) Dues are payable in advance.
- 2) There is a \$25.00 discount for a full year's payment in advance (\$215.00 instead of \$240.00!).
- 3) Payments are quarterly — \$60.00. Late or non-payment may result in termination.
- 4) Pay by check or money order. This is your receipt.
- 5) Do not pay in cash.

## BOATHOUSE UPDATE

### As Reported by Ned Hoffman

Many Dolphins have admired the Viking since its return, June 30, 1984. Boat builder Jeremy Fisher-Smith from Aeolos Boatworks in Daveport made the delivery as all present toasted her return.

The restored Viking features new keel, transom, strokes and frames. About 50% of the original wood was replace. New woods introduced to the vessel include Honduras Mahogany, Cedar and Applewood.

Ned Hoffman extends special thanks to the many Dolphin members who made contributions to the restoration fund. Kudos also go to Zack Stewart who followed through on this project with considerable patience.

The return of the Viking signals the resumption of the Dolphin Club racing tradition in Bay Area regattas. Members wishing to train on the Viking for regattas are particularly encouraged.

Because of the rigging and relatively delicate construction of the Viking, special training has been developed under Neil Snyderman and five other trainers (check the rowing log for details or contact Ned Hoffman).

## ROWING RESULTS

### As Reported by Neil Snyderman

On November 4, 1984, Dolphins Ray Mey and Neil Snyderman rowed the Viking in the Coyote Point Regatta, finishing in first place with a time of 1 hour, 10 minutes and 15 seconds for the 7 nautical mile course. Although their main competitors, the South End team was not there, Ray and Neil averaged an excellent 10 min./naut. mile, completing the course just over a minute and a half off the course record.

After the race, the Viking was the main attraction, drawing many compliments from the knowledgeable rowing crowd.

The event ended with a brunch at the Coyote Pt. Yacht Club, with its view of the city and dramatically clear panorama of the Bay.

## NEW YEAR'S DIP AND DANCE

### As Reported by Louise Bea

The first unofficial swim of 1985 was completed by Bill Horgos and George Tracy. The valient duo jumped into the icy Bay water at 12:07 a.m. as scores of revelers cheered from the beach.

After the Swim, the two were hailed by the assembled merry-makers with a champagne toast and a chorus of "For He's A Jolly Good Fellow."

The dancing continued under the magic of the mirrored ball as it threw sequins of light over the confetti, serpentine tiaras, noisemakers, crepe paper streamers and celebrants.

Plans are already underway for the 2nd Annual New Year's Eve Dip And Dance (the dip being optional). Mark your calendar!

## OLD TIMERS

Have you signed up yet? Louise Bea reminds Dolphins that you must purchase your ticket to the Old Timers night by February 4, 1985. The annual event is scheduled for February 9, 1985. Tickets are \$15.00 each for the traditional crab feed.

The bar opens at 6:00 p.m. and dinner begins at 8:00 p.m. Good food, good company, a little music, surely a night not to be missed. See Dan Murphy, Louise Bea or Herman Zahler for tickets.

The DOLPHIN LOG is published quarterly. Submission deadline for the Spring issue is April 2, 1985.

NOTE: Times and Dates are subject to change. **No riders/guests allowed in pilot boats.** Check next LOG issue for update

## RULES

1. Absolutely no guests are allowed to participate in Club scheduled swims.
2. Swimmers **must wear fluorescent orange-colored cap** in all out-of-cove swims.
3. Out-of-cove swims are limited to a maximum of 60 swimmers and will have a pilot to swimmer ratio of 4:1 (Alcatraz limited to 75 swimmers through lottery).
4. Swim sign-up sheets will be posted 2 weeks prior to each scheduled swim. If you do not frequent the club on a regular basis, it is your responsibility to get your name on the sign-up list.
5. Swim completion time limits will be set for each swim.
6. Participating swimmers must be members in good standing; swim fees (\$21) and current dues must be paid **prior to participation**.
7. New members are **not** eligible to participate in any scheduled swim for 6 months from date of membership acceptance (Board meeting).

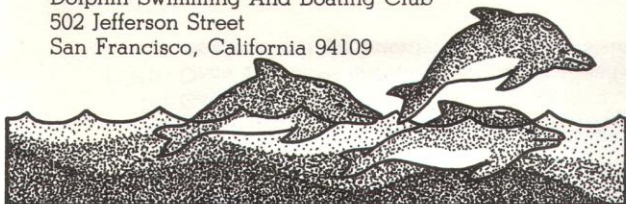

## \*\*QUALIFICATIONS TO SWIM ALCATRAZ AND/OR GOLDEN GATE

In addition to rules 1-7 above:

8. **In-town members** must successfully complete two swims marked with an asterisk (\*) plus one additional swim listed on the 1985 swim schedule.
9. **Out-of-town members** (100 miles from SF) must have successfully completed 2 of last 3 Club scheduled Golden Gate and/or Alcatraz swims.
10. Once a member has qualified for Alcatraz/Golden Gate swims (completion of 3 qualifying swim), non-qualified members will get priority for qualifying swims.
